NOTICE

As you know, we run many reader ads for government auctions, job positions, earn money at home, cash loans, credit cards, etc. Most of these ads come through state and national ad networks. Most of them are selling directories or listings of where to APPLY FOR what is advertised. This information may be available at less cost elsewhere. While these ads are screened where possible, we have no way of verifying the authenticity of their claims or the value of their product. The buying decision must be yours. If you have problems with any of these advertisers, please let us know and we will attempt to get you a refund. Most of the companies we have checked will refund their fees to unsatisfied customers. Read the ads carefully. Some charge a fee, as noted in the ad, directly to your phone bill when you call them. Once again, we can't verify claims for every ad. Please consider their offer and make a voluntary and reasonable buying decision.

STRANGE BUT TRUE

by Samantha Weaver

• It was Hungarian psychiatrist Thomas Stephen Szasz who made the following sage observation: "If you talk to God, you are praying. If God talks to you, you have schizophrenia."
• The world's most popular fruit is the banana. In the United States,

people consume more bananas than apples and oranges put together.

• Thomas Jefferson was an inventor as well as a statesman, but he refused to take out patents on any of his ideas. He believed that inventions should benefit all of humanity, not just himself.

• According to those who study such things, the average American

believes the ideal age -- that is, the best year of his or her life -- is 32. And when 30-somethings are asked when old age begins, the majority of men say it's in the late 60s, while more women believe old age begins in the 70s.

• That iconic symbol of the Old West, the Pony Express, was based on the mail system used throughout

the Mongol Empire in the 13th century. However, the Mongol riders often covered 125 miles in a single day, which was faster than the best record held by a Pony Express rider.

• In Nazi Germany, it was illegal to name a horse "Adolph."

School is back in session. **Drivers, beware!**

Another school year has begun and the streets are once again full of kids biking, riding and walking to and from school. This is no time for drivers to be careless. Just one lapse in concentration--whether reaching for a cup of coffee or adjusting the volume knob on the stereo--is all it takes for a driver to miss seeing a child dart into the street or a bus driver raise the stop sign. Don't let it happen to you. Always drive with caution in areas with school children and follow these tips:

Watch out for children walking and biking to and from school.

Give pedestrians the right of way

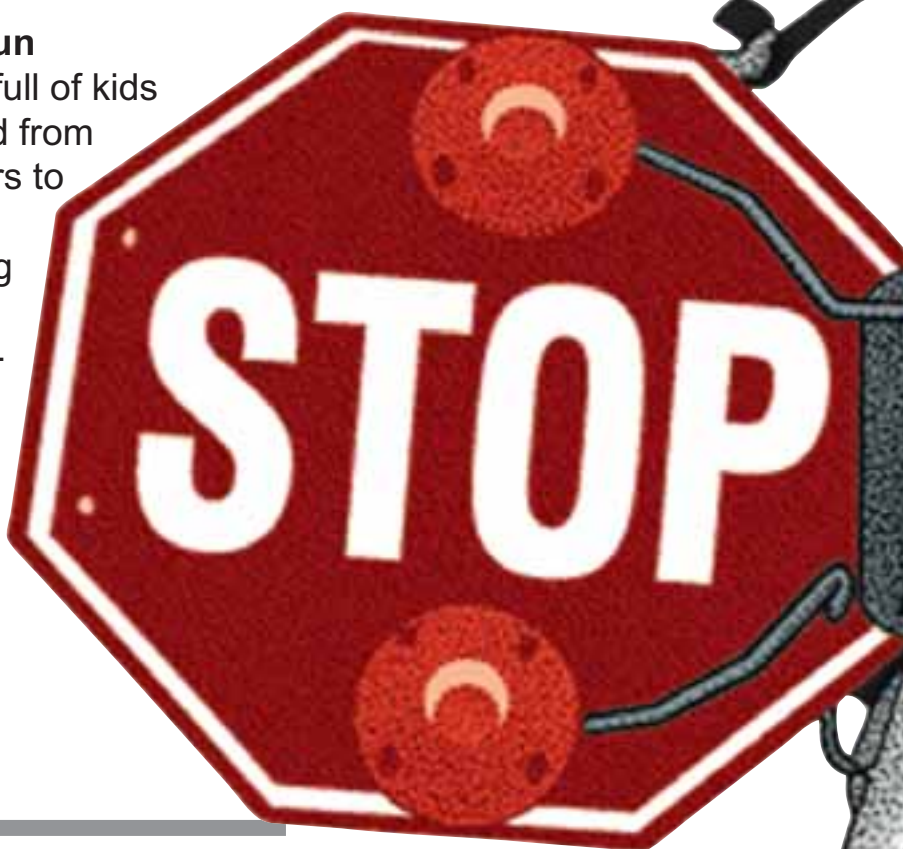

Observe the speed limit, especially in school zone.

Learn and obey the traffic rules of school zones.

Understand and heed all school bus lights.

Eliminate all distractions when driving in school zones.

Know and follow the drop-off and pick-up procedures at school.

THE TIRE MAN

BOB VICINI

I have tires for any car, truck, SUV,
motorcycle, wheel loader, garden tractor, 4
wheeler, skidder, log truck or motorcycle.
If it's sitting on rubber, I have a tire for it,
and my prices can't be beat! Stop by or
give me a call at 814-274-8820.

BOB'S TIP OF THE WEEK...

Got a low tire? Make sure
when you air it up, you
check how many pounds
you put in. Too little or
too much can cause
premature wearing!

DOLLAR STRETCHER TIPS

FRUGAL "DATE NIGHTS"

My husband and I love a great bargain. For our "date nights," we start a lot earlier. We found that if we have a very late lunch at our favorite restaurant and catch the twilight movie, we save about half of what we would normally pay. Plus, since we eat before the movie, we aren't tempted to spend money on soda and popcorn, which are loaded with calories that we don't need anyway. -Cathy T

GROUND MEAT STRETCHER

A way to stretch good ground meat is to add bread crumbs to the meat and hand mix in a bowl. Then form burger patties as usual and freeze. You can use leftover stale bread and dry in an oven. Grate it in a blender or by hand. I take this even further and add my own homegrown dehydrated onion and garlic into the mixture for flavor. The possibilities for additions are endless. -S.

NEED TO FIND A GOOD MECHANIC?

A great way to find a good mechanic is to ask a few local used car dealers who they take their cars to for work. I found a mechanic this way, and he charges about half the rate of the dealerships! -Robin in Santa Fe

WHY I "BULK COOK"

I cook in bulk twice weekly, once on Saturday and once on Wednesday, when the week's shopping happens (currently, this is the only day all of us are home at the same time). Bulk cooking has a lot of benefits. It saves power, water, time, and food. It lets me teach my kids cooking skills, organization skills, how to multiply recipes, how to shop for a menu, how to stay within a budget, and how to make cleanup easy. And it gives us one night a week where we are together, working on a mutual project whose outcome we all care about. It's not just a money-saving strategy, but it's also real quality family time. -WC
