What is Tantra?

BOOK BY TANTRA SIDDHA MAHAYOGI PARAMAHAMSA GURU DR.RUPNATHJI (DR.RUPAK NATH)

Power of Tantra

Om's View on Tantra, Misconception about tantra, How tantra works, Who is real tantrik?, Tantrik places of India, Important occasions as per tantra, Types of tantra. Power of Tantra or tantrik pooja.

Tantra is a subject in which it is given that how everything is used to get success. This subject shows the power within every thing. Tantra clears the concept of energy. The researchers of tantra comes to know that every thing which are present in this universe has some specific powers and by a very scientific process, a systematic process it is possible to activate the special powers

DNATHJI (DR.RUPAK NATH)

www.tantrik-astrologer.in

present in any thing. And that power is used for the spiritual and physical development. So tantra is a miraculous science and is being used for the decades for success by the scholars.

Do you Know that 'Atharva veda' has given very much details about the Tantra.

Misconception about tantra:

People generally takes tantra as a negative ways of getting success but this is not the fact. People actually knows tantrik as a ghost hunter or soul controller who get the work done from them but the fact is that this is only one part of that tantra. Tantra is a very big subject in fact it is a sea in which if one can jump and dive then many miraculous things can be found. It is a science to know every thing in deep. It is a science to know the powers present in everything. It is a science which makes men perfect. So it is not good to make any view just by hearing any one's word. Try to find the realities of every subject and then you will find some thing better in life.

Why through tantra it is possible to get work done in short period of time?

I know this question is very important and every one wants to know. So let me clear you the mystery Tantra is a perfect way of doing any pooja. Tantra includes the mantra, yantra, specific things, specific times, specific rules etc. So when any pooja is done with complete things and process then no doubt success will come.

Who is a Real Tantrik?

Don't be confused just by seeing any one in black dress,black dot, having skull in hand that he is a real tantrik. A real tantrik means who knows how to chant mantra, how to prnounce mantra, what things can be used to worship specific god. So it is not always necessary that a person who is wearing the black dress is a real tantrik. In our country many are looted only because of this. It may be possible that a person who is wearing trouser and shirt is a good tantrik, It may be possible that a person who is doing abnormal behavior is a good tantrik.

www.tantrik-astrologer.in

Because knowledge and dressup are different things. Don't be befooled just by seeing the dress of any one.

Want To Know About Famous Tantrik Places In India:

Of course you want to know about where tantra are done in abundant. I am providing you the details of those places where in this digital age also the tantra is alive. Those places are-

1. Ujjain- The city of Mahakal(the god of kaal, the time). Ujjain is being famous for the tantrik activities for the decades. The cremation place of Ujjaini is active as per the epics. The land of Ujjaini is good for the tantrik activities. This great city is said to be the city of temples.

2. Banaras or Varanasi: It is also very famous for different types of tantra activities.

3. Guwahati: The kamakhya temple here is famous for the tantra activities. Kamakhya is a famous shaktipeeth where very powerful poojas are possible.

4. There are many places in Kerala where too the tantrik poojas are done.

5. In Assam and Bengal black magic rituals are done too much.

6. In Chhatisgarh also the use of black magic is done in abundant.

Important Occasions For The Tantrik Activities:

There are some occasions as per Indian Culture when if any one do the tantrik poojas then definitely the success will come. Here i am giving some details regarding those important festivals or days which are used for tantrik poojas.

1. Deepawali or Diwali.
2. Holy
3. 4 Navratris
4. Guru Pushya yoga
5. Ravi Pushya Yoga

www.tantrik-astrologer.in

6. Somwati amawas(When no moon night falls on Monday)
7. Shani amawas(When no moon night falls on saturday)
8. Dusshera
9. Grahan Time or Eclipse time etc.

These are some days which are used to do successful tatnrik poojas. Tantrik on these days use their full efforts to get success. These are the good time to get spiritual or paranormal powers.

Types of Tantrik:

As per my analysis tatnrik are clssified into 2 group-
1. Postive tantriks who uses the powers for the wellbeing of society.
2. Negative tantriks who uses the paranormal power to fulfill only physical needs. These types of tantrik uses the black magic.

Benefits of Tantrik Poojas or antrik anusthaan:

Tantrik poojas or tantrik rituals are very important from the point of view of getting success soon. Here are some benefits of using tantra-
1. If any one is having business problem and no other ways are working then tantrik pooja will help you.
2. If any one is suffering from chronic diseases due to any negative energies then tantrik anusthaan will definitely help.
3. If any one is having the impact of negative energies like as ghost, witchcraft etc. then also tantrik pooja will help a lot.
4. If there is a fear of un-timed death then also this pooja will help a lot.
5. If any one is facing problems in professional and personal life due to negative planets then also tantrik pooja will give good relief.
6. Love life problems can be solved easily with tantra.

So there are many benefits of usig tantra in a positive ways but be sure not use this occult science power for destruction and with any wrong intention otherwise this lore will destroy you.

www.tantrik-astrologer.in

Very Important Thing To Know About Tantra:

Don't try to do the tantra practice just by reading any book, don't try to imitate any tatnrik, don't try to spread any rumor on this miraculous science otherwise you have to pay in long run and it can't be changed. Take guidance always with competent person who himself has practiced this science.

I hope this article has cleared many things about tantra and i have tried to share my own view on this subject.

If you have any problems regarding marriage life, professional life, career, business, love etc then do contact to get the best solutions through occult sciences.

Kalajadu Effects And Remedies

BOOK BY TANTRA SIDDHA MAHAYOGI PARAMAHAMSA GURU DR.RUPNATHJI (DR.RUPAK NATH)

Kalajadu Effects and Remedies

www.tantrik-astrologer.in

Kalajadu effects and remedies, How kalajadu is done, Things used in kalajadu, Some symptoms of kalajadu on victim, How to find that a person is suffering from kalajadu, best Protection ways.

Because of increasing negative competition kalajadu is also getting increased. This is the easiest and dangerous way to harm any one. Kalajadu is the negative use of occult science. The user of kalajadu don't know one thing that it destroy the user too. There are many family in my contact who used the black magic in earlier time but now they are suffering a lot. Sudden death of family member, chronic diseases are present in their family. Kalajadu is done only by the greedy persons who wants to get things by hook or crook soon.

What is kalajadu?

A very important question and it is very necessary to know the answer of this question that what is kala jadu and how it is done. As i said earlier that kalajadu is the misuse of science. In this by using the mantra power tantrik controls the spirit and get their things done. In this some special things are also used after activating it's power. In kalajadu evils powers are used to get the things done. It is used by the destructive minded persons. A little knowledge is sometime very dangerous and this seems in this world who are using kalajadu just for earning name, fame and money. They don't know that this will ruin their future and then no one can save them.

How kalajadu is done?

Kalajadu is a very dangerous to practice but it is necessary to know that how it is done. For knowledge i am providing here some information. Kalajadu is done by using some special types of mantra and things and on special time to harm other. In this generally amavasya is used, grahan time is used, dark nights are used. It is done from cremation ground, graveyard, kabristan etc. In this help of evil spirit is taken by tantriks. In this tantrik give offer things to the evil spirits and compel them to do the specific works for them.

Kalajadu is done with some special types of totkay too. In this some negative things are put in rivals places and the game of destruction started. So it is a very

www.tantrik-astrologer.in

destructive way which not only harm other but also ruin the user too. But due to lack of knowledge people use this lore.
It's my humble request to not use kalajadu in any case and also keep yourself away from this types of persons who try to use kalajadu.

Things used In Black Magic:

Impure things as per common persons are used in this like as excreta, toilet water, nails, cloths, different parts of animals, blood, soil, puppets, Lemon, Pins, skull, bones, hairs etc.

Let's find some impacts which will clear you that the person is affected from Kalajadu:

1. Person fears to enter in temple or sacred place.
2. Person become angry very soon.
3. On special time abnormal behavior is seen.
4. Body become lean very much.
5. The color of eyes become change.
6. Some times victim feels pain in whole body.
7. Some times person talks with himself.

Now I am telling you some best protection ways which if you follow you will be able to protect your self and your family members from kalajadu:

1. Always sprinkle holy water after coming from cremation ground.

But very few of us has achieved all the desired things in life. It is not because of destiny but due to unaware of the right way to achieve all those thigs.
Nothing is impossible in this life but the only need is passion and the best try to get what we want.

"If every thing is destined then God didn't teach the devotees to pray". - BY TANTRA SIDDHA MAHAYOGI PARAMAHAMSA GURU DR.RUPNATHJI (DR.RUPAK NATH)

It means that it is not good to sit just by trusting on destiny. If we want something then we have to put our full effort to get that thing. Human has the power to create his own destiny or fate. Human can do any thing if take vow.
There are many spiritual lore through which human can get divine power to perform any task.

One of the great Saint says that "Wake up and keep striving to achieve our objectives". Every great men who has seen the truth suggest us to work continuously to get success. Human life is a boon and every seconds of this life is very important. If we use our auspicious time intelligently then no doubt we can be in the list of super successful persons.

I have used the word 'Super Successful person' Intentionally because as to show the importance of successful in this life. It is our right to achieve the Dharma, Artha, kama, Moksha in this life and every tools are present in this world to get all those things.

www.tantrik-astrologer.in

I must say that ***the reason of failure in life is*** not destiny but the ignorance, unawareness, idleness, carelessness etc. Because god has given the same power, time to every one. God is giving grace to everyone just like as sun is giving energy equally to every one without any discrimination.

So If you want SUCCESS in life, if you want to be an important figure in society, if you want to be an powerful personality in this life, if you want to be the richest person in this world, if you want to be the 'super successful person' then don't worry. There is a way to achieve the success easily. There is a way to make our self strong, there is a way to make our self smart, there is a way to make our self beautiful, there is a way to generate hypnotic power.

Here i am revealing the the mystery of success. This article is for those who are committed to get success any how but only through positive means, This way is for those who want to attain the real success in life, This article is for those who want to develop their own power to beat the world, This way is for those who believe in action, this divine science is for those who want to achieve success through smart way. This article is for those who want to see the miracle of self hypnosis or self vashikaran or self sammohan.

Isn't it a very exciting world for you **'self hypnosis or self vashikaran or self sammohan'**.

YES !

We can develop your own power without any external pooja with the help of self hypnosis technique.
We can develop your own rocking personality with self vashikaran process.
We can achieve your goal in desired time with the help of self sammohan way.
We can fulfill your wishes as per committed time.
We can have the name, fame, money, power as per the wish.
We will be able to enjoy the whole life.

www.tantrik-astrologer.in

We will be able to enjoy the every part of life.

It is not hyperbolic if i say that this is not a dream. People are using this powerful way of self hypnosis to live life smoothly and easily. The great sages of great India has already proved this technique. So don' take it lightly and don't try to underestimate this subject if you want success really.

Again i just want to say that if you are thinking that it is very difficult to do the process of self hypnosis then you are wrong. It is not difficult and there is no need to give much time to practice this.

The Concept of Self Hypnosis:

A very important question many times asked from me that - will it really happens, is it possible to get power from our self, is it possible to get every thing just by following the self hypnosis method.

And i always said to every seeker that Yes it is possible to activate your own power with the help of self hypnosis way. Any one can get desired job with the help of self vashikaran process.

I have taught this self hypnosis way to many of my friends and followers who are in these days successfully working in their own area. some are businessmen, some are in jobs but now they have understood the power of own, They have understood the power of self hypnosis.

There is a power within every one and if proper practice is done then any one can use that power to perform any task. It is also said that "Where there is a will there is a way".

You have often found that when you want to do something passionately you find the way to do that work. Even a child when want a toy and his parents told him that if you get this percentage you will get this toy. And after that the child work hard to get that percentage so that to get that toy. This all happens because of self hypnosis but we avoid these e.g. from our life.

What is Self Hypnosis?

www.tantrik-astrologer.in

Self hypnosis is actually a process to control our own self. It is a process to control our own mind, our own senses in a perfect way.
A very easy technique is used to do this process and that is self suggestions and some special excercises.

"SELF HYPNOSIS OR SELF VASHIKARAN OR SELF SAMMOHAN" is a great way to make our self strong in every aspect. It is a great science to power our self. Through self hypnosis you can become powerful from within. No external forces are needed to heal you.

Subconscious Mind:

This is a power generator place. It is a very powerful place and if any thing will reach to this subconscious mind then mind can find the way to achieve that.
So through self hypnosis we just deal with our subconscious mind. Very hard practice is needed to reach to the subconscious mind. But if once you are able to deal with this subtle mind then no doubt you can do any thing in this life.

Curses In Horoscope and Solutions

Curse in horoscope, Curses In Horoscope, Impacts In Life and Powerful Remedies, kundli or birth chart and their remedies, how curse is responsible for debt problem, impacts of curse in life, What planetary combination generate curse in horoscope?

DR.RUPNATHJI
www.tantrik-astrologer.in

What is curse in horoscope?

In astrology curse means the formation of planets in horoscope in such a way that the person suffers in life from various problems. Curse can be easily predicted through astrology. The curse is due to our past life deeds. It's a fact that nothing happens without any reason. it is not a matter of fear because if you are the lucky one who is going to know about your problems then you will be able to solve it easily. So It is not a matter to go away but it is a matter to analyze deeply and to find what is the exact reasons of problems in life and after that move in right direction to make our life smooth, better and workable.

The over all success in life means to get Dharm, Arth, Kama and Moksha. But it is not as easy as it sounds because only lucky persons are able to get these 4 things in life. Human birth is very important and it is our duty to live this life 200%. As per the 'Kashmir Shavism' the whole world is the garden of Lord shiva(the supreme power) and we are here to enjoy the creations of shiva. But we looses the time in jealousy, in talking useless, in gossiping etc.

But there is a truth that a person behavior is very much due to the impacts of planets, it doesn't means that it is not possible to change the life. Every thing is possible in this life but the main thing is that will power and passion is necessary.

Two types of sufferings we faces in this life - 1 is due to the destiny and 2nd is due to the present work or deeds. For e.g. if we are walking on the road securely but if any vehicle collide then it is due to the destiny and if suppose there is a fire and we insert our hand knowingly and it burns because of present work.

Curse in Kundli or Horoscope:

As i told you earlier that curse is due to our past life deeds. Due to that the planets sits in specific house of birth chart and generate the malefic impacts in our life. Curses deprived us from something in life. We suffers from a particular thing because of curse in horoscope. It may affect the monetary powers,

What are are astrology reasons of Stress, Negativity and Fear?

in physical level many circumstances become of the reasons of stress, negativity and fear but when we enter deeply we find that there are planets which are actually creating the atmosphere. The happenings is because of destiny. Through astrology we can easily find the reasons of unwanted happenings. Let's see the yogas or planetary positions which creates such type of problems:

1. The Ist house in the horoscope represent the mind of person and if it is affected badly by any planets then the person will suffer from the stress, negative thinking and fear.

For example- if malefic rahu is present in lagna then at the time of mahadasha of rahu the person will face the problem of negative thinking, fear, stress and for this physically reasons will be present automatically.

Suppose if angarak yoga is forming in lagna then at the time of mahadasha of mars it may be possible that the person will face accident and due to this he or she will come in stress and frustration.

2. Grahan yoga is another type of formation in horoscope which is responsible for the stress in person. Rahu when sits with any planets form grahan yoga. suppose if grahan yoga is forming in income place then the person will suffer from the fear of loosing job always and also this yoga create struggle in doing the job smoothly.

3. If any good planet is present in lagna or Ist house but it is weak then also the person will face the problem of not getting the proper result and due to this stress arises in mind. In that case by using proper gems stone it is possible to generate good power.

4. It is seen generally that when mahadasha of any malefic planet starts then person definitely passes through the mental torture, physical torture etc and due to this stress, fear and negativity is the common symptoms found in personality.

www.tantrik-astrologer.in

5. If the partnership place is badly affected by planets then the person faces problems from his or her partner side.

6. If the happiness place is not generating power then also the person will face problems in life.

7. Some times one very dangerous things happens black magic done by competitors or negative minded persons and due to this stress, negativity and fear arises in life and by making common efforts it is not possible to over come from this.

So in reality there is not any particular planet which is creating stress, negativity and fear. Actually every planet can create such feelings if it is negative in birth chart, if it is weak , if it is making any relation with any enemy planet or zodiac.

Impacts of Stress, Negativity and Fear In Life:

1. Person become restless.
2. He or she may be puzzled due to problems.
3. At this complicated period person is unable to find the right way.
4. Wrong decisions are taken which makes the life more complicated.
5. It is the sign of downfall.
6. Person is unable to perform the regular activities normally.
7. Health problems arises due to frustration.
8. Financial problems arises due to negative decisions.
9. Personal life also gets disturbed due to this.

So there are very major impacts of stress, fear and negativity. So it is very necessary to over come from these problematic feelings if we really want to live a successful life.

In Bhagwad Geeta Shree Krishna Says " Vinash kaale viprit Budhhi" means when the time comes wrong then person start thinking in negative direction. So be calm always and pray to god to keep you calm, peaceful and active too.

It is said in our epic that if you are using any mysterious lore for worldly fulfilling then it is not ok. But if any one is using this to remove the obstacles of spiritual path then there is no wrong.

In this article i am going to clear about the vashikaran yantra, It's power, it's effects etc.

Vashikaran yantra:

Vashikaran yantra is a special designed yantra in bhoj patra, copper, silver or gold which is mainly used to perform the vashikaran processes. For different types of vashikaran saadhna or processes, different types of vashikaran yantra is used.

There are many types of vashikaran yantra like as-

1. Numerical vashikaran yantra.

2. Special designed vashikaran yantra.

3. A special photo vashikaran yantra i.e. vashikaran yantra having a special type of figure.

As per the financial power of practitioner he or she can use the vashikaran yantra of different elements like as-

1. Bhoj patra vashikaran yantra - It is used for the decades and is said to be the sacred yantra.

2. Gold Vashikaran Yantra - This is very powerful as gold is treated as purest metal. If gold yantra is charged then its effects is long lasting.

3. Silver Vashikaran yantra - This is again a very pure and powerful yantra. Vashikaran yantra are also made on silver as per the need.

DR.RUPNATHJI (DR.RUPAK NATH)

4. Copper Vashikaran yantra- This is used for short period of time and it is necessary to charge it time to time.

How to Active any Vashikaran Yantra:

There is a specific process to charge any vashikaran yantra. For knowledge i am providing here some details-

1. First the vashikaran yantra is made in auspicious time with some auspicious person and in auspicious metal or bhojpatra.

2. Then on a auspicious date and time the saadhna is started to charge the yantra.

3. In this saadhna the first process is to pure the yantra from negative energy.

4. After purification special mantra is chanted before the yantra with offering some particular things in holy fire as per the demand of spell and power.

5. Pranprathista is also done with this in which the yantra is activated through special spells.

6. Brahmin bhoj and daan is also done in a specific way. All this is necessary to activate any vashikaran yantra.

Use of Vashikaran yantra:

There are many uses of vashikaran Yantra like as-

1. Vashikaran yantra is used to attract money.

2. Vashikaran yantra is used to attract good luck.

3. Vashikaran yantra is used to attract opposite sex.

4. Vashikaran yantra is used to make positive impacts on other minds.

5. Vashikaran yantra is used to dominate enemy mind also.

6. It is used to attract customers and clients.

7. Vashikaran yantra is used to increase the hypnotic power of any specific place.

8. It is used to increase the personality hypnotic power.

9. It is used to attract prosperity.

DR.RUPNATHJI (DR.RUPAK NATH)

www.tantrik-astrologer.in

So there are many good uses of this yantra but it is very necessary to use it in a good way and properly. Any mishandling will lead to loss.

हर व्यक्ति जीवन में सफलता चाहता है, हम सभी एक व्यवस्थित जीवन अपने साथियों, घर वालो के साथ जीना चाहते हैं। नाम, शोहरत, रुपैया, पैसा साधारनतया सभी की चाहत होती है। परन्तु बहुत ही कम लोग है दुनिया में जो ये सब हासिल कर लेते है।

ये इसीलिए नहीं की उनके भाग्य में नहीं था परन्तु इसीलिए की उन्हें इसे प्राप्त करने का सही तरीका नहीं पता था।

इस दुनिया में कुछ भी असंभव नही है, बस जरूरत है की हम सही प्रयास करे और हमारे अन्दर उस चीज को पाने का जुनून आ जाए।

किसी ने क्या खूब कहा है की "अगर सब कुछ भाग्य में लिखा होता तो खुदा अपने बन्दों को दुआ माँगना क्यूँ सिखाता "

अतः सिर्फ भाग्य पर भरोसा करके बैठ जाना समझदारी नही है। अगर हमे कुछ पाना है तो हमे अपनी पूरी क्षमता से मेहनत करना होगा। सिर्फ मानव के पास ऐसी ताकत है की वह अपना भाग्य खुद बना सकता है। अगर मानव निश्चय करले तो वो कुछ भी कर सकता है।

ऐसी कई विद्याये महान भारत देश में मौजूद है जिनका प्रयोग करके हम निश्चित ही एक सफल जीवन जी सकते है।

एक महान संत कहते हैं की उठो जागो और अपने लक्ष्य की प्राप्ति तक मेहनत करते रहो। सभी महान लोगो ने एक ही सलाह दी है की लगातार कार्य करते रहो सफलता प्राप्त करने के लिए। मानव जीवन एक वरदान है और इसका हर एक क्षण कीमती है। अगर हम अपने महत्त्वपूर्ण समय को सही तरीके से प्रयोग करे तो इसमें कोई शक नहीं की हम एक बहुत ही सफल व्यक्ति बन जायेंगे

DR.RUPNATHJI (DR.RUPAK NATH)

www.tantrik-astrologer.in

इस मानव जीवन में धर्म, अर्थ , काम और मोक्ष प्राप्त करना हमारा अधिकार है और इस संसार में भगवान ने वो सारे साधन दे रखे है जिससे की हम ये सब प्राप्त कर सकते है।

मै ये जरूर कहना चाहूंगा की हार का कारन सिर्फ भाग्य नहीं है अपितु हमारी अज्ञानता, आलस्यता, लापरवाही आदि है। क्यूंकि भगवान् सभी को अपना आशीर्वाद बराबरी से देते है जैसे सूर्य सामान रूप से सभी को प्रकाश देता है।

इसीलिए अगर आप सफलता चाहते है, अगर आप एक मत्त्वापूर्ण छवि समाज में बनाना चाहते है, अगर आप अपने आपको आगे सशक्त व्यक्तित्त्व के रूप में प्रस्तुत करना चाहते है, अगर आप एक समृद्ध व्यक्ति बनना चाहते है, तो चिना न करे।

एक ऐसा रास्ता है जो आपको वो सब कुछ दे सकता है जो आप आज सोचते हैं। एक ऐसा रास्ता है जो हमे ताकतवर बना सकता है, हमे सुन्दर बना सकता है, हमे समाज में अपना प्रभुत्त्व जमाने में हमारी मदद कर सकता है। हमे एक सफल व्यक्ति बन्ने में हमारी मदद कर सकता है।

इस लेख के द्वारा में एक ऐसा रहस्य बताने जा रहा हूँ जो की सफलता के रहस्य को आपके सामने खोल देगा। ये लेख उन लोगो के लिए है जो की सफलता प्राप्त करने के लिए कटिबद्ध हैं सकारात्मक तरीके से, ये लेख उन लोगों के लिए है जो वास्त्विक्रूप से सफलता प्राप्त करना चाहते है। ये उन लोगो के लिए है जो अपने आपको एक ताकतवर इंसान बनाना चाहते है और सही मायने में सफलता प्राप्त करना चाहते हैं। ये लेख उन लोगो के लिए है जो की स्व-सम्मोहन का चमत्कार देखना चाहते है और अपने जीवन को पूर्ण रूप से बदल देना चाहते हैं।

स्व-सम्मोहन ! एक बहुत ही रोचक शब्द है जो की बदल देगा आपकी जिन्दगी को .....

जी हाँ !

हम अपने खुद के ततताकत को बडा सकते है बिना किसी बाहरी चीजो का इस्तेमाल करके।

DR.RUPNATH (DR.RUPAK NATH)

www.tantrik-astrologer.in

हम खुद का शाशाक्त व्यक्तित्व बना सकते है स्व-सम्मोहन के माध्यम से।

हम अपने निश्चित किये हुए समय पर अपने लक्ष्य को प्राप्त कर सकते हैं।

स्व-सम्मोहन के माध्यम से हम अपने इच्छाओं को आसानी से पूरा कर सकते है।

हम नाम, ऐश्वर्य, धन, शक्ति कुछ भी पा सकते है स्व-सम्मोहन के द्वारा।

हम अपना पूरा जीवन आसानी से जी सकते है।

हम अपने जीवन के हर क्षण को जी सकते है स्व-सम्मोहन के माध्यम से।

मै आपको कोई सपना नहीं दिखा रहा हूँ, बल्कि मई आपको वो रास्ता दिखा रहा हूँ जो आपको एक साधारण इंसान से एक सफल इंसान बना देगा। जो आपको खुद से परिचित करवाएगा, जो आपको ये बताएगा की आप हो क्या?, आपकी ताकते क्या है?

स्व-सम्मोहन को अगर आप नजर अंदाज कर रहे है तो शायद आप अपने जीवन में एक और शशक्त माध्यम को खो रहे है जो आपको पूर्ण रूप से सफल बना सकता है .

मै फिर से कहना चाहूंगा की ये बहुत ही कठिन कार्य है तो आप गलत हैं, स्व-सम्मोहन की क्रिया बिलकुल भी कठिन नहीं है, थोड़े से समय में आप अपने आपको एक बहुत ही मजबूत व्यक्ति के रूप में देखेंगे।

क्या है ये स्व-सम्मोहन?
ये सवाल अधिकतर पूछा जाता है की आखिर क्या है ये, क्या ये वास्तव में हो सकता है?, क्या हम खुद के अन्दर वास्तव में शक्ती उत्पन्न कर सकते है बिना किसी बाहरी चीज के, क्या स्व-सम्मोहन के माध्याम से हम अपनी इच्छाओं को पूरी कर सकते हैं?

मैं हमेशा यही कहता हूँ की जी हाँ ये संभव है।

मैंने इस विद्या को अपने कई दोस्तों को सिखाया और इसके अभ्यास से वो आज काफी अच्छी जिन्दगी जी रहे हैं, वो आज एक उन्मुक्त जीवन को जी रहे है, उनकी कमजोरियां धीरे धीरे दूर हो रही है, वो जान चुके है की सच्चाई क्या है? उन्होंने स्व-सम्मोहन की शक्ति को जान लिया है।

DR.RUPNATHJI (DR.RUPAK NATH)

www.tantrik-astrologer.in

आइये जानते है कुछ स्व-सम्मोहन के बारे में -
सभी के अन्दर एक विशेष प्रकार की शक्ति विराजमान है और अगर सही प्रकार से अभ्यास किया जाए तो व्यक्ति उस शक्ति के माध्यम से कुछ भी कार्य कर सकता है बड़ी आसानी से।

आपने अक्सर देखा होगा की जब आपके अन्दर किसी चीज को पाने की इच्छा प्रबल हो जाती है तो आप उसे पूरी करने के लिए अपना जी जान लगा देते है और रास्ता भी आपको मिल जाता है। ऐसा क्यूँ होता है आपने कभी सोचा है क्यूंकि आपके अन्दर की शक्ति आपको रास्ता दिखा देती है परन्तु हमे पता भी नहीं चलता है।

एक और उदाहरण देखते है अक्सर हम अपने बच्चों को कह देते है की बेटा अगर आप अच्छे नंबर लाओगे तो आपको इस बार एक विशेष उपहार देंगे। और बच्चा ऐसा कर दिखता है। ऐसा कैसे होता है इन्हें जांदे के लिए आपको गहनता से अपने मन को समझना होगा।

स्व-सम्मोहन वास्तव में अपने मन को नियंत्रित करने की एक विशेष प्रकार की विधि है। इसके द्वारा हम अपने मन, इन्द्रिय आदि को भली प्रकार से नियंत्रित कर सकते है।
इसमें खुद को की विशेष प्रकार से आदेश दिया जाता है और कुछ विशेष प्रकार के अभ्यास किये जाते है। जैसे जैसे साधक इसे करता जाता है उसे दिव्या अनुभव होने लगते हैं। वह और आगे बढता जाता है।

स्व-सम्मोहन, स्व-वशीकरण एक ऐसा शशक्त तरीका है जिसके द्वारा हम सभी पहलूओं में अपने आपको मजबूत बना सकते हैं। इसके द्वारा हम खुद को शक्ति प्रदान करते हैं, इसके द्वारा अपने अपने आपको जानते हैं। इसके द्वारा हम वास्तव में सफल हो सकते हैं।

अवचेतन मन:
ये मनुष्य के अन्दर एक ऐसी जगह है जहां अगर कुछ चला गया तो वो हो जाता है। यहाँ तक अगर हम पहुँच गए तो हम कुछ भी कर सकते हैं।
अतः हम स्व-सम्मोहन के जरिये अवचेतन मन से संपर्क करना सीख जाते है। बहुत ही कठिन अभ्यास करना पड़ता है परन्तु मुश्किल नहीं है। अगर एक बार हम ये सिख गए की किस प्रकार से अवचेतन मन काम करता है तो बस समझ लीजिये की आप जंग जीत जायेंगे। फिर कुछ असंभव नहीं दिखेगा।

Every one want success, Almost every one want to live a smooth life with his or her family members, colleagues, friends. Name , fame, monetary power is the wish of almost every one. But very few of us

DR.RUPNATHJI (DR.RUPAK NATH)

www.tantrik-astrologer.in

has achieved all the desired things in life. It is not because of destiny but due to unaware of the right way to achieve all those thigs.

Nothing is impossible in this life but the only need is passion and the best try to get what we want.

It is said by a scholar that "If every thing is destined then God didn't teach the devotees to pray".

It means that it is not good to sit just by trusting on destiny. If we want something then we have to put our full effort to get that thing. Human has the power to create his own destiny or fate. Human can do any thing if take vow.

There are many spiritual lore through which human can get divine power to perform any task.

One of the great Saint says that "Wake up and keep striving to achieve our objectives". Every great men who has seen the truth suggest us to work continuously to get success. Human life is a boon and every seconds of this life is very important. If we use our auspicious time intelligently then no doubt we can be in the list of super successful persons.

I have used the word 'Super Successful person' Intentionally because as to show the importance of successful in this life. It is our right to achieve the Dharma, Artha, kama, Moksha in this life and every tools are present in this world to get all those things.

I must say that the reason of failure in life is not destiny but the ignorance, unawareness, idleness, carelessness etc. Because god has given the same power, time to every one. God is giving grace to everyone just like as sun is giving energy equally to every one without any discrimination.

So If you want SUCCESS in life, if you want to be an important figure in society, if you want to be an powerful personality in this life, if you want to be the richest person in this world, if you want to be the 'super successful person' then don't worry. There is a way to achieve the success easily. There is a way to make our self strong, there is a way to make our self smart, there is a way to make our self beautiful, there is a way to generate hypnotic power.

DR.RUPNATHJI (DR.RUPAK NATH)

www.tantrik-astrologer.in

Here i am revealing the the mystery of success. This article is for those who are committed to get success any how but only through positive means, This way is for those who want to attain the real success in life, This article is for those who want to develop their own power to beat the world, This way is for those who believe in action, this divine science is for those who want to achieve success through smart way. This article is for those who want to see the miracle of self hypnosis or self vashikaran or self sammohan.

Isn't it a very exciting world for you 'self hypnosis or self vashikaran or self sammohan'.

YES !

We can develop your own power without any external pooja with the help of self hypnosis technique.

We can develop your own rocking personality with self vashikaran process.

We can achieve your goal in desired time with the help of self sammohan way.

We can fulfill your wishes as per committed time.

We can have the name, fame, money, power as per the wish.

We will be able to enjoy the whole life.

We will be able to enjoy the every part of life.

It is not hyperbolic if i say that this is not a dream. People are using this powerful way of self hypnosis to live life smoothly and easily. The great sages of great India has already proved this technique. So don' take it lightly and don't try to underestimate this subject if you want success really.

Again i just want to say that if you are thinking that it is very difficult to do the process of self hypnosis then you are wrong. It is not difficult and there is no need to give much time to practice this.

The Concept of Self Hypnosis:

A very important question many times asked from me that - will it really happens, is it possible to get power from our self, is it possible to get every thing just by following the self hypnosis method.

DR.RUPNATHJI (DR.RUPAK NATH)

www.tantrik-astrologer.in

And i always said to every seeker that Yes it is possible to activate your own power with the help of self hypnosis way. Any one can get desired job with the help of self vashikaran process.

I have taught this self hypnosis way to many of my friends and followers who are in these days successfully working in their own area. some are businessmen, some are in jobs but now they have understood the power of own, They have understood the power of self hypnosis.

There is a power within every one and if proper practice is done then any one can use that power to perform any task. It is also said that "Where there is a will there is a way".

You have often found that when you want to do something passionately you find the way to do that work. Even a child when want a toy and his parents told him that if you get this percentage you will get this toy. And after that the child work hard to get that percentage so that to get that toy. This all happens because of self hypnosis but we avoid these e.g. from our life.

What is Self Hypnosis?

Self hypnosis is actually a process to control our own self. It is a process to control our own mind, our own senses in a perfect way.

A very easy technique is used to do this process and that is self suggestions and some special excercises.

"SELF HYPNOSIS OR SELF VASHIKARAN OR SELF SAMMOHAN" is a great way to make our self strong in every aspect. It is a great science to power our self. Through self hypnosis you can become powerful from within. No external forces are needed to heal you.

Subconscious Mind:

This is a power generator place. It is a very powerful place and if any thing will reach to this subconscious mind then mind can find the way to achieve that.

So through self hypnosis we just deal with our subconscious mind. Very hard practice is needed to reach to the subconscious mind. But if once you are able to deal with this subtle mind then no doubt you can do any thing in this life.

Benefits and Power of Self Hypnosis:

1. By practicing this lore a person is able to become cool in every circumstances.

But it is also a fact that without knowing about anything we can't do any thing. To solve this problem vastushashtra came into existence. The great saints of India who were also a great Scientists by their research came to know the mystery of universe and energy and they put this knowledge in our scriptures or shashtra. Vastu shashtra is one of the scripture which provide the knowledge to balance the energy of 5 elements to lead a successful life.

We all know that both human and the universe are consist of 5 elements - Air, water, fire, earth and space. Each has its own property which makes it's identity and power.

www.tantrik-astrologer.in

Vastu believe in a concept that **"yat pinde tatha brahmande"** means whatever is present inside the body is also present outside the body i.e. in the universe. So 5 elements are present inside and outside the body too and if we can make balance of energy of 5 elements inside and outside we will definitely lead a successful life.

Now let's understand these 5 elements:

1. Earth:
Earth element is the basic element which has a great impact on our body and represent the muscles, bones and other minerals of the body. By balancing the earth elements we will get healthy bones and muscles which is very necessary to lead a healthy and wealthy life.

2. Water:
More than seventy percent of earth is consist of water and in the same way our body also have more than seventy percent of water element. As per the research Earth and body both have 73% of water.We can't imagine life and earth without water. It is inevitable part of life. Blood in the body has the property of water.

3. Fire:
Fire element is again a very important element of universe and body. In our body there is a special type of fire present known as 'jathragni' i.e. fire for digestion which convert our food into energy which is important to live a good and healthy life. We have also felt that our body is warm always this is due to body heat which also shows that fire element is present in our body. The imbalance of fire element generate many types of diseases.

4. Air:
Air element a very important part of life. While breathing we inhale air which generate pressure in body and helps in circulation of blood and other important things in body. Any type of imbalance in taking air generate serious problems

www.tantrik-astrologer.in

and may lead to death. So It is necessary to do good arrangements to take fresh and healthy air to lead a healthy life.

5. Space:

Space is very important element and without this element we can't imagine the other 4 elements. Other 4 elements flourish and prosper within this element. Every where there is space. space needs to move, to survive, to relax, to grow. So this is very important element.

So after studying about 5 elements we can say that everywhere there is an existence of 5 elements and so it is very necessary to make balance of these elements. Excess and lack of any of these elements may generate serious problems in life.

In Vastu shashtra the principles are given that how to make home, office, shop etc so that the 5 elements may be present in a balance and thus lead to a healthy and wealthy life.

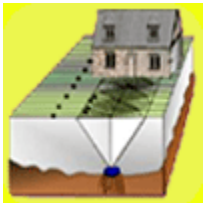
Vastu And Geopathic Stress



Vastu and Geopathic Stress is new word for some persons but this is very important subject in these days. Study of geopathic stress problem makes it possible to get rid off from many mental and physical problems of life.

www.tantrik-astrologer.in

Property buying in life is almost very important decision.This a investment which a person does very heartily. He puts his time, money to make his or her home office more comfortable to live and work.

What will happen if you find problems after entering in your own home or office. It will hurt you if you and your family members not get satisfaction in the home you buy to live. It will make you disappoint if diseases starts attacking on you and your dear ones.

Some times no reasons are comeout in spite of analyzing every thing. But very subtle studies shows that this may be due to stress which is also called 'Geopathic Stress'. There are some special type of negative forces which disturb the life of person very much.

Let's understand these Forces or Geopathic Stress-

Geopathic Stress:
Sometimes it happens that because of underground water channels, Geomagnetic areas, Geopathic stress disturb our life.
Generally we spend our 7 to 8 hours in home and the same time in office too and if due to our bad luck it would be a geopathic stressed zone then many types of harmful effects may seen in our life.

These types of problems may be because of the following reasons:

1. The Hartmann Grid In The Earth-
From the telluric lines of earth special types of current flows in the form of grid in the earth also called electromagnetic earth current.These flows in the form of waves. Many types of earth currents are present from which 'Hartmann Grid' is the first. It is named by Dr. Ernst Hartmann. He revealed this Grid.
The flowing direction of this grid is from North To South and East to West.While flowing these rays form checkboard pattern with 12 foot square grid lines and about 4 inches wide. This may be wider on full moon day.

www.tantrik-astrologer.in

It is present almost in every home.

2. The Curry Grid-

This grid flows diagonally to Hartmann Grid. it's flowing direction is from North-West to South-East, South-West to North-East and 1 grid lies on top of another. It is 35 tyo 50 feet apart So it is not under every home. It is Discovered by Dr. Manfred Curry.

3.Underground Water Channels-

This is the water flowing inside the rocks. The place of intersection of 2 water channels is very dangerous area. if you are sleeping just above this then many diseases may be come.

4. Underground Earth Systems-

Due to underground electric systems electricity also enters into the earth these days due to which also stress comes. This must be checked and rectify to live better life.

So if the geopathic stressed is checked and proper measure are taken to protect ourselves from this then definitely we can get some better life.

Electromagnetic Radiations:

In these days due to mobile tower, mobile, computers, high voltage lines etc EMF radiations are also becoming a problem. Due to this many serious diseases comes like cancer, depression, migraine etc. So it is also very important to take proper measures to protect from EMF radiations. For this special instruments come by which proper diagnosis is done and then rectified.

(RUPAK NATH)

What is shaktipat?, How it is done?, Ways of shaktipat, Importance of shaktipat, Importance of Sadguru(Spiritual Master), What to do to get shaktipat?, Points to remember for the spiritual practitioner.

OM GURU OM

May all the readers of this article get the right way to get the real success.

Shaktipat is a very-very special process of activating the spiritual power with in the body by any spiritual master. It is the process of inner awakening by any sadguru. Shaktipat is the most precious process which is done only by a competent master. It is very important process for the spiritual seeker. The journey of the salvation start only after the shaktipat.

The journey to free our self from the worldly desires starts after shaktipat, the journey of real success starts after shaktipat. spiritual path is not so easy so to

www.tantrik-astrologer.in

move in this path that's why we need a competant master also known as sadguru.

How Shaktipat is done?

There are many ways of shaktipat and as per the capacity of deciple spiritual master give shaktipat. For knowledge i am providing some ways which is used commonly to give shaktipat:

1. Shaktipat through eyes- In this the sadguru transmit the energy in the disciple just by making eye contact. Eligibility is must for this.

2. Shaktipat through touch- In this the sadguru transmit the energy in the disciple just by touching any specific part of body. for this also

3. Shaktipat during meditation- If any one has developed a good power with his own spiritual practices then the person is able to get shaktipat with the competent spiritual master in a divine way during meditation too.

4. Shaktipat through spells - This type of shaktipat is given to the persons who just want to enter in kundlini saadhna or Kriya yoga.

Benefits of Shaktipat:

Shaktipat is a very esoteric lore of our great India. For the decades persons are getting benefit of this divine process.

There are many benefits of this process like as-

1. After shaktipat kriyayoga starts automatically when the seeker sits in asan for meditation.
2. Mind become sharp within short period of time.
3. Person is able to feel and see the divine world of spiritual energies.
4. Person is able to know the divine world within the body.
5. It is possible to know our self after shaktipat.
6. The way to know the god reveals only after shaktipat.

www.tantrik-astrologer.in

7. If the person do the saadhna regularly then gradually it is possible to cut our past karma.
8. A person is able to get rid of the chronic diseases gradually.
9. A person is able to develop a divine hypnotic power to talk to dieties and other subtle energies.

Precaution To Take After Shaktipat:

Shaktipat is a very-very subtle process and only lucky persons are able to get this blessing from the competant guru. But many times it is seen that people after getting sometime not able to develop the real powers. For that it is must to follow some core key points which are as follows-
1. It is necessary to continue the meditation any how.
2. It is necessary to be in touch with the spiritual master through meditation i.e. just worship your guru before starting any meditation.
3. If any problem or question arises than it is good to clear the doubts without hesitation.
4. Don't try to deceit your spiritual master in any way.
5. Do please your guru with your devotion and seva.
6. Try to meditate in the brahm muhurth i.e. during 4:00 am to 6:00 am a.m.

What to do to get shaktipat?

As i said above that it is the precious gift to a person and no body can pay anything to his or her spiritual master in lieu f shaktipat. So it is said in our epic that if you think any one is competant to give shaktipat than do please that master through your devoted seva. After that if that master think that you are competant, you will be powered automatically.

If you are not able to find any competant guru then do this- start the meditation in the early morning for at least 1 hour and increase the time gradually. Pray to the god to show you the right path. Soon you will find that your way is getting opened for the spiritual journey.

www.tantrik-astrologer.in

Remember that if you have the will and passion to find the right way then no doubt you will definitely get the way.

It is said in our epic that Trust yourself, worship yourself, God resides within you.

If you want real transformation, if you want to experience the real world of energies, if you want to know your self, if you want to know the spiritual energy then do make some effort to get shaktipat.

May all you get the blessings of spiritual masters.

Inner awakening, meditation for transformation, The real success way, Kundalini awakening process, Benefit of inner awakening, tips for inner awakening, Power of guru in inner awakening, spiritual awakening, Astrology and Inner awakening.

People are in search of something special in life, they want some magic in life, they want satisfaction in life, they want real love in life, they want real peace, a smooth life, a healthy body and mind to enjoy the materialistic world but very few are lucky.

A very bitter truth is that this is a evanescent world, nothing is immortal in this world so until we make our self attach with the eternal energy we will not get the real peace, real success, real satisfaction. Every one is running behind a mirage and it is not possible to attain it is a fact. So now what to do to get this real knowledge of real success. Here the inner awakening is necessary. It is very necessary for every human being to do some process to awaken the inner energy to know the reality of this world and birth too. In this article we will see how inner awakening is done, what to do awaken the kundalinishakti, Impacts of inner awakening in life etc.

What is Inner awakening?

It is a special process within the body in which the spiritual energy which is also known as 'Kundalini shakti' starts it's journey from 'Mooladhar Chakra' To 'Shastradhaar Chakra'. Inner awakening means the flow of energy in a divine vein known as 'sushumnaa Naadi'. It is so thin that no sensors can felt this. The only way to know this sushumna nadi is meditation. This is a divine way where miracles happens and the practitioner felt every changes within.

Benefits of Inner awakening:

Inner awakening is the key to success in this life. It is necessary for the over all development of a person. Only after this the person is able to free from the unwanted materialistic desires. Lets see some core benefits point by point-

1. Inner awakening purified the whole body.

www.tantrik-astrologer.in

2. Inner awakening is a makes the person mind subtle so as to feel the subtle divine world of energies.
3. Person is able to get rid off from many chronic diseases not only of this birth or of last births too.
4. Person is able to feel the presence of divine energies.
5. Inner awakening makes a person able to see the great saints which were present physically in past.
6. Astral travelling is possible only after inner awakening.
7. If any one want to see the siddhis i.e. the divine powers within the body to do the things happens with just thinking of that then it is also possible through inner awakening.
8. The journey towards salvation starts only after inner awakening.
9. If you want to see the divine world within you then also it is necessary to work for inner awakening.

How to Awaken spiritual energy?

This is the most important question that how to awaken inner energy. In this context i want to say that there are various methods to awaken inner energies like as-
1. Shaktipat process- in this a spiritual master with his or her power awakens the inner energy.

2. Hat Yoga- In this some special asans are there and some process through which the inner energy is awaken.

3. Deep Meditation- This is an another powerful way to awaken the inner energy but it is done in a very systematic way under keen guidance of master then success is yours.

4. some also uses mantras to awaken kundalini.

www.tantrik-astrologer.in

I suggest everyone to start meditation if you want to awaken the inner enegy. Read my articles on naada yoga, third eye activation and kundlinishakti for more details.

If a person do the process of inner awakening then during the process also the person feels different type of experiences.

Every person has got different type of experiences. These experiences are beyond our thinking so don't worry about all that just take a step ahead and you will find the way automatically.
Great rishi munis(sages) shows path to the persons who want to move on this spiritual path. If you have the passion and will then no doubt you will find a way. But don't waste your time just start meditation where ever you are, in whatever state you are. No matter who are you, no matter what do you eat, no matter what is your circle, just start meditation and feel the power within.

Astrology and Inner awakening:

Now a very important question is that- can astrology helps a person to awaken the inner spiritual energy. In this context i want to share my own experiences. Astrology is said to be the eyes of vedas so from this subject it is possible to know the hurdles in the life of a person and thus it is possible to find the ways to over come it. Since spiritual path is not so simple. It is path in which we have to walk on the edge of sword. Spiritual path is not so easy. Astrology helps very much. There are many person who are practicing inner awakening practices under my guidance and i have guided them through astrology too. I have found that a strong will power and passion is needed to move on this path also malefic planets creates many problems during spiritual practices too.

So through astrology we come to know all this happening easily and then use the right way to control many of the problems through right pooja or anusthaans or rituals, Gems stones, daana etc.

www.tantrik-astrologer.in

So my experiences tells that if you are a truth seeker then you have to seek guidance from an experienced astrologer too who can make your way easy.

lord shiva so that it should not be used by common person for destruction. That's why it has become more complicated to activate any mantra.

How to Choose right mantra?

This is the first process in mantra activation. Choosing right mantra is very important and a hard calculation is done before choosing any mantra. There are some specific ways by which right mantra is selected. There are different mantras for different zodiac signs and for different types of work. It is also a strange things that for the same work there are various types of mantras. So from those we have to select the best for us. So Minute analysis is done before selecting any mantra or spell. That's why it is said that it is good to do the tantra practice under guidance of any scholar.

Purification of Mantra:

There are many types of doshas are there in mantra which must be rectified before proceeding. For that also there are different types of process.

Utkilan of Mantra:

It is a strange name for the common people. But as i said earlier that every mantra is kilit or tied by lord shiva for protection of society. That's why it is very necessary to do the utkilan process before chanting any mantra then only it is possible to activate mantra. Otherwise results are very difficult.

After utkilan many other processes are done like as chanting the mantra in a specific manner and in specific numbers. After then hawan is done, tarpan is done, marjan is done, Proper daan is done.

So it is not simple as it is heard and read in books and serials. It's not good to make any impression about anything just by hearing any rumour. First of all it is good to have proper knowledge of any subject then only proceed to practice it if you have interest on that subject.

www.tantrik-astrologer.in

Only the person who knows the right process can help you to follow the tantra way. Only a good scholar can help you to activate any mantra or spell.

What Happens actually in tantrik Processes, what tantrik does, How to perform tantrik activities?, Is there any danger in tantrik activities?

A question which has been asked many times to me that what a tantrik does, how do they perform tantrik activities, when they do tantrik activities. Here now i am clearing some things regarding this which will clear you that how much efforts a tantrik put in doing any activities.

As i told you earlier that Tantra is a very scientific process and it needs a very hight concentration. A small mistake in doing process may lead to death of the practitioner. But it happens only in aghor tantra. The satwik tantra practitioner may not suffers so much. But very hard practice is needed to get success in this field. It is not so much easy as it is seen or read.

Let's see how a tantrik work out:

1. The first need is to select the proper place for doing the tantrik anusthaan. It may be the cremation ground, bank of river, temple any sacred room etc.

2. After arranging the place it is necessary to gather the pure things to use in pooja which is very difficult in these days.

3. After this the practitioner make research to find the right time to start the saadhna or practice.

www.tantrik-astrologer.in

4. At the right time the tantrik starts the saadhna and do chanting the mantra and also offer things to the powers whom he or she is calling.

5. At the time of culmination of process many strange things happens as per the process which is for the privacy reasons i am not revealing here. These are for the practitioners only.

6. A tantrik has to follow very hard discipline.

As tantra is process to deal with the invisible energies so very high concentration and protection is necessary during the saadhna or tantrik activities.

If anyone does tantrik actitivities without having proper and systematic knowledge then it is possible that he or she may pay much in long run for his mistakes.

It is not good to use this science to fulfill our worldly desires totally. But it is a way to enter in the divine world. It is a way to know the reality of this life. Tantra is a process to make our-self over all strong. It is a way to understand the paranormal powers.

I love tantra because it has shown me great miraculous world. It has shown me the truth of life. It has given me a new sight.

Om's View on Tantra, Misconception about tantra, How tantra works, Who is real tantrik?, Tantrik places of India, Important occasions as per tantra, Types of tantra. Power of Tantra or tantrik pooja.

Tantra is a subject in which it is given that how everything is used to get success. This subject shows the power within every thing. Tantra clears the concept of energy. The researchers of tantra comes to know that every thing which are present in this universe has some specific powers and by a very scientific process, a systematic process it is possible to activate the special powers present in any thing. And that power is used for the spiritual and physical development. So tantra is a miraculous science and is being used for the decades for success by the scholars.

Do you Know that 'Atharva veda' has given very much details about the Tantra.

Misconception about tantra:

People generally takes tantra as a negative ways of getting success but this is not the fact. People actually knows tantrik as a ghost hunter or soul controller who get the work done from them but the fact is that this is only one part of that tantra. Tantra is a very big subject in fact it is a sea in which if one can jump and

www.tantrik-astrologer.in

dive then many miraculous things can be found. It is a science to know every thing in deep. It is a science to know the powers present in everything. It is a science which makes men perfect. So it is not good to make any view just by hearing any one's word. Try to find the realities of every subject and then you will find some thing better in life.

Why through tantra it is possible to get work done in short period of time?

I know this question is very important and every one wants to know. So let me clear you the mystery Tantra is a perfect way of doing any pooja. Tantra includes the mantra, yantra, specific things, specific times, specific rules etc. So when any pooja is done with complete things and process then no doubt success will come.

Who is a Real Tantrik?

Don't be confused just by seeing any one in black dress,black dot, having skull in hand that he is a real tantrik. A real tantrik means who knows how to chant mantra, how to prnounce mantra, what things can be used to worship specific god. So it is not always necessary that a person who is wearing the black dress is a real tantrik. In our country many are looted only because of this. It may be possible that a person who is wearing trouser and shirt is a good tantrik, It may be possible that a person who is doing abnormal behavior is a good tantrik. Because knowledge and dressup are different things. Don't be befooled just by seeing the dress of any one.

This chitta is alive. The vibration which we feel in body is due to this chitta. The whole world moves by chitta shakti. The natural power chitshakti itself is the god of this.

Thus we have seen that the supreme power is present in this body with all the gods and is the witness of every work done by the human being. So it is the duty of every

Game of Ready Made Virtue(Punya) !

Ready made virtue(Punya), Game of virtue(Punya), How to get ready made virtue, Reality of ready made virtue, Power of Ready made virtue(Punya), What to do to get ready made virtue(Punya), Spiritual Thought.

A totally new word but every one is ready to grasp the ready made virtue all the time. This ready made virtue is also known as 'punya' in India. This is the most easiest way to take the virtue of any other one in our pocket.

If you are unable to perform complicated karm kanda, if you are unable to perform any saadhna, if you are unable to work hard to accumulate punya then just feed to the person who is doing the above things for his or her upliftment and you will get the virtue of him or her easily.

A spiritual game in a very minded way. This is a bitter truth that no one in this world help other with out any reason. So if you are doing any spiritual practice and want to get success really then don't allow any one to help you. Do work hard and do our own practice. Other wise it may be possible that you will take some more time to enter in the real world.

In this world every one try to get the virtue by providing food, cloths, shelter etc. This is not bad thing because at least by this a human learn to give something to others. But this is not the way to achieve the real success called salvation. This is

www.tantrik-astrologer.in

a karma which will provide you good things in your future life. But if you really want to uplift your self then do enter in the world of hard practice without depending upon any one. Do earn and do practice your self.

Ready made virtue(Punya), Game of virtue(Punya), How to get ready made virtue, Reality of ready made virtue, Power of Ready made virtue(Punya), What to do to get ready made virtue(Punya), Spiritual Thought.

Selfless offering is done by a few people otherwise every one is trying to accumulate punya in this other so that to earn more and more in this life.
As per bhagwat geeta no karma will go empty in this life. So if you are doing any work i.e. good or bad, it will make your destiny. And therefore if you are offering any thing to any one then don't worry you will be accumulating something in your pocket which will become your destiny in future.

If you are giving cloths to poor people.
If you are giving food to the empty stomach.
If you are feeding the children.
If you are providing shelters to the poor then don't worry you are doing something better for you. This is not a ready made punya but
If you are giving any thing to the spiritual practitioner.
If you are feeding to the persons who are visiting the tirth places of India by chanting spells or mantras then you are taking ready made virtue or punya.
If you are feeding to brahmins then also you are taking step to get readymade punya.
If you are giving financial supports to any brahmins, spiritual practitioner then also you are accumulating the ready made punya.

But let me clear you that these works are again generating new karmas for which you will get good life but not salvation.

These work will give you peace for some time but not provide you the real peace the eternal peace, the salvation.

www.tantrik-astrologer.in

If you want to move as per Bhagwat geeta then be a karma yogi. Do Work hard and also do the spiritual practice. Activate your

third eye to know the reality of this world.

If you want to be a real person, if you want to be the real ideal for some one then do practice hard, Move in the right direction, understand your own power and activate them by your hard practice and then nothing will be impossible for you. The world will follow you, the world will make you ideal.

Don't worry if you are not getting proper response in this world, Don't worry if no one is hearing you, don't worry if you are unable to understand anything. Just continue to talk to the supreme power and you will find definitely something better in this life.

And if you think you are unable to perform any spiritual task easily then don't shy to enter in the world where easily you can accumulate the ready made virtue or punya just by offering food, shelters, cloths etc to the people who are practicing to achieve salvation or the people who are doing good works for their upliftment.

Hope this article will work as an eye opener.

Who is chanakya?, history of chanakya, What is Chanakya Niti?, Importance of chankaya Niti, Personality development with chanakya niti,

www.tantrik-astrologer.in

How to make our life successful with chanakya sutra?, Views of astroshree on chanakya niti.

Chanakya was the founder of Naurya empire. He is known for his super intelligence and cleverness.The principles which he has followed has become the milestone for politicians Chankya has studied the human psychology in very deep that's why chankya has well said on different aspects of life. I must say that if any one follow the principle of chanakya then it is not possible for the person to get defeat in any field.

Let's see the history of chanakya-

The king of Magadh country was very luxuriant and was habitual of humiliating the maid sons time to time. No body dare to protest him as he was the king. Bt

Chandragupt maurya who was also a maid son was of something different mentality. He was in the sense of rebellion.
One day the king nand asked him to bring a brahmin on the occassion of his father shraddha. When chandragupt was crossing the forest he saw a very strange person who is not at all beautiful, blackish colour having a long choti in head. He was pouring Mattha on the root of grasses. When chandragupt asked him about that he said that the thorns of grasses hurt him that's why he is pouring mathha to root out them.

When chandragupt heard this he became happy and thought that this is the right person and if i take this brahmin to the king. If Kind Nand humiliate this brahmin then he will destroy the king and the same thing happened.

When king Nand saw the brahmin, he shouts and said who is this inauspicious person, blackish?, why he came in the darbaar?. The king Nand looking at him with hatred.

www.tantrik-astrologer.in

He ordered him to get out of his palace. By this behaviour of king Chanaky became full of anger and open his choti and took a vow that until i take down you from your

power, i will not tie my choti. This brahmin will destroy the whole Nand race completely.

And he did this with his cleverness and passion. He destroyed the Nand vansh and founded the empire of maurya. After fulfilling his vow Chanakya went to forest to spend the left life in praying.

Chanakya has written many epics but the Chanakya niti is the most popular book of his in which he has described the practical principles on the basis of his experience. He has given his view on every aspect of life.

Any one can get the key to success by reading the chanakya niti.

As per my view chanakya niti is a really awesome. When you read the principles of chanakya you will be compelled to agree. Because they are based on real human life psychology.
No matter who you are, no matter what you are doing, no matter how you are doing. If you want success then this article will help you a lot. The thoughts of chanakya is quite motivational. The real knowledge doesn't see the color or caste but it thrives in the mind of person who really seeks.

Chanakya Niti With Astrology Fate :

Originlly Chanakya niti was written in Sanskrit but here i am providing the explanation in English.
I providing some principles which i liked very much and hope that it will be helpful for you too.

What Chnakya said about Ideal Wife?

www.tantrik-astrologer.in

A wife makes the home but it is necessary that she must be sacred, smart and have proper knowledge to take care of home and family. Only being a female is not enough.

How to get work done from people?

control the greedy person by giving temptation satisfy the conceit of obstinate person if you want to control him, understand the need of fool person and fulfil it to control a fool and if you want to please a scholar then just say the truth.

Greedy person is hungry of money. No body can predict the mind of a fool person and intelligent person pleased with truth. It is a fact.

How To Practice Different lores:

If you want to do tap then do it alone, if you want to study then do it with some one(2 can do better study), 3 are good to practice any song, For Journey group of 4 person is good, to sow a field 5 persons are ok and for a battle many are needed.

Some Points To Remember:

Don't discuss on any epic or shastra if you are not practising it, neither intake food nor go to any party if your digestion is not good and don't make relation with young female if you are old.

Medium of happiness:

People with grief are able to get peace only at three place- Women, Children and with good people.

Universal Truth:

10 Ways to over come from worries, astrology tips to over come from worries, Best tips to come out from negative thinking, Truth of life, spiritual views to over come from worrying.

Worry is equal to the pyre. So why to worry?, why to think negative, why you are not enjoying your life fully, why not understanding the reality of world.

Worry comes due to ignorance because in this world nothing is immortal, everything will get vanished with time. It is only illusion that something is with us and something we will get which will change our life. If you want to accept the truth then understand one thing that we are even unable to maintain our own body. At every second it is getting weak but we are just working to maintain it by artificial products. we are not able to stop the time.

It is said that before the time swallow you just wake up and do something to make your life better.

If you are accepting this truth that this universe is evanescent and nothing will remain here for ever then no doubt you will be able to come out of your worries easily.

Let's study Some Concepts Point By Point:

1. Live in Reality:
In this world everything which seems to be with us will go with time because the change is the law of nature And the person who is unable to accept the change will lost automatically. In this world there is nothing for which we worry accept time. So use this time to understand the reality of life. Ask from yourself-
why I have taken birth?
what i am doing?
Why I am doing?

www.tantrik-astrologer.in

What will I get with my current efforts?
How should i get the real path of success?.

2. Nothing is in our hand:

This is truth that no incidents happens as per our wish. There is some super power who is controlling everything in this world and if so than why we are worrying about every thing. Just do our duty and enjoy the life fully. Let the super power decide what is best for us. It is said that "If you are unable to change the situations then accept the situations" which will make you calm.

3. Enjoy your little moments which makes you happy:

Don't wait for any thing big which makes you happy. Enjoy every moments. Play with yourself, play with children, play with pets etc. It will make your life interesting.

4. Don't bother about what other think about you:

The main problem with us is that we think too much about others. And every one is engage in doing so. Just forget what another is thinking about you. Don't think that if you come out from car and buy a icecream from a thela than what your colleague think. Just do if you want. Just jump with joy if you want. Just shout with joy if you want, just snatch ice cream from friend and run. These all things will give you happiness in all age.

5. Don't be elder:

Be like a child. It is said that only a child is able to attain the god. Those event will waste our time and money and also deprive with the happiness which are present in our door.

So lets see some powerful ways to Enjoy the present and future:

1. Analyze the Circumstances Practically:

www.tantrik-astrologer.in

Why the breakup happened in life. If you analyze the circumstances deeply then you will find that there was lack of trust in relationship that's why the break up took place. So don't worry and try to forget the past life. Some times you will find that your partner was not enough strong to face the social life, Some times you will find that over expectations of your partner was the reason of your breakup. In all the cases there is no need to flow in emotions.

2. Live In Present:

Past memories are of no use as they are creating hurdles in moving right direction in life. Remember one thing that if you are unable to change the circumstances then accept the circumstances. Past was not in your hand but present is in your hand.

Don't worry about the past but the beautiful life is waiting for you. Just try to enter in that with a new view. Energies are waiting to welcome you.

3. Be clear about infatuation and Love:

Some times we take infatuation as love which is not good. You will come to know this when some one better enters in your life. So just give space and open the door of your heart so that some one else enter in it to make your life beautiful and smooth.

4. Do Not Torture Yourself:

A healthy mind and body is the gift to you which will not come again. Who knows what will be our next birth. Science has proved that if a person think about the griefs then the person is torturing himself or her self because by this the energy becomes negative which will lead to more problems. Break up is not as precious as life. So live life with new zeal and enjoy every moments. There are lots of people who want to enter in your life. Sky is the limit for seekers.

Think like this: "Tu nahi to or sahi, or nahi to or sahi"

5. Understand Your Importance:

www.tantrik-astrologer.in

This human life is a boon and with this if you have a healthy body and mind then no doubt you are able to do any thing in this life. Even deities also want to take birth as a human being. Because this is the karama yoni i.e. only human has a power to get power to do any thing in this universe. So why you are wasting your life in trifles. Just come out of your negative thinking and work hard to know the reality of this life.

6. Engage Yourself in Hobbies:

Empty mind is our own enemy so try to engage yourself in some work and for that hobby is the best. Try to engage in doing gardening, social networking, learning any new subject etc.

7. Learn the divine Lores:

If you want to know the realities then learn the divine sciences of yoga, meditation, tantra etc to understand the beautiful world of energies. You don't know that the real peace is there, the real love is there, the real power is there. But for this you have to love the real energies.

8. Take the help of astrology science:

If you are not getting success in forgetting your love then consult astrologer who can provide you the things which will open a new world for you. Consult now.

So be positive if you have lost your love then don't think that god is not loving you but think that ***"I deserve better than that"***.

Remember that this is the rule of this universe that whatever you think, you will be. So think that every thing is going ok with you. We are just puppet of god and it is our duty to play our role in a better way. Let the god think about you.

Love yourself, love this universe, don't stick with a physical body.

How To Make A Positive Impact On Other Instantly Part-1

Instantly Make Positive Impact On Others - Skills For Success,How We Learn, How we Remember,Steps to Increase Skills,Points of How To Make People Feel Important Instantly? Importance of astrology to Know the Personality.

Skill with people is the most rewarding of all human talents. Your skill with people determines the quality of your Social life,Business life,Family life etc. So it is very necessary to be a successful person to develop your interpersonal skills

www.tantrik-astrologer.in

and for that it is also necessary to know the human psychology. Now we will see how we can get success by using interesting formula.

Let's see what research says about How We Learn :

We Learn 83% Through SIGHT
We Learn 11% Through Hearing
We Learn 3 and half Through SMELL
We Learn 1 and half Through Touch
We Learn 1% Through TASTE

Now Let's See How We Remember Informations :

We Remember 10% of What We Read
We Remember 20% of What We Hear
We Remember 30% of What We See
We Remember 50% of What We See and Hear
We Remember 70% of What We Say As We Talk
We Remember 90% of What We Say As We Do A Thing

Let's Study The Human Nature :

The Ist steps in increasing the skill to get success is in dealing with people i.e. to properly know and understand people nature.When you have proper understanding of human nature i.e. when you know why people do the things that they do ?, when you know why and how people will react under certain conditons then only you can become a skillful person or manger of human or people.

So lets's Study Point by Point by point the Human Natures :

1) **People Are Primarily Intersted in Themselves, Not In You :**

You are more intersted in yourself than you are in any other person in the world. Remember that mans actions are governed by self thought, self interst- this trait

www.tantrik-astrologer.in

is so strong in man that the dominant thought in charity is the satisfaction or pleasure that the giver gets from giving, not the good the gift will do That comes Second!

This Knowledge, that people are primarily interested in themselfves gives you the basis on which to work in your dealings with people. It also gives you poer and skill in your dealings with others. So This is the Key Point.

2) **How To Talk Skillfully ?**

when you talk to someone try to pick out the most interesting subject in the world to them to talk about and i.e. THEMSELVES! When you talk to them about themselves they will be deeply interested and utterly. fascinated. They will think well of you for doing this.

When you alk to people about themselves, youare rubbing them the right way you are working with human nature.

Note : Get these 4 words out of your dictionary - " I,Me, My, Mine " and use the substitute i.e. "YOU". For e.g. this is for you and your family, you will get benefit, you will get this chance etc.

Most of us are not effective on others because we keep busy thinking and talking about ourselves.The thing to rememberis that it is not how you like your remarks and subject, it is how your listeners like them.

So- When talking to others, talk about them. And get them talking about themselves.That is how you can become a most interesting CONVERSATIONALIST.

Read more about How To Make People Feel Important Instantly :

An important aspect of human nature is the desire to be an important, the desire to be recognized.By using this key point you can get attention of other i.e. the more important you make people feel, the more they will respond to you.

Keep in mind one thing that - to the other person he is just as important to himself as you are to yourself. The use of this trait is one of the cornerstones of successful human relations.

www.tantrik-astrologer.in

Some Special points on how to recognize people and make them feel important :

1) **Skillfully Listen To Them :**

Listening to people is the best way to feel them important. Refusal to listen them is the way to make them feel unimportant. So try to listen people skillfully.This will also help you to extend the conversation.

2) **Skillfully Give Compliment And Applaud Them :**

While listening be careful to give compliment on their best says this will make a very positive impact on others.

3) **Use The Names of People You Know :**

Every one feel great by hearing his name so try to call them with their good names which will help you to get closer.

4) **Think Before Giving Answers of Any Questions :**

Don't reply to any questions immediately give pause of two to 3 sconds which will generate impression that you are thinking our their points.

5) **Use The Words "YOU And YOURS" :**

I have already cleared earlier that everyone want importance and by using you and yours, you can easily make them feel Important.

6) **Pay Attention To EveryOne :**

Public dealing is very typcal, some will satisfy and some will not which will create obstacle for you, so try to give attention to everyone in the group with your body gestures.

Match making is done before marriage so that to find that planetary powers are supporting each other or not. for successful family life it is necessary that planets of each other support them. If this not happens then it leads to different types of problem like as-

1. Problem in peaceful living
2. Problem in pregnancy
3. Problem in health of life partner.
4. Problem in Career etc.

So it is good to proceed for match making before finalizing the marriage.

A Very Important question asked from me many times that is it possible to rectify problem of horoscope after marriage. In this context I want to say that yes problem can be rectified after marriage but don't hesitate to discuss it with your consultant. An experienced consultant will help you a lot but you must have faith on him or her.

We not only match the horoscope but we also make detailed analysis of both horoscope or kudli and suggest what to do to make the life better. Solution of every problem is present only we need to reach up to the solution.

For matrimonial match we need Date of birth, time of birth, place of birth of both boy and girl and if possible a fresh original photograph i.e. without edited.

Raj Yoga and Astrology, Rajyog in Kundli, Raj Yog in Kundli, Raja Yoga in Vedic Astrology, Planetary positions in raja yoga, How to find Rajyog in

www.tantrik-astrologer.in

Kundli, How to know Rajyog in Kundli, Rajyog in birth chart, raj yog in horoscope, How to read horoscope to find the raj yoga, How a person become king as per birth chart, Astrologer for Raj yoga, How to make the rajyoga strong?

People generally want to know in their horoscope that whether there is any good yoga in birth chart or not, they want to know that whether they will get the name, fame, power as per the kundli or not. Indian astrology which is a part of the great vedas clears every thing on this topic also. In this article i am going to tell you some thing about the raj yoga, the king yoga, the formation of planets which provides a person luxury life.

After reading this article You will come to know that what is raj yoga, who can get a very successful life, Why a person in spite of having raj yoga not getting the desired results, Which are the yoga comes under raj yoga, how many types of raj yoga, Benefits of raj yoga etc.

Misconception related to Rajyoga:

People generally think that there is only 1 formation in kundli which makes raj yoga which is totally wrong. There are different types of combinations found in kundli which makes different types of rajyoga in horoscope. So it is good to consult a good and experienced astrologer before reaching at any decision.

What is raj yoga:

Raj yoga in kundli means arrangements of planets in a very powerful way so that the person will get all the luxury in life and also the happiness. If a person is having these yogas then no doubt the person will get tremendous success in the personal and professional life. The results may differ as per the strong and weak planetary combinations and powers of planets.

Power or Benefits of Rajyoga:

1. It makes a person healthy, wealthy and Wise.
2. If a person having raj yoga is in politics then no doubt, he or she can achieve the highest post.

www.tantrik-astrologer.in

3. If the person is engineer then no doubt he or she will get name, fame in engineering field by doing some special work and destiny will support.
4. If a spiritual healer will have this yoga then it makes him or her the spiritual master.
5. If a doctor will have this then no doubt he or she will get good response every where.
6. Name, fame, money, power, every thing will come to the person having raj yoga or king yoga in kundli, horoscope or birth chart.

Why A Person Not Get The Desired Success In spite of Having Raj Yoga in Kundli?

Many times persons came to me and ask this question that i have gajkesari yoga but i am not able to arrange bread and butter for me. some said there is a hansa yoga but i am not getting the proper result and so on.
In this context i just want to say that proper analysis of planetary positions in all respect is necessary before confirming that the person has really raj yoga in kundli or horoscope and some times the yoga comes in effect only after a certain period so it needs a minute analysis of horoscope
.
Let me clear you this with a very good e.g. which happens with one of my friend. He showed his horoscope to many astrologers and every one tell him only one thing that you have raj yoga. You will enjoy your life, don't worry. But the thing is different. due to hesitation he was not showing his kundli to me. But after hearing from many astrologer and finding no changes in life he came to me and showed his kundli. After analysis i found that there was gajkesari yoga in his horoscope but unfortunately the moon and Jupiter both are powerless. Thus in spite of having he raj yoga it was not actually. And because of this he was struggling a lot. Sometimes he doesn't get bread to eat. He doesn't have roof to live and many more problems are there in his life. So Destiny play with us.
So before deciding any thing i always suggest that please have patience and be alert.

www.tantrik-astrologer.in

There are many different types of rajyoga and all have different impacts in life. Person gets different types of result as per the raj yoga in the horoscope or kundli. Let's see some of the yoga which makes a person successful in life.

1. Raj Yoga in Horoscope:

If anyone has Jupiter of cancer, Venus in 9th place, mars and Saturn in 7th place then this combination form a special 'raj yoga'. The person will become a high officer in government department and get name, fame and happiness in life.

2. Gajkesari Yoga in Kundli:

If Jupiter is present in center(Kendra) place from lagna or moon and if it is viewd by auspicious or good planets or it is with good planets. In this case 'Gajkesari yoga' forms in kundli. But the Jupiter must not be of Neech or malefic or with the enemy zodiac sign.

If this gajkesari yoga is forming then the person become chief minister, governor or governance officer.

3. Singhasan Yoga in birth chart:

If all the planets are present in 2nd house, 3rd house, 6th house 8th and 12th house then 'singhasan yoga' forms in birth chart or kundli. This yoga makes a person very good governance officer.

4. Hansa Yoga in kundli:

If all the planets are present in Aries, Aquarius, Capricorn, Scorpio, and Sagittarius zodiac sign then 'Hansa yoga' forms in horoscope.

This makes a person grandeur,splendor, rich. The person having hansa yoga in horoscope gets many awards in life and get a good social status.

5. Ekaawali Yoga in horoscope:

If the planets in 7 houses continuously starting from any where then 'Ekaavali yoga' forms in kundli. Person having ekaawali yoga becomes, governor, king or chief minister.

www.tantrik-astrologer.in

6. Chatuhsaar Yoga in kundli:

A special yoga which makes a person powerful like a wise president and rich. If the planets are present with Aries, Cancer,

Libra and Capricorn then 'Chatuhsaar yoga' forms in kundli. This type of person is able to getrid of any problems easily and achieve the desired success.

7. Shreenaath Yoga in birth chart:

If the Ascendent master of 7th place is present in 10th place and if the master of 10th place is with the master of 9th place then 'Shreenaath yoga' forms in horoscope. Happiness, Name, Fame, Money every thing is with the person having shreenath yoga.

8. Shankh Yoga:

If the master of lagna or ist place is powerful and the master of 5th and 6th place is sitting in kendra or center houses of horoscope, with this if the master of lagna and 10th place is in variable zodiac sign or Char raashi then shankh yoga forms in horoscope.

This yoga makes a person Compassionate, pious, virtuous, intelligent, talented. It also gives longevity.

9. Shaashak Yoga:

Again a very important yoga which forms when Ascendent Saturn is present in any Center house or kendra place of kundli. This type of person don't have much height, small face, flicking mind, small eyes, nice thighs and body parts. Match Making For Successful Marriage Life

Match making is done before marriage so that to find that planetary powers are supporting each other or not. for successful family life it is necessary that planets of each other support them. If this not happens then it leads to different types of problem like as-

1. Problem in peaceful living

Our palm has lines, mounts and shapes which is very useful in predicting the persons life. Palm blinks the personality of person, blinks the future of person, palm shows the problems of life. Palmist after studying the palm can tell you better about your life problems and remedies.
For this the print of palm is needed.

How To Send the Palm Print ?

Match Making For Successful Marriage Life

Match making is done before marriage so that to find that planetary powers are supporting each other or not. for successful family life it is necessary that planets of each other support them. If this not happens then it leads to different types of problem like as-

1. Problem in peaceful living

www.tantrik-astrologer.in

2. Problem in pregnancy
3. Problem in health of life partner.
4. Problem in Career etc.
So it is good to proceed for match making before finalizing the marriage.
A Very Important question asked from me many times that is it possible to rectify problem of horoscope after marriage. In this context I want to say that yes problem can be rectified after marriage but don't hesitate to discuss it with your consultant. An experienced consultant will help you a lot but you must have faith on him or her.

We not only match the horoscope but we also make detailed analysis of both horoscope or kudli and suggest what to do to make the life better. Solution of every problem is present only we need to reach up to the solution.
For matrimonial match we need Date of birth, time of birth, place of birth of both boy and girl and if possible a fresh original photograph i.e. without edited.

Curse in horoscope, Curses In Horoscope, Impacts In Life and Powerful Remedies, kundli or birth chart and their remedies, how curse is responsible for debt problem, impacts of curse in life, What planetary combination generate curse in horoscope?

What is curse in horoscope?

In astrology curse means the formation of planets in horoscope in such a way that the person suffers in life from various problems. Curse can be easily predicted through astrology. The curse is due to our past life deeds. It's a fact that nothing happens without any reason. it is not a matter of fear because if you are the lucky one who is going to know about your problems then you will be able to solve it easily. So It is not a matter to go away but it is a matter to analyze deeply and to find what is the exact reasons of problems in life and after that move in right direction to make our life smooth, better and workable.

The over all success in life means to get Dharm, Arth, Kama and Moksha. But it is not as easy as it sounds because only lucky persons are able to get these 4 things in life. Human birth is very important and it is our duty to live this life 200%. As per the 'Kashmir Shavism' the whole world is the garden of Lord shiva(the

supreme power) and we are here to enjoy the creations of shiva. But we looses the time in jealousy, in talking useless, in gossiping etc.

But there is a truth that a person behavior is very much due to the impacts of planets, it doesn't means that it is not possible to change the life. Every thing is possible in this life but the main thing is that will power and passion is necessary.

Two types of sufferings we faces in this life - 1 is due to the destiny and 2nd is due to the present work or deeds. For e.g. if we are walking on the road securely but if any vehicle collide then it is due to the destiny and if suppose there is a fire and we insert our hand knowingly and it burns because of present work.
