

FOLLOWING ARE THE LIST OF BOOKS FOR CAT THAT WILL HELP YOU A LOT IN YOUR PREPARATION . THESE ARE AS FOLLOWS :-

Books for Quantitative Aptitude (QA) section

Arun Sharma - Highly recommended and since it is popular, it has its own thread on Pagalguy too.

SK Verma - Good for clearing basics, goes into much detail and may get a tad boring for those who are used to this section. Those who are brand new, should buy this book over Arun Sharma as this one is more detailed than the former.

Nishant Sinha - A good book for MBA preparation but the above two shine above and beyond this one.

TIME material of Quant is very good.

Some Great books and material for Logical reasoning and Data Interpretation for this section include -

Career Launcher LR DI book - a thick booklet, the thickest in fact.

TIME Logical Reasoning for checking out the type of questions which are normally asked.

Test Fundas' Logical Reasoning and Data Interpretation Module

Test Funda free puzzle.

Shakuntla Devi Puzzles

Last but certainly not the least – Arun Sharma Logical Reasoning and Data Interpretation book.

Books for preparation of the Verbal Ability section of CAT include -

Normal Lewis Vocabulary book.

GOOD LUCK ..

Some of the books, which will help you in preparing for the Data Interpretation part of the Quantitative Ability & Data Interpretation section, are:

- How to prepare for the Data Interpretation for CAT by TATA-McGraw Hill publications
- 'Verbal & Non-Verbal Reasoning' by R.S. Agarwal

- How to prepare for the Data Interpretation for CAT by Arihant Prakashan
- 'Analytical and Logical Reasoning' by B.S. Sijwali.
- An interesting way to prepare for this is by regularly solving crossword puzzles, Sudoku, riddles etc. For this, pick out the leisure section of the daily newspaper. You can also solve case lets from various books and puzzle sites in the internet .
