Faculty of Law

Department of Law

Undergraduate Courses for Bachelor of Laws (LL.B Hons.)

University Profile

International Islamic University Chittagong (IIUC) is one of the Government approved Private Universities in Bangladesh. The credit for the idea of establishing this University goes to Islamic University Chittagong Trust (IUCT), which is the founder organization of the University. The Trust is a non-political and non-profit voluntary organization, registered with the Government of the People's Republic of Bangladesh under the Societies Act XXI of 1860. Under the aegis of IUCT and the grace of Allah (SwT), Islamic University Chittagong got the Government Approval on February 11, 1995 and the University was founded in the same year accordingly.

In 2004 IIUC was recognized as one of the 9 (nine) Top-graded (out of 54) Private Universities by Government-appointed High Powered Team led by the UGC Chairman. At present it is the largest private University with 297 (250 Full Time) teachers and around 12,000 students from home and abroad. The total space used for academic and administrative purposes is around 4,59,990 sft. A good number of full time teachers are studying abroad for higher degrees with IIUC scholarship.

Faculty of Law

Faculty of Law at International Islamic University Chittagong (IIUC) is one of the leading providers of education in law among the private universities in Bangladesh. The instruction offered by the faculty is of high standards. The Faculty of Law is committed to provide quality education and also strive to instill moral values into the students. All teachers are well qualified and dedicated to the development of the students and a good number of teachers possess foreign qualifications.

There are more about 1,200 law students at the Faculty of Law. The Faculty offers three programs namely LL.B (Hons), LL.B (Pass) and LL.M. Admission to LL.B (Hons) is based on the results of the Secondary and Higher Secondary Examinations and an admission test.

Objective of LL.B (Honors) Syllabus

The core objectives and aims of the syllabus are:

- to give students an understanding of the basic law subjects and general principles of law that are essential for every law graduate and lawyer,
- to provide students with training in the basic skills essential for every lawyer, including analysis, research, writing, advocacy and problem-solving,
- to give students an appreciation of the role of law and lawyers in their own society and in the global community that will better equip them to deal with the challenges of globalization,
- to equip the students with the necessary qualifications to apply for enrollment with Bar Council, to become judges or to become legal practitioners in various field; and
- to build the law students as informed and morally sound citizens who will contribute to the development of the country.

Programs of Study :

Total 126 credit hours have to be undertaken and completed by a student during 8 (eight) semesters. Duration of each semester is 6 (six) months. Each course carries 100 marks. Of the total marks allotted to each course, 20 marks are for attendance and class tests/assignments/oral tests, 30 marks are for mid-term examination and 50 marks are allotted for the final examination except Law-4804 & Law-4806.

Marks Distribution:

Class Tests/Assignments (at least two) / Viva	=	10 Marks
Class Attendance	=	10 Marks
Mid-Term Examination	=	30 Marks
Final Examination	=	50 Marks
Total	=	100 Marks

Course Code : CSE-1201
Credit Hours : 3

Course Title : Introduction to Computer
Contact Hours : 3

Objective : The objective of the course is to introduce the fundamental concepts of computer to the students. It provides a basic understanding of a computer, what it to do and how it to use. The course will cover the following area: Such as, Introduction to data processing unit- computer codes & arithmetic. Introduction to language- software – files - database – communication concepts, introduction to Internet & Computer hardware concepts. _

Section-A
(Mid-Term Exam: 30 Marks)

Introduction to computer and its Organization: Historical evolution of computers & classification, Computer generations, Basic organization and functional units of computer, central processing unit, microprocessor and micro controller.

Number Systems, Computer Codes and Arithmetic: Different number systems & their conversion, Fractional numbers, Numeric/alphanumeric data, BCD/ASCII code, Binary arithmetic (Addition, Subtraction).

Logic gates: Basic concepts of logic gates, truth table, Or gate, AND gate, XOR gate, NOR gate, universal gates.

Computer Memory: Memory, RAM, ROM, each memory, Sequential/Direct/Random access device, Magnetic tape and disk, hard disk, floppy disk, CEROM, optical disk.

I/O devices: Impute and output devices, Printers, Keyboard, Mouse, Scanner, and other devices

Computer program, software and language: Program planning, algorithms, flow charts, pseudopodia, Software and firmware, types of computer software, types of computer language, translator, interpreter, compiler,

Operating System: Evolution of OS, Multiprogramming, Multiprocessing, Time sharing system, Real time system, types of data processing, database concept, database management system.

Section-B
(Final Exam: 50 Marks)

Database Management System: data, record, field, file, entity, attribute, database, database management, database manager, database administrator, relational database.

Data Communication and Computer Network: Basic elements of a communication system, Types of communications among computers, Computer Network, LAN, MAN, WAN, Network topologies.

Business data processing, Multimedia and Internet: Goals of office automation, Advantages and threats of office automation, WWW, WAP, Internet, E-mail, Internet services, computer application.

E-commerce and e-governance: e-technology, e-commerce, components of e-commerce, e-government, infrastructure of e-governance, Impacts of Computer in society (business, education, health, law enforcing agencies).

Or

Course Code: URHS-1202

Course Title: *Hadith* Studies in Texts & Translation

Credit Hours: 01 (One) Hour

Contact Hours: 02 (Two) Hours (per week)

Objective of the course:

- To get the students acquainted with the prophetic *Hadith* and its importance.
- To bring the students in direct contact with the prophetic *Hadiths*.
- To help the students in getting guidelines from the prophetic *Hadiths*.
- To highlight before the students the meanings and message of the sayings of the Prophet (SAAS.) in some basic issues of their life.
- Encouraging the students to follow the teachings of the prophet (SAAS.) in every walk of their life.
- To create an interest among the students in studying the prophetic *Hadiths* regularly which can help them lead an ideal Islamic life.

Outcome of the course:

- After studying this course the following result is expected to be attained:

- This course will make the student informed about the nature, scope and importance of the prophetic *Hadith*.
- This course will enlighten the students through providing them with basic knowledge of the prophetic *Hadiths*.
- This course will make the students guided by the teachings and message of the Prophetic Tradition (*Hadith*).
- It will create special love and affection to the Prophet (SAAS.) which is the basic requirement for being a Muslim in true sense.
- This course will help the students to further their studies in the Prophetic tradition as part of their daily life.
- This course will help them in attaining the success in this life and salvation in the Hereafter.
- This course will create an atmosphere to enlighten the mental faculty of the students with the wisdom of the prophetic Tradition (*Hadith*).
- The course will pave the way for the students for following the commandment of the Prophet (SAAS.), abstaining from those disliked by him and to make decision in different issues based on knowledge and confidence.

Outlines of the course:

- This course will consist of 31 sayings of the Prophet (SAAS.) on different important issues related to different aspects of the life of every Muslim.
- The teacher shall project a *Hadith* of the Prophet (SAAS.) through Over Head Projector (OHP) along with its English translation. One or two students who can read the text in Arabic shall be asked to read it correctly, if he commits any mistake the teacher shall make necessary correction of the mistake, then the teacher shall translate it into English in two stages: Firstly word for word translation and secondly translation of the text as a whole. Explain the important words literally and terminologically as well where needed. Shall ask the students to repeat the meaning of the words and explanation thereof.
- Finally, the teacher shall highlight the lesson of this particular *Hadith* and discuss how to implement its teachings in our daily life.

Topic-wise arrangement of *Hadiths*:
