MOMENTS IN TIME  
The History Channel  
• On Aug. 20, 1804, Sgt. Charles Floyd dies three months into the voyage of Meriwether Lewis and William Clark, becoming the only member of the Corps of Discovery to die during the journey. Based on the symptoms described by Lewis and Clark, modern physicians have concluded that Floyd was probably suffering from acute appendicitis.  
• On Aug. 19, 1812, the U.S. Navy frigate Constitution, known as "Old Ironsides," catches the British warship Guerrière some 600 miles east of Boston. After considerable maneuvering, the Constitution delivered its first broadside. The British man-of-war was dismasted and rendered a wreck, while the Constitution escaped with only minimal damage.  
• On Aug. 18, 1958, Vladimir Nabokov's controversial novel "Invitation of a Small Boat" is published in the U.S. The novel, about a man's obsession with a 12-year-old girl, had been rejected by four publishers before G.P. Putnam's Sons accepted it.

## GAME COMMISSION POSTS BEAR AGE DATA ON WEBSITE

Harrisburg - Hunters interested in learning the age of the bear they harvested during the 2009 seasons can log onto the Pennsylvania Game Commission's website ([www.pgc.state.pa.us](http://www.pgc.state.pa.us)). To access the database, click on "Hunt/Trap" in the menu bar at the top of the page, click on "Hunting," scroll down and click on "Black Bear" in the "Big Game" listing, and then scroll down and click on "Black Bear Age Data" in the "Reference" listing.

"As a cost-cutting measure, the Game Commission no longer mails a certificate and letter to successful bear hunters notifying them of their bear's age," said Carl G. Roe, agency executive director. "To maintain this valued customer service, however, we provide hunters with a certificate at the check station when their bear is processed, and information about how and when they can find the age data, which is determined by examining a tooth from the bear that is extracted as part of the check station processing, on our website."

Ages are available only for bears from which a tooth was pulled. To access the data and learn the age of their bear, a hunter will need to have their legal seal number from the check station certificate. If the hunter no longer has the seal number, age data also is provided in charts broken down by county of harvest.

In 2009, of the nearly 148,000 licensed bear hunters, 3,512 bears were harvested and taken to check stations, which is the second highest harvest recorded in Pennsylvania. The record bear harvest of 4,164 was set in 2005.

Instructions on the back of the certificates distributed at check stations to access this data on the agency's website presently is incorrect. The certificates issued in 2009 were printed and distributed prior to the agency's transition to a new website format, which has significantly changed the navigation features of the new website.

Charles Cole Memorial Hospital will offer heel screenings from 1 to 3 p.m., August 20 at the Women's Health Center in hospital's Irwin Medical Arts Center. Call 877/274-8200 for an appointment.

Heel screenings give patients a preliminary bone density score (T score) in a matter of minutes. Low scores typically call for a more thorough exam. Those who should receive a heel screening include women over 65 or who have had an early menopause or hysterectomy or other hormonal depletion, men over 70, men and women taking certain medications or certain cancer treatments, those with risk factors or a disease or condition that can cause bone loss, and men and women who eat a low calcium diet or have had significant height loss.

BOLIVAR-RICHBURG CENTRAL SCHOOL NEWS

August 2010

FROM THE DESK OF THE SUPERINTENDENT

Dear Community Members:

As August draws to a close, September's promise of a fresh beginning is just ahead. "Back to School" has special meanings for each of us, whether we are students (former or current), educators, or parents. At Bolivar-Richburg, the start of a new school year represents the renewal of our commitment to helping our children develop their potential and achieve their dreams. We know that learning is the key to success, and learning will be our focus as we strive to provide the best education possible for all of our students.

One of the ways in which we assess student learning is through the New York State tests in English Language Arts and Math, administered each year in Grades 3 through 8. As you may be aware, in late July the New York State Education Department released the scores for the tests given in the spring of 2010. Prior to the release of the results, the Commissioner announced that there would be a change in the "cut scores" which are used to define the levels of student performance on these tests, scored from Levels 1 to 4. Because of this change, it was predicted that districts could expect to see a decline in the number of students who scored at Levels 3 and 4 (meeting or exceeding proficiency standards). For example, in 2009, a student scoring 650 on the 3rd Grade Math test would have achieved a Level 3. In 2010, a score of 684 was required to earn a Level 3. Our scores are listed in the chart below. While the percentage of students scoring at Levels 3 and 4 is lower than last year, it is important for us to realize that it does not translate into a decline of student achievement or performance. It means that the state has decided to score the exams more rigorously, in an effort to make "proficiency" more meaningful and indicative of future success than it had been in the past. As a District, we will examine and analyze this data and work hard to enhance our curriculum and instruction to help all our students achieve to their highest potential.

2009-2010 Assessment Data

Percentage of Students Scoring at Levels 3 and 4 Level 3 – Meets Proficiency Standards Level 4 – Exceeds Proficiency Standards		
	English Language Arts	Mathematics
Grade 3	64%	50%
Grade 4	67%	47%
Grade 5	48%	63%
Grade 6	46%	43%
Grade 7	52%	75%
Grade 8	50%	57%

My first month at Bolivar-Richburg has flown by, and I have enjoyed getting to know many of our staff. Within the next few weeks, I will be moving into the District, and my husband and I are very excited about becoming part of the community. B-R is rich in history and tradition, and while it is important that we recognize and honor the past, I hope you will all join me in welcoming the challenges of the future. Building on the foundation of high expectations, hard work, and community support, we can be confident our students will reap the rewards of an outstanding education. I look forward to working with all of you to provide our children with the very best learning experiences and environment. After all, that is what they deserve!

Sincerely,

Marilyn Capawan

ELEMENTARY NEWS

By: Michael Schott  
Elementary Principal

The start of another school year is just around the corner, and I hope that the students, faculty, and staff are gearing up for what I am sure will be another great year at our elementary school.

We have not had major renovations taking place at the elementary building this summer, so our custodial staff, grounds crew, and summer help have been able to thoroughly clean the building and get the outside of the building looking great for the start of school. I thank them for all their hard work.

There have been many students and teachers using our building this summer as once again we had summer school taking place at the elementary building. The free breakfast and lunch program also took place at the elementary building, and by the number of meals that were served, I'd have to say it was once again a huge success.

Teachers and staff will be returning to school on August 30th and 31st for in-service training. Students in grades 1 – 5 will start school on September 1st. Parents of kindergarten students will meet with your child's teacher on this day and all kindergarten students will start school on September 2nd. There will be no school on Friday, September 3rd or Monday, September 6th. School will resume on Tuesday, September 7th.

As in the past, the school day for elementary students will be from 7:50 – 2:55 except on Wednesdays when students will be dismissed at 2:15. **Students should not be dropped off at school before 7:50** as there is no supervision in the building. If you are picking your child up at the end of the school day, you **must** wait for them in the hallway by the main office. If you bring your child to school late or need to get them out of school early, **you must sign them in or out in the guidance office. Your child must**

be in school by 8:10 in order to not be marked tardy.

Continuing with our bus policy of last year, there will be no bus passes issued for students to ride a different bus home or be dropped off at a different location. If you have not filled out the form designating your child's pick up and drop off point, please do so by contacting our bus transportation supervisor at the bus garage.

Students may purchase breakfast and/or lunch by using their student ID card. It is extremely important that your child has money on their cafeteria account. If a student does not have money on their account, they will not be able to purchase the menu meal.

"Meet the Teacher Night" is scheduled for September 16th from 6:30 – 8:00 for all first through fifth grade classrooms. **Picture Day** is scheduled for September 21st for all students.

I am looking forward to a great school year working with our excellent faculty and staff as well as you, the parents and your children. Working together as a TEAM, we can continue to make BRCS Elementary a model school.

SECONDARY PRINCIPAL'S MESSAGE

Dear Students, Parents and Members of the Community,

It is with great anticipation that I welcome everyone back for the 2010-2011 school year. I hope that everyone has had a refreshing summer and is eager to get started with the necessary work and responsibilities that are required for academic, behavioral and extra-curricular success.

To recap the 2009-2010 school year we continued to experience success in both our grades 6-8 State Assessments and Regents Examinations. The academic accomplishments of our students are a combination of hard work on their part, commitment from their teachers and support from home. By all of us working together we can best ensure that every single child is served by this school and prepared for the day when they leave our friendly confines. We had another stellar year in terms of extra-curricular success, as we saw many of ours students garner recognition for their musical and athletic accomplishments. Most importantly, we had all fifty-five students graduate with their Regents Diploma this past June.

At the end of the last school year the Bolivar-Richburg Central School District as a whole, had yet another successful year in regards to New York State Regents Examinations. The results are as follows:

JUNE 2010 REGENTS RESULTS

Regents Exam	Number Tested	Number Passed	Percent Passed (65%)	Percent Mastery (85%)
Integrated Algebra	44	39	89%	14%
Geometry	42	35	83%	12%
Algebra 2/ Trigonometry	30	18	60%	20%
English	61	60	98%	46%
Global History	60	53	88%	33%
Spanish	17	17	100%	53%
Earth Science	55	43	78%	36%
Living Environment	46	42	91%	33%
Chemistry	13	12	92%	23%
Physics	15	11	73%	33%
US History	62	61	98%	73%

As you can see, our students performed admirably on the June 2010 Regents Examinations, however we are never truly satisfied with these results, and look forward to the challenge of raising the level of student performance during the upcoming school year.

This summer has seen two new faculty members being hired in the middle/high school building. New staff members are as follows;

1. Ms. Angela Keiser – Middle School Guidance
2. Ms. Heather Renyck – Earth Science

The new faculty members that have been hired bring a mix of experience and enthusiasm that should fit in nicely with our goal of providing the best education possible to all of our students.

As the summer draws to a close I'd like to point out some important upcoming dates;

1. August 16th – Start of fall sports
2. August 25th -26th – New student registration
3. August 26th – 6th grade orientation (7:00 PM)
4. **September 1st – Opening Day of school for students**
5. September 23rd – Meet Your Teacher Night (6:30 – 8:00 PM)

I hope everyone enjoys the remaining days of summer and I look forward to seeing all of you very shortly. I know we are in store for another fantastic school year!

Yours in education,

John R. Marshall

Secondary Principal

6TH GRADE ORIENTATION NIGHT

The transition moving from fifth grade up to sixth can be a scary one for some students! Sixth grade marks the passage from the elementary school to middle school, a time filled with many physical, social, and emotional changes. In June, fifth graders had a chance to have questions about sixth grade answered by student experts who were at the time in sixth grade and were also able to tour the Bolivar building on "Moving-Up Day" and see where their sixth grade classrooms are located. Students have a chance to ask any last minute questions that they had after touring the building. Still some students voiced the following concerns: "What if I get lost?" "What if I can't get my locker undone?" "How will I get from one room to the next in time?" and "How will I know where to go next?" Hopefully Sixth Grade Orientation Night will ease some of these normal anxieties that students and parents experience.

For those students entering sixth grade this September and their parents, a brief orientation will be held on.....

THURSDAY, AUGUST 26th AT 7 P.M.  
IN THE AUDITORIUM AT THE BOLIVAR CAMPUS.

At orientation:

- ☑ Students will receive their schedules (including locker numbers and combinations).
- ☑ An orientation packet will be handed out which details helpful information from the 6th grade team of teachers as well as study skill tips and other important information.
- ☑ Students and parents will be allowed to walk through the building to become familiar with classroom locations.
- ☑ Students can practice opening their lockers prior to the first day of school.
- ☑ You can meet your new middle school counselor.

Hopefully this orientation will ease the transition to sixth grade. Students unable to attend orientation will be given their schedules and locker assignments on the first day of school. **Students new to our district in grades 6-9 are also invited to attend orientation to familiarize themselves with the building.**

We look forward to welcoming you to the Bolivar building and look forward to meeting you at Sixth Grade Orientation!

Mrs. Crandall-Bean, School Counselor, grades 10-12

The Board of Education affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility.

Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District shall make its program and facilities accessible to all its students with disabilities.

The District shall also identify, evaluate and extend to every qualified student with a disability under Section 504 a free, appropriate public education, including modifications, accommodations, specialized instruction or related aids and services, as deemed necessary to meet their educational needs as adequately as the needs of non-disabled students are met.

Sexual Harassment of Students

The Board of Education affirms its commitment to non-discrimination and recognizes its responsibility to provide for all District students an environment that is free of sexual harassment and intimidation. Sexual harassment is a violation of law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of sexual harassment by employees, school volunteers, students, and non-employees such as contractors and vendors which occur on school grounds and at all school sponsored events, programs and activities including those that take place at locations off school premises or those that take place in another state. Generally, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication of a sexual nature when:

- a) Submission to or rejection of such sexually harassing conduct and/or communication by a student affects decisions regarding any aspect of the student's education, including participation in school-sponsored activities;
- b) Conditions exist within the school environment that allow or foster obscene pictures, lewd jokes, sexual advances, requests for sexual favors or other harassing activities of a sexual nature; and
- c) Such conduct and/or communication has the purpose or effect of substantially or unreasonably interfering with a student's academic performance or participation in an educational or extracurricular activity, or creating an intimidating, hostile or offensive learning environment; and/or effectively bars the student's access to an educational opportunity or benefit.

Complaint Process

Any student suspecting discrimination on the basis of sex, sexual orientation, age, marital status, military status, political affiliation, race, creed or religion, color, national origin, or disability may make a claim of discrimination using the procedure outlined below. Anyone who is aware of or has a complaint about sexual harassment should also follow this procedure. This claim or complaint is filed with the Superintendent/designee, who will assist with the complaint process if necessary. The following information should be included on the complaint.

- 1) The exact nature of the complaint – actions, policies, or practices believed to be discriminatory and any person believed to be responsible.
- 2) The date, time and place of the alleged discriminatory action(s).
- 3) The names of witnesses or persons who have knowledge about the complaint.
- 4) Any available written documentation or evidence that is relevant to the complaint.
- 5) The actions that could be taken to correct the complaint.

The Superintendent/designee shall cause a review of the complaint to be conducted (including necessary meetings and interviews) and a written response mailed to the complainant within ten school days after receipt of the complaint.

If it is agreed that discrimination occurred, corrective action will be taken to restore denied rights.

If there is not agreement, a written appeal may be submitted to the Board of Education indicating the reasons for disagreement. The Board of Education shall consider the appeal at its next regularly scheduled meeting following receipt of the appeal.

A complaint of illegal discrimination may also be filed with the Federal Office for Civil Rights, United States Department of Education.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) MODEL NOTICE FOR DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Bolivar-Richburg Central School, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Bolivar-Richburg Central School may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Bolivar-Richburg Central School District to include this type of information from your child's education records in certain school publications. Examples include:

- ☑ A playbill, showing your student's role in a drama production;
- ☑ The annual yearbook;
- ☑ Honor roll or other recognition lists;
- ☑ Graduation programs; and
- ☑ Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Bolivar-Richburg Central School to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by September 30, 2010. Bolivar-Richburg Central School has designated the following information as directory information:

- ☑ Student's name
- ☑ Address
- ☑ Telephone listing
- ☑ Electronic mail address
- ☑ Photograph
- ☑ Date and place of birth
- ☑ Major field of study
- ☑ Dates of attendance
- ☑ Grade level
- ☑ Participation of officially recognized activities and sports
- ☑ Weight and height of members of athletic teams
- ☑ Degrees, honor, and awards received
- ☑ The most recent educational agency or institution attended
- ☑ Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)

<sup>1</sup>These laws are: Section 9528 of the Elementary and Secondary Education Act (20 U.S.C. § 7908), as amended, and 10 U.S.C. § 503(c), as amended.

MODEL NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day Bolivar-Richburg Central School receives a request for access.

Parents or eligible students should submit to the Bolivar-Richburg Central School appropriate building principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write the appropriate school building principal, clearly identify the part of the record they want changed, and specify why it should be changed. If Bolivar-Richburg Central School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, Bolivar-Richburg Central School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-8520

MIDDLE/HIGH SCHOOL ATTENDANCE OFFICE  
WELCOMES YOU BACK

Welcome back everyone. Another year has gone by and the beginning of the school year 2010-11 is approaching us quickly. I hope everyone had a good summer.

There have been a few changes in the attendance policy, so please read the Comprehensive Attendance Policy located in the Code of Conduct in this newsletter. If you've had any changes made with addresses, phone numbers, parental work numbers, etc., within the last year, please call the Attendance Office, located in the Main Office, x2901. When students and parents enter to sign-in or out of the building for appointments, they must report to the Main Office located on the second floor. Please, have your child bring in an excuse to the Main Office before the start of school so we won't interrupt classes asking for their removal later in the day. If a student needs to drive himself to an appointment, please add that information to the excuse or he will not be excused. ALL students should bring back a doctor's excuse when attending an appointment, whether they are in a sport or not. A parent or guardian are the ONLY adults allowed to excuse a student unless otherwise noted on the excuse signed by the parent or guardian. A student who is 18 or older IS NOT allowed to sign himself out of school without written parental permission for their appointment. If a student is absent due to illness, etc., a parent should send in a written excuse the next day he returns to school. When a student plans to be absent due to a vacation, he MUST pick up a vacation form from the Main Office (vacations are NOT a legal excuse).

Everyone here at Bolivar-Richburg wants to encourage good attendance and also good rapport with our parents and students regarding attendance. If you have any questions or concerns, please feel free to call me at 928-2561, extension 2901.

Thank you for your time and cooperation.

**Amy Ratzel  
Attendance Officer**

### Student Dress Code

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other district personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

A student's dress, grooming, and appearance, including hair style/color, jewelry, make-up and nails:

1. Shall be safe, appropriate, and not disrupt or interfere with the educational process.
2. Shall recognize that extremely brief garments, such as tube tops, net tops, halter tops, spaghetti straps, plunging necklines (front and/or back), extremely short skirts and shorts (must go beyond mid-thigh) and see-through garments are prohibited. Shoulder straps must be at least 2 inches wide. No midriffs will be showing. Tops must cover the midriff area, sitting or standing (the navel and back must be covered). Gentleman should not wear muscle shirts that do not cover the entire shoulder area or with cuts down the side.
3. Shall ensure that under apparel is completely covered with outer clothing. No open fly, see through tights or pajama bottoms are allowed.
4. Shall include footwear at all times. Slippers are not allowed. Footwear that is a safety hazard will not be allowed.
5. Shall exclude wearing hats, caps, or other head coverings in school or in the classrooms. This includes no wearing of the hood of a sweatshirt. Head bands which are distracting in nature are not permitted.
6. Shall not include items that are vulgar, obscene, libelous, or denigrate others on account of race, color, religion, creed, national origin, sexual orientation, or disability.
7. Shall not promote and/or endorse the use of alcohol, tobacco or illegal drugs and/or encourage other illegal or violent activities.
8. Shall not include wallet chains, spike jewelry and other heavy chains because of the potential safety hazard and because they are disruptive in class and can damage school property.
9. Shall not wear clothing (including clothing with writing) or have appearance which will tend to be upsetting to other persons present on school premises, as determined by teachers or staff of the school.

If the student disagrees with the conclusion of the teacher or staff member, they may seek review by the Principal or Superintendent. If the student is unhappy with the decision of the named Administrators, the student can request a further review by the Board of Education. It is understood that a student who requests a review will still need to change the clothing in question until the review process can take place.

**This code is a guideline and is up to the discretion of the staff to determine appropriateness as needed.** Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item, if necessary or practical, and replacing it with an acceptable item. The office personnel will provide a t-shirt as needed. Any student who refuses to comply shall be subject to discipline and any student who repeatedly fails to comply with the dress code shall be subject to further discipline, up to and including out of school suspension. Students who cannot modify their appearance as required will be placed in In-School Suspension until appropriate clothing can be secured.

### Electronic Devices

**All video, audio, cell phones, pagers, MP3 players and other electronic communication devices are prohibited. Students who bring electronic devices to school are to have them turned off and put away until dismissal. Devices should be turned off when the school doors are opened at 7:45 A.M. and cannot be turned back on until after the advisement bell rings at 2:48 P.M. Administrative action will be taken against students who violate this rule. Consequences for this type of violation will result in detention and/or the school administrator/employee confiscating the electronic device. Repeated violations will result in escalating circumstances which could include in-school suspension and temporary confiscation of the electronic device. Devices which are frequently confiscated or cause a major disturbance can be held by the school for an extended period of time.**

Parent and student communication should be kept to a minimum during the school day. In the event of an emergency, parents can contact the school to communicate with their child, or a child can use the phone in the main office to contact a parent. Final decisions on communication are subject to the discretion of the school.

### Prohibited Student Conduct

The board of education expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and to focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

Students may be subject to disciplinary action, up to and including suspension from school, when they:

#### A. Engage in conduct that is disorderly.

Examples of disorderly conduct include, but are not limited to:

1. Running in hallways.
2. Making unreasonable noise.
3. Using language or gestures that are profane, lewd, vulgar, or abusive.
4. Obstructing vehicular or pedestrian traffic, including hallway traffic. Large groups of students cannot gather in front of one locker.
5. Engaging in any willful act which disrupts the normal operation of the school community.
6. Trespassing. Students are not permitted in any school building, other than the one they regularly attend, without permission from the administrator in charge of the building.
7. Computer/electronic communications misuse, including any unauthorized use of computers, software, or internet/intranet account; accessing inappropriate web sites; or any other violation of the district's acceptable use policy.
8. No outwardly displays of affection will be allowed. This includes but is not limited to hand holding, hugging and kissing.
9. Any person to person contact which is deemed inappropriate by school officials is not allowed.

#### B. Engage in conduct that is insubordinate.

Examples of insubordinate conduct include, but are not limited to:

1. Failing to comply with the reasonable directions of teachers, school administrators or other school employees in charge of students or otherwise demonstrating disrespect.
2. Lateness for, missing, or leaving school without permission.

Examples of disruptive conduct include, but are not limited to:

2. Committing an act of violence (such as hitting, kicking, punching, and scratching) upon another student or any other person lawfully on school property or attempting to do so.

4. Displaying what appears to be a weapon.
5. Threatening to use any weapon.
6. Intentionally damaging or destroying the personal property of a student, teacher, administrator, other district employee, or any person lawfully on school property, including graffiti or arson.
7. Intentionally damaging or destroying school district property.

Examples of such conduct include, but are not limited to:

3. Defamation, which includes making false or unprivileged statements or representations about an individual or identifiable group of individuals that harm the reputation of the person or the identifiable group by demeaning them.
4. Discrimination, which includes the use of race, color, creed, national origin, religion, gender, sexual orientation, or disability as a basis for treating another in a negative manner.
5. Harassment, which includes a sufficiently severe action or a persistent, pervasive pattern of actions or statements directed at an identifiable individual or group which are intended to be or which a reasonable person would perceive as ridiculing or demeaning.
6. Intimidation, which includes engaging actions or statements that put another individual in fear of bodily harm.

15. Initiating a report warning of fire or other catastrophe without valid cause, misuse of 911, or discharging a fire extinguisher.

#### F. Engage in misconduct while on a school bus.

It is crucial for students to behave appropriately while riding on district buses to ensure their safety and that of other passengers and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior as outlined in the school bus riders' manual.

**G. Engage in any form of academic misconduct.**

Examples of academic misconduct include, but are not limited to:

1. Plagiarism
2. Cheating
3. Copying
4. Altering records
5. Assisting another student in any of the above actions.

**Reporting Violations**

All students are expected to promptly report violations of the code of conduct to a teacher, guidance counselor, the building principal or designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report this information immediately to a teacher, the building principal, the principal's designee or the superintendent.

Any weapon, alcohol, or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

**Disciplinary Penalties, Procedures & Referrals**

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability.

**Penalties**

Students who are found to have violated the district's code of conduct may be subject to the following penalties, either alone or in combination. Penalties will be imposed by authorized school personnel as designed by School Education Law and consistent with the student's right to due process. Examples of penalties are:

1. Oral warning
2. Written warning
3. Written notification to parent
4. Detention
5. Extended detention.
6. Saturday detention
7. Suspension from transportation
8. Suspension from athletic participation
9. Suspension from social or extracurricular activities
10. Suspension of other privileges
11. In-School Suspension
12. Removal from classroom by teacher
13. Short-term (five days or less) suspension from school
14. Long-term (more than five days) suspension from school
15. Permanent suspension from school

**Periods of Suspension****Students who bring weapons to school**

Any student found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year.

**Students who commit violent acts other than bringing a weapon to school.**

Any student who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days.

**Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interfere with the teacher's authority over the classroom.**

Any student who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for a minimum of two (2) days. For purposes of this code of conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law §3214(3-a) and this code on four or more occasions during a semester. If the proposed penalty is the minimum two-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum two-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The suspending authority has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the suspending authority may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

**Referrals**

Students may be referred to a counselor, Family Court (PINS) or County Attorney for a juvenile delinquent proceeding as required by law.

**Alternative Instruction**

When a student of any age is removed from class by a teacher or a student of compulsory attendance age is suspended from school pursuant to Education Law §3214, the district will take immediate steps to provide alternative means of instruction for the student.

**Student Lockers, Desks and other School Storage Places**

Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

If you would like a full page version, please contact Mrs. Ratzel in the main office at the secondary building or Mrs. Robinson at the elementary office.

**Student Guidelines****Cafeteria**

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced breakfast and lunch are offered at a reasonable price.

The lunchroom management and your fellow students will appreciate your cooperation in:

1. Depositing all lunch litter in wastebaskets.
2. Returning all trays and utensils to the dishwashing area.
3. Leaving the table and floor around your place in a clean condition for others.
4. Once a student is seated they should not make an excessive number of trips from their table.
5. No food or drink may be taken from the cafeteria.

**Dance Procedures**

Bolivar-Richburg is very proud of the student body's positive attitude and appropriate conduct at school dances. Dances are considered an extracurricular activity sponsored by the school, and as such, all regulations pertaining to student conduct are in effect.

Middle school dances (grades 6-8) are scheduled from 7:00-9:00 p.m. Grades 9-12 dance times are from 8:00-11:00 p.m. (Special dance times may vary and will be announced in school.). Generally all dances will be held on Friday or Saturday evenings.

Students who leave dances early will not be allowed re-admittance and must sign out when they leave.

In addition, the following rules apply:

1. Students must attend school the day of a dance (if a school day).
2. If a student leaves a dance, the student must also leave school grounds.
3. No one will be admitted during the final hour of either dance.
4. Admission is limited to students of Bolivar-Richburg Central School unless they are registered guests. A guest may register as follows:
  - a) Sign up as the host (B-R student) and sign up your guest (one host/one guest).
  - b) Sign up no later than one day prior to the date of the dance. The guest sign-up sheet will be in the main office.

Guidance services are available for all students. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study helps, help with home, school and/or social concerns, or any question the student may feel he would like to discuss with the counselor.

Students wishing to visit a counselor should contact the secretary in the guidance office to arrange for an appointment.

**Health Services**

If a student becomes ill in school, the student should report his/her illness to the teacher, who will notify the nurse. The teacher will allow the student to report to the nurse when the nurse is available. The nurse will decide what should be done. 5. Have your child educated in facilities and receive services comparable to those provided nonhandicapped students;
6. Have your child receive special education and related services if he/she is found to be eligible under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act;

9. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district;
10. Examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement;

If the school district refuses this request for amendment, it shall notify you within a reasonable time, and advise you of the right to a hearing;
14. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program, or placement. You and the student may take part in the hearing and have an attorney represent you;

**Mr. McDowell**

Welcome back to the 2010-11 school year at BRCS. You are now seniors - congratulations! I had the privilege of teaching some of you in junior high, and now we find ourselves together again as you prepare to leave your high school experience behind and enter the next phase of your life. This new phase might include joining the work force, the military, or continuing your education. Whatever your choices may be, my goal is to equip you with the appropriate language and communication skills to meet with success in your chosen endeavor. With these goals in mind, expect to participate in a good deal of reading, writing, and thinking this year. Writing assignments will include literary analysis and research, as well as creating practical documents such as resumes and cover letters.

For class, please have the following: a three-ring binder to keep your writing assignments organized, a novel or other book for independent reading when we are not reading a novel as a class, pens, and your enthusiasm for learning. See you September 1st!

**Food Stamp/TANF/FDPIR Households:** Households which currently include children who receive Food Stamps or Temporary Assistance Needy families (TANF), or the Food Distribution Program on Indian Reservations (FDPIR) must complete an application listing the child's name, a food stamp, TANF, or FDPIR case number and the signature of an adult household member, or provide a Direct Certification letter from the NYS Office of Temporary and Disability Assistance. Children in the household with the same case number may be included on the same application. Separate applications are required for children in the same household with different case numbers. If the family does not list a food stamp, TANF, or FDPIR case number for all children for whom they are applying, then the application must contain all the information as required for "other households" as described below.

**Other Households:** Households with incomes the same or below the amount of money listed above for their family size may be eligible for and are urged to apply for free and/or reduced price meals (or free milk). They may do so by filling in the application forms sent home with a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year to Tracie Middleton.

The information provided on the application will be confidential and will be used for determining eligibility. The names and eligibility status of participants may also be used for the allocation of funds to federal education programs such as Title I and National Assessment of Educational Progress (NAEP), State health or State education programs, provided the State agency or local education agency administers the programs, and for federal, State or local means-tested nutrition programs with eligibility standards comparable to the NSLP. Eligibility information may also be released to programs authorized under the National School Lunch Act (NSLA) or the Child Nutrition Act (CNA). The release of information to any program or entity not specifically authorized by the NSLA will require a written consent statement from the parent or guardian.

The school district does, however, have the right to verify at any time during the school year the information on the application. If a parent does not give the school this information, the child/children will no longer be able to receive free or reduced price meals (free milk).

Foster children may also be eligible for these benefits. An application for a foster child must contain the child's name, the child's personal use income and an adult signature.

Under the provisions of the policy, the designated official will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the designated official, he/she may make a request either orally or in writing for a hearing to appeal the decision. Jenny Billotta, whose address is 100 School Street, Bolivar, NY 14715, has been designated as the Hearing Official. Hearing procedures are outlined in the policy. However, prior to initiating the hearing procedure, the parent or School Food Authority may request a conference to provide an opportunity for the parent and official to discuss the situation, present information, and obtain an explanation of the data submitted in the application or the decisions rendered. The request for a conference shall not in any way prejudice or diminish the right to a fair hearing.

Only complete applications can be approved. This includes complete and accurate information regarding: the Food Stamp, TANF, or FPIR case number; the names of all household members; on an income application the social security number of the person who signs the form or an indication that the adult does not have one, and the amount and source of income received by each household member. In addition, the parent or guardian must sign the application form certifying the information's true and correct.

**Nondiscrimination Statement:** This explains what to do if you believe you have been treated unfairly. In accordance with federal law and U.S. Department of agriculture policy. This institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (202) 720-5964. ## THINGS TO KNOW ABOUT BOLIVAR-RICHBURG CENTRAL SCHOOL HEALTH POLICIES

**IMMUNIZATION:** State law requires all students entering public or private school be immunized against the following: polio, DPT, measles, rubella, mumps, chicken pox, hepatitis B and Haemophilus influenza. Legal exemptions are allowed for medical or religious reasons only. A complete record of immunizations must be presented before a child may enter Bolivar-Richburg Central School.

**ILLNESS:** A child who appears ill should be kept home. Prolonged or contagious illness should be reported to the school nurse so she may contact parents whose children may have been exposed. If a child becomes ill in school, parents will be notified and are expected to come for the child or make arrangements to have him/her taken home.

**EMERGENCY NUMBERS:** It is important to have in our files the name and phone number of a friend or relative who may assume responsibility for a child when the parent cannot be reached. Our policy is not to release a child in the custody of anyone other than the parent or a designated person. It is also important to have the name and phone number of the child's doctor.

**EXCUSES:** School policy requires a written excuse be kept on file for each absence or tardy. It should include the child's name, the date, reason for the absence, number of days absent or tardy and the parent's signature.

**EMERGENCY CARE:** State law permits a nurse to give one-time emergency care only. Accidents or illnesses that occur at home cannot be treated at school.

**MEDICATIONS:** A school nurse may not legally give any medication, even aspirin, without a written order signed by a doctor and written permission signed by the parents. Where daily medication is required, the doctor's order and parent's permission must be renewed each year. Never send medications to school with the child. It may change hands on the way to school.

**MEDICAL PROGRAM:** Physicals are required before entrance to kindergarten. School physicals are required in first, third, fifth, seventh and tenth grades and on all new students who have not had one. Parents will be notified of any conditions the doctor feels may require treatment. Eyes and ears of all students, kindergarten through sixth grade, are screened each year. Parents are notified if any student fails the screening test.

**ACCIDENTS:** School related accidents are covered by school insurance. The insurance contract states that parents must use their own insurance first and then the school insurance will continue coverage. This avoids duplication of payments and keeps the cost of the insurance within reasonable limits.

During the school year, your child participates in many activities in the elementary school, such as concerts, plays, assemblies, field day and many others. From time to time, we take pictures of these events and have them published in our newsletter or in the local newspapers. The children enjoy seeing their pictures in the newsletter or newspaper. If for some reason you would prefer **not** to have your child's picture in them, please send a note to that effect to Mrs. Robinson, secretary in the elementary office. Thank you for your cooperation in this matter.

When dropping off or picking up students at the elementary building, please use Richardson Avenue for this purpose or the parking lot located by the bus garage. **No students are to be dropped off or picked up on Griffin Street or Park Row Street as this causes a safety issue** with the busses. THE KITCHEN DIVA  
By Angela Shelf Medearis

Freezing Saves  
the Best of Summer

It's August, and that means I'm busily trying to figure out a way to preserve the smells and flavors of my favorite vegetables. I enjoy stocking my freezer with the vegetables I've grown or bought in large quantities from local farmers. Your freezer is one of the best ways to preserve the color and flavor of summer produce all year long. Here's some great tips for freezing the best selection of your favorite summer vegetables and herbs:

Can I Freeze Bell and Sweet Peppers Raw?  
If you've picked a peck of peppers and have too many to eat, try freezing them. Peppers are one of those foods that can be quickly frozen raw without blanching them first. The National Center for Home Food Preservation, hosted by the University of Georgia Cooperative Extension Service, offers these guidelines on freezing bell and sweet peppers raw:  
Select crisp, tender, green or bright-red pods. Wash, cut out stems, cut in half and remove seeds. If desired, cut into 1/2-inch strips or rings. Good for use in uncooked foods because they have a crisper texture, or in cooked foods. Package raw, leaving no headspace. Seal and freeze.  
NOTE: To make it easier to remove only the amount of frozen bell or sweet peppers needed at one time, freeze sliced or diced peppers in a single layer on a cookie sheet with sides. Transfer to a "freezer" bag when frozen, excluding as much air as possible from the bag.

Can Tomatoes be Frozen Raw?  
Like peppers, tomatoes can be frozen raw. Frozen tomatoes are best used in cooked foods such as soups, sauces and stews as they become mushy when they're thawed.  
Select firm, ripe tomatoes with deep red color. Wash and dip in boiling water for 30 seconds to loosen skins. Core and peel. Freeze whole or in pieces. Pack into containers, leaving 1-inch headspace. Seal and freeze.  
TIP: Dip just a few tomatoes at a time into the boiling water or the water temperature may be lowered too much to remove the skins without overheating the tomatoes. Place hot tomatoes in a colander and rinse under cold water to make them easier to handle. A knife with a serrated edge works best for cutting tomatoes.

How About Freezing Fresh Herbs?  
Wash, drain and pat the herbs dry with paper towels. Wrap a few sprigs or leaves in freezer wrap and place in a freezer bag, then seal and freeze. The frozen herbs can be chopped and used in cooked dishes. After freezing, the herbs usually are not suitable for garnish, as they become limp when thawed.

TIP: To extend the time frozen fruits and vegetables maintain good quality, package foods in material intended for freezing and keep the temperature of the freezer

at 0 F or below. It is generally recommended that frozen vegetables and fruits be eaten within eight months for best quality.

GAZPACHO

This wonderful recipe for Gazpacho is a great way to use a variety of your favorite herbs and summer vegetables.

chopped  
1 medium-sized red onion, minced  
3 tablespoons red wine vinegar  
2 tablespoons olive oil  
Juice and zest of 1/2 lemon  
2 tablespoons fresh parsley, chopped  
2 tablespoons fresh basil, chopped  
1/2 teaspoon hot sauce  
1 teaspoon salt  
1 teaspoon fresh ground pepper  
1/2 teaspoon sugar  
1/4 teaspoon nutmeg  
1 medium avocado, peeled and diced, for garnish  
1 cup herbed croutons, for garnish

1. To peel the tomatoes, submerge them in boiling water for 15 seconds. (Dip just a few tomatoes at a time or the water temperature may be lowered too much to remove the skins without overheating the tomatoes.) Place in

a colander and rinse under cold water. The skins should slip right off. Core the tomatoes and gently squeeze out the seeds. Chop half of the tomatoes coarsely and puree the other half in a food processor. Combine the puree and chopped tomatoes in a large mixing bowl. 2. Add the cucumber, bell pepper, onion, vinegar, olive oil, lemon juice and zest, parsley, basil, hot sauce, salt, pepper, sugar and nutmeg to the tomatoes. Mix gently to blend the ingredients. Cover and refrigerate for several hours before serving. 3. Serve chilled. Garnish with the avocado and herbed croutons, if desired. Makes 6 servings.

**The Garden Bug Impatiens**

This family of plants is native to eastern Africa, from Kenya to Mozambique. It has hundreds of species, but only a few are widely grown, such as *walleriana*, *balsamina* and New Guinea hybrids. It is perennial in warmer climates, but treated as an annual where winters are cold. Its dazzling array of sizes, shapes and colors keep it popular.

**GREEN CLEANING METHODS TO REDUCE THE SPREAD OF DISEASE**  
*Free Online Training Course Details Green Cleaning Methods To Reduce the Spread of Disease*  
Albany, NY (08/11/2010)(readMedia)-- New York State Office of General Services (OGS) Commissioner, John C. Egan, today announced that the agency has created a free online training course to teach schools and other public institutions about green cleaning methods that can help reduce the spread of communicable diseases. The course is free and can be accessed through a simple registration process on the New York State Green Cleaning website at <https://greencleaning.ny.gov>  
“Over the last several years, the flu has had a major impact on school attendance,” Commissioner Egan said. “This online training course can help schools learn effective ways to reduce the spread of the flu without using potentially harmful chemicals and lower the number of classroom days lost due to illness of students and staff.”  
Developed in conjunction with the New York State Department of Health (DOH), the course is the latest in a series of online tutorials designed to help reduce the use of potentially toxic chemicals in institutional settings. The free courses were created in response to the New York State Green Cleaning Law, which mandates the use of environmentally sensitive (green) cleaning products in all New York State's public and non-public elementary and secondary schools.  
“Keeping public areas clean can help prevent exposure to harmful germs and is an important step in preventing the transmission of communicable diseases like influenza,” said State Health Commissioner Richard F. Daines, M.D. “We are pleased to partner with the Office of General Services and other State agencies to provide online training to staff at schools and other public institutions on how green cleaning practices can contribute to reducing the spread of contagious diseases.”  
“The State Education Department is pleased to partner with OGS, DOH, DEC, and Labor to improve the indoor environment of school facilities. Healthier learning environments will reduce absenteeism, allowing students additional time to pursue their studies,” said David Steiner, New York State Education Commissioner. “Professional development for school maintenance staff will allow today's safe and effective cleaning products to be used in an effective manner to protect the health of students and staff.”  
There are now a total of eight green cleaning tutorials available online ranging from green cleaning basics, to floor and carpet cleaning, to restroom cleaning. The courses provide schools and state agencies with information, resources, and tools to plan and implement a comprehensive green cleaning program customized to their community and site-specific needs. Studies show that when schools adopt green cleaning practices, children's exposure to harmful cleaning chemicals and substances is reduced. Green cleaning, when practiced by more and more school and government facilities will also make a significant difference for the environment. f

Roof Brackets Make Repair Jobs Safer

Q: When you write about fixing gutters or stuff on the roof, you always say to secure yourself with a rope so you don't fall. But where exactly is a person supposed to secure the rope? -- Dale J., Dothan, Ala.

A: Many home repair guides will tell you to secure the rope to a sturdy feature -- like the chimney. I'm not too comfortable with telling people to tie a rope around their chimney, because they're not always as sturdy and secure as one might think. A chimney that's crumbling or leaning is definitely unsafe (in a lot of ways, not the least of which is to the roof worker).

For a roof with a low pitch (an angle that's not too steep), roof brackets can be installed during repair work. These are slipped underneath shingles, about a foot and a half up the roof eave, and nailed directly into a rafter (so they are anchored securely). Multiple brackets are spaced about 4 feet apart.

During the job, your safety rope (or ideally, a roof safety harness) is attached to a bracket. The rope itself should not be so long that you can't pull yourself back onto the roof or over to the ladder should you slip off the edge. Once the job is finished, the brackets are removed and the shingles cemented back down.

Again, the brackets work most effectively on low-pitch roofs. If your home's roof is very steep, or if the roof is several stories up, don't attempt roof repairs yourself. Contact a professional roofer to handle the job -- he'll have the tools, the helpers and the safety equipment to match what your roof requires.

**HOME TIP:** Tape a flashlight to the wall or floor joist near the entrance to the attic, so it will immediately be available for you to use when checking dark corners.

## Don't Bumble Toasting The Couple

One of the most daunting tasks after the wedding ceremony is the series of toasts to the new couple. Parents and friends may take the floor but the duty generally falls on the best man and maid of honor. Relaxed and enjoying the celebration, many attendants begin to sweat as they are caught unawares by the signal that it is time to stand and deliver. A little preparation and forethought can make the difference between an embarrassing, stumbling attempt and a memorable moment for the happy couple of which the orator can be proud.

For anyone attempting to speak at the reception, often the most difficult part is how to begin the toast. Humor is always enjoyable, but difficult to execute, sweet sentimentality always draws the appreciative murmurs and dewy thanks but can sound phony. The KISS (Keep It Short & Simple) approach is a reliable method, always leave them wanting more, rather than responding with a snore!

Lifting poignant lines

(with proper attribution, of course) from the famous, brilliant and/or "just happens to be appropriate for this couple" creates a nice platform or wrap up for the speech. A quick trip to the library and a short conversation with the librarian will point you in the right direction. For those that are library impaired, the short list that follows can give a little unusual guidance.

"My most brilliant achievement was my ability to be able to persuade my wife to marry me." Winston Churchill

"Apparently I am going to marry Charles Lindbergh ... Don't wish me happiness - it's gotten beyond that, somehow. Wish me courage and strength and a sense of humor - I will need them all ..."

Anne Morrow Lindbergh, from Bring Me a Unicorn

"This we know, all things are connected, like the blood which unites one family. All things are connected. Whatever befalls the earth, befalls the sons of the earth. Man did not weave the web of life; he is merely a strand in it. Whatever he does to the web, he does to himself."

Chief Seattle of the Dwamish Tribe

"as wing to bird, water to fish, life to the living so you to me."

from Vidyapati, Hindu love poem translation by Edward C. Dimock, Jr., and Denise Levertov

## The Wedding Toast: Some Helpful Hints

"The champagne toast is one of the few times during the receptions when someone other than the bride and groom has center stage,"

This honor attendant is indispensable to the bride throughout the wedding. At the altar, she adjusts the veil and train, holds the bouquet during the ceremony and lifts back the veil at the close

of the ceremony. She is one of the two witnesses who sign the marriage certificate. She usually helps the bride dress for the wedding, and sees to it that the bridesmaids are dressed and ready on time. She is the bride's lady-in-waiting in all details.

When it is time for the newlyweds to leave the reception to dress for going away, the maid of honor helps the bride change, sees that the luggage is delivered to the best man, and checks on any last-minute details.

The groom usually chooses as his best man his brother, a cousin or a close friend. In some cases, the best man may be the groom's father or favorite uncle.

The best man attends the rehearsal and briefs ushers on special seating arrangements for wedding guests. On the day of the wedding, he takes charge of the wedding ring for the bride. If a ring bearer is used, the best man helps him with his duties at the altar.

The best man helps the groom pack and dress for the wedding, then accompanies him to the church a half-hour before the ceremony is to take place, remaining in the vestry until the wedding march begins. He checks on the marriage license

and sees that the groom has it with him before he leaves for the church. He secures the clergyman's fee from the groom and gives it to the minister.

He is the first to toast the bride and groom at the reception. He has the groom's car ready at the right moment and after assists the couple in a safe getaway.

## NOTICE

As you know, we run many reader ads for government auctions, job positions, earn money at home, cash loans, credit cards, etc. Most of these ads come through state and national ad networks. Most of them are selling directories or listings of where to APPLY FOR what is advertised. This information may be available at less cost elsewhere. While these ads are screened where possible, we have no way of verifying the authenticity of their claims or the value of their product. The buying decision must be yours. If you have problems with any of these advertisers, please let us know and we will attempt to get you a refund. Most of the companies we have checked will refund their fees to unsatisfied customers. Read the ads carefully. Some charge a fee, as noted in the ad, directly to your phone bill when you call them. Once again, we can't verify claims for every ad. Please consider their offer and make a voluntary and reasonable buying decision.
