INTRODUCTION

Dear Student,

It is with pleasure that I welcome you to the University of Houston for the 2009-2010 academic year. By enrolling in the university, you have become a Houston Cougar for life. It is my hope that you will accept this commitment proudly and seriously and become a highly successful student as well as an active member of the greater university community.

As a member of the university's dynamic educational environment, you have an outstanding opportunity to more fully develop your skills, abilities and talents through our excellent academic programs and co-curricular activities. Please do not allow this opportunity to pass you by. The more you become vested in or connected to the programs and people available to you at the university, the more likely you are to succeed and achieve your academic goals. In your effort to become connected, I urge you to become seriously committed to your academic pursuits and enhance the knowledge that you acquire in the classroom by applying it to any of our co-curricular experiences, such as membership in one of our 300 student organizations, or by organizing or participating in one of our numerous campus activities.

In pursuing your educational goals, you will also be faced with many challenges. Sometimes, these challenges may seem insurmountable. Please know that there are people at the university who are dedicated to helping you through these situations and whose purpose is to enhance your ability to succeed. A good way to find these helpful individuals is through the Dean of Students Ombudservice. When you are faced with these challenging situations, I suggest that you stop by the Dean of Students office to meet with the dean on call who will direct you to the appropriate source of assistance. Dean of Students office personnel are helpful in answering simple questions as well as helping you untangle more complicated issues. The resources to solve your problem are probably available somewhere in the institution, but you must ask before assistance can be offered. Don't hesitate to ask.

Good luck at the University of Houston. We look forward to facilitating your success.

Sincerely,

INTRODUCTION

While containing important information about the university, the *Handbook* is not comprehensive in its listings. Instead, vital information is presented, and when necessary, the *Handbook* will refer to other publications that provide more detailed information. The provisions of this handbook do not constitute a contract, expressed or implied, between any person and the University of Houston. The *Handbook* is also accessible through the UH homepage (www.uh.edu/dos/hdbk). In some cases, the online version may be more current.

A unique feature of the *Student Handbook* is The Source, located in the center yellow pages. Concerns frequently voiced by students have been arranged alphabetically. The location and phone number of the department or office where help is available are also listed. The Source can help students find the answers to many questions concerning the university, so be sure to keep the *Handbook* in a convenient location.

Mission Statement **University of Houston**

The mission of the University of Houston is to discover and disseminate knowledge through the education of a diverse population of traditional and non-traditional students, through research, artistic, and scholarly endeavors, as it becomes the nation's premier public university in an urban setting. In this role, the University of Houston applies its expertise to the challenges facing the local, state, national, and international communities, and it establishes and nurtures relationships with community organizations, government agencies, public schools, and the private sector to enhance the educational, economic, and cultural vitality of Houston and Texas.

INTRODUCTION TO THE UNIVERSITY OF HOUSTON

Welcome, and congratulations on becoming a Cougar! You're now part of one of the great educational and research traditions in Texas.

The University of Houston was founded in 1927. In its first year, the university's enrollment was 232 students, with just 12 faculty. The university has grown to become one of the state's greatest assets. Our campus now has more than 40,000 of the finest students, faculty, and staff in the country, its own award-winning art museum, stunning music and theatre venues, 264,000-square-foot fitness facility, massive modern library, two fine dining restaurants, and winning athletics programs.

Our campus is home to several nationally ranked top-five programs including Creative Writing, Health Law, and Intellectual Property Law. UH also is home to the world's only graduate space architecture program.

UH is the most ethnically diverse research university in the nation. Take a walk on our beautiful, 551-acre tree-lined campus and you'll see a microcosm of the world. More than 60 percent of our top-quality students are minority or international students. Last fall, 2,505 international students enrolled from more than 137 countries.

Faculty

Students in any of our 278 undergraduate, graduate, and professional degree programs learn from the best. Our faculty includes Pulitzer Prize and Tony Award winners, a Nobel Peace laureate, a National Medal of Science recipient, MacArthur "genius" grant winners, Guggenheim Fellows, and internationally respected scholars in the sciences, business, law, education, the humanities, and the environment.

Research

With nearly \$90 million in annual research expenditures and 36 research institutes, we've become one of

the nation's top urban research universities. Our faculty members and students conduct vital research in superconductivity, space commercialization, biomedical engineering, economics, education, petroleum exploration, virtual technology, and much more. The university has completed an \$81 million Science and Engineering Research and Classroom Complex, designed by renowned architect Cesar Pelli. The new facility will provide facilities for the many interdisciplinary research programs including BioNanoTechnology.

Alumni

A University of Houston degree is a valuable and respected achievement. Our alumni base—more than 180,000 strong and growing by 6,000 every year—includes members of congress, judges, CEOs of major corporations, and many other national leaders in education, entertainment, health, media, the arts, and space exploration. More than 84 percent of UH students secure career-level jobs within three months of graduation. UH has awarded more than 200,000 degrees, and roughly 80 percent of alumni remain in the Houston metropolitan area.

Community

The University of Houston is not only a leader in education and contributions to the arts, but also a valued member and leader in the Houston community. UH provides ongoing public service to the Houston community through more than 300 creative partnerships with government, industry, and non-profit groups. Our faculty, staff, and students volunteer in the surrounding communities every day. In fact, our students donate more than 920,000 volunteer hours each year. UH also is the home of KUHT, the country's first educational television station, and KUHF, Houston's public radio station.

UH TRADITION

Official Seal

The seal of the University of Houston, officially adopted in 1938, is the coat of arms of General Sam Houston, who claimed descent from a Norman Knight, Sir Hugh.

The legend is that Sir Hugh fought well at Hastings and was given lands by King William I on the Scottish border for his services. He built a stronghold there called Hughstown, and eventually, "Houstoun." Sir Hugh supposedly became a vassal of Malcolm III, King of Scotland and son of Duncan I, who was murdered by Macbeth. Malcolm III returned from exile to kill Macbeth in battle and gained the Scottish throne in 1057. On a raid across the border into England, Malcolm III became hard pressed by opposing forces and Sir Hugh came just in time to save him.

In return, King Malcolm gave Sir Hugh a Scottish knighthood and better lands in Renwickshire. More importantly, the king gave permission for his rescuer to embellish and change his coat of arms. The simple escutcheon awarded by William the Conqueror, consisting of checkered chevrons (denoting nobility) and three ravens (strength and long life) was changed considerably. A winged hourglass was added above the shield and surmounting this, the motto, "In Tempore" (In Time). Greyhounds were placed at the sides to indicate the speed with which Sir Hugh came to the king's aid. Martlets, gentle Lowland birds symbolizing peace and deliverance, supplanted the ravens.

The seal was adopted by UH in 1938 in conjunction with the construction of the campus. The first official version was placed on the floor of the Roy Cullen Building.

Colors

The official colors of the University of Houston are Scarlet Red and Albino White. These were the colors of Sam Houston's ancestor, Sir Hugh, and were adopted by UH at the same time as the seal. Scarlet Red represents "the blood of royalty that was spared due to the timely arrival of Sir Hugh and the blood that is the life source of the soul." Albino White denotes "the purity and perfections of the heart, mind and soul engaged in the effort to serve

faithfully that which is by right and reason, justfully served." In layman's terms, the red stands for courage or inner strength to face the unknown, and the white stands for the good of helping one's fellow man.

Shasta

The history of the Cougar mascot dates back to 1947 when the Alpha Phi Omega organization sponsored a drive to purchase the school's first live mascot. The name "Shasta" was chosen in a "name-the-cat" contest held that same year.

Shasta has since retired, but her character and energy live on in every aspect of life at the University of Houston. Her fighting spirit is represented by our energetic student mascot at most sporting events.

Cougar Sign

The Cougar sign, made by folding in the ring finger of the hand towards the palm, has several stories explaining its meaning. The true story of its origin, however, dates back to 1953, the first time UH played the University of Texas in football. Since this was their first meeting, members of Alpha Phi Omega, the service fraternity in charge of taking care of

Shasta I, the university's mascot, brought her to the game. During the trip, Shasta's front paw was caught in the car door and one toe was cut off. At the game, members of the opposing team discovered what had happened and began taunting UH players by holding up their hands with the ring finger bent, saying UH's mascot was an invalid and so were our players. Texas went on to win this game 28-7. UH students were very upset by this and began using the sign as notice that they would never let UT forget the incident. Fifteen years later, at their second meeting, the UH Cougars, proudly holding up the now adopted symbol of UH pride, fought Texas to a 20-20 tie.

UH did not play Texas again for eight years, our first year as members of the Southwest Conference. The Cougars were on a mission, and in front of 77,809 spectators (at that time the largest crowd ever in attendance at Memorial Stadium in Austin) slammed the lid on the disgrace Texas had attempted to put upon UH 23 years earlier. The final score was the University of Houston Cougars, 30, the Texas Longhorns, 0.

Alma Mater

*All hail to thee,
Our Houston University.
Our hearts fill with gladness
When we think of thee.
We'll always adore thee
Dear old varsity.
And to thy memory cherished,
True we'll ever be.*

Words and music by Harmony Class of 1942

UH TRADITION

The BLAZE

The BLAZE is an oil field warning siren that was chosen to represent the University's ties to the petroleum industry. The purchase of the siren was completed in 1991. The Sigma Chi Fraternity has been in charge of the siren up to this point and gave it the name "The BLAZE" in honor of their fallen brother, David Blazek.

Frontier Fiesta

Each year a piece of the campus is transformed into a town called "Fiesta City" the site of a student run festival featuring live concerts, variety shows, carnival booths, multicultural performances, a barbecue cook-off and a bake contest. Founded in 1940, by Dr. Kemmerer, Frontier Fiesta reached its pinnacle in 1953 when it was drawing crowds of 150,000. Typically, campus leaders like Jack Valenti and Welcome Wilson, Sr. were also leaders of Frontier Fiesta. Limitations on the time students could spend brought Fiesta to an end by 1961. In 1992 it was resumed and, though the site has changed four times, Frontier Fiesta continues to promote scholarship, community and education in UH students, staff and faculty as well as the community attracting 20 – 35,000 each year.

The University of Houston Class Ring

So many University of Houston traditions reside in the hearts of students and alumni, but the UH class ring is the only tradition that is always with you. The ring is presented each semester at a formal ring ceremony. Tradition dictates that current students must wear the ring facing inward, with only alumni wearing the ring facing outward.

Bayou Oaks Clock Tower

Constructed in 2003, Bayou Oaks residence complex is home to one of the University of Houston's most vis-

ible landmarks: a five story clock tower. As part of Vice President Elwyn Lee's effort to stimulate spirit and tradition the lights in the clock tower were rewired so that they could turn RED which they do whenever there is a cougar football victory or a men's basketball win or conference championship in the other sports. Go Coogs!

Rub the Cougar Paw

In 2003 John and Rebecca Moores, two alumni filled with Cougar Spirit and Pride, commissioned the Cougars overlooking Cullen Plaza. They were sculpted by the famous Alaska based artist R.T. "Skip" Wallen. Each weighs in excess of 1,000 pounds and together they symbolize the University's Courage, Pride and Tenacity. The Cougars are part of the UH tradition -- so is winning. The campus community and alumni "Rub the Paw" for good luck, especially during the week before Homecoming to show support for the team.

Shasta

The history of the Cougar mascot dates back to 1947 when the Alpha Phi Omega organization sponsored a drive to purchase the school's first live mascot. The name "Shasta" was chosen in a "name-the-cat" contest held that same year. Shasta V, the fifth and final animal mascot, came to UH in 1980 as a cub and died in 1989. Now her fighting spirit continues by students wearing costumes of a male cougar -Shasta - and a female cougar - Sasha.

Frontiersman

In the fall of 1994, the Frontiersmen began running the UH Flag across the field after each score at football games. In 1996, the Frontiersmen displayed the Texas Flag as well as the University of Houston flag at football games as a form of respect and obligation as the lone representative of the State of Texas in the newly formed Conference USA. The tradition has continued although other Texas Universities have joined Conference USA in recent years.

Fight Song

*Cougars fight for dear old U of H
For our Alma Mater cheer.
Fight for Houston University
For victory is near.*

*When the going gets so rough and tough
We never worry cause we got the stuff.
So fight, fight, fight for red and white
And we will go to victory.*

Lyrics: Forest Fountain • Music: Marion Ford

ACADEMIC POLICIES

ACADEMIC ACTION

Dean's List

The Dean's List is compiled each semester by the colleges. To qualify for this recognition, undergraduate students must earn a 3.50 minimum grade point average (the grade of S is not counted) on nine or more semester hours completed during the semester. The Cullen College of Engineering requires a 3.50 or better on a minimum of 12 semester hours. Students who earn a grade of I (except in a senior honors thesis course), D, F, or U during the semester are excluded from consideration for the Dean's List. Some colleges have additional requirements. For additional information, consult the catalog for the college of major or contact the office of the Dean.

Notice

Freshmen who earn less than a 2.00 GPA in the first long semester (i.e., Fall or Spring) of enrollment at the University of Houston will be placed on Academic Notice. Students on Academic Notice are not on Academic Probation and cannot be suspended. Students on Academic Notice must be advised by the UScholars College Success Program and their major department.

Probation

Students failing to maintain a minimum 2.00 cumulative GPA requirement are placed on Academic Probation. Undergraduate students may be removed from Academic Probation at the close of the semester in which their cumulative GPA is 2.00 or higher. Freshman and sophomore students on Academic Probation are urged to seek advising in their major department. They may also consult the advisors in UScholars.

Suspension

Undergraduate students failing to maintain a 2.00 semester GPA in any semester while on Academic Probation will be suspended. The first academic suspension is for a period of at least one semester. The second academic suspension is for a period of at least 12 months. After their third academic suspension, students are ineligible to enroll at the University of Houston. Readmission from academic suspension is neither automatic nor guaranteed. For an explanation of the readmission process, please refer to the *Undergraduate Studies* catalog.

● ACADEMIC ADVISING

Academic advising is necessary to ensure that newly admitted students are in compliance with university policies and are making appropriate decisions about their academic programs. The Undergraduate Scholars at UH (UScholars) Academic Advising Center shares advising responsibilities with colleges and departments for declared majors, particularly during their initial semester of enrollment. All new students wishing to make a successful adjustment to the University of Houston should take full advantage of academic advising services offered through the UScholars Academic Advising Center or the college or department of their majors.

Students who choose not to declare a major at the point of admission to UH will be offered assistance through UScholars that will help them later make an informed decision about a major field of study. All UScholars students will declare a major in the beginning of their junior year (60 credit hours), if not before. For advising information, new undergraduate students should contact the college or department of their major or the UScholars Academic Advising Center, 56 University Libraries, 832-842-2100.

ACADEMIC HONESTY *

* Please check the Undergraduate and Graduate Catalogs for the most current versions of the Academic Honesty policies

Graduate: www.uh.edu/grad_catalog/garr/index.php

Article 1. General Provisions

1.01 Rationale. The university can best function and accomplish its objectives in an atmosphere of high ethical standards. It expects and encourages all students, faculty and staff to contribute to such an atmosphere in every way possible and especially by observing all accepted principles of academic honesty. It is recognized, however, that a large university will include a few students who do not understand, appreciate, and practice these principles. As a consequence, alleged cases of academic dishonesty will inevitably occur, and students will be accused. The following procedures are designed to handle these cases in fairness to all concerned: the accused student, the faculty, and the university.

1.02 General Jurisdiction. Matters relating to academic honesty are within the general jurisdiction of the Senior Vice President for Academic Affairs and Provost. Allegations of scientific misconduct against students engaged in research supported by funding from the university or other sources will be handled according to the University of Houston Ethical Conduct in Academic Research and Scholarship Policy (contact the Division of Research at 713-743-9021 for a paper copy or at www.research.uh.edu on the World Wide Web).

1.03 College with Jurisdiction. Specific jurisdiction in academic honesty matters rests in each school or college of the university. The school or college with jurisdiction is determined by the course in which dishonesty occurs. If the student involved majors in a college other than that offering the course, the college offering the course has jurisdiction, but the Dean of the student's major college will be informed. If the college with jurisdiction cannot be determined from the relationship between the alleged actions of a student or group of students and a particular course, then the Provost will designate which has jurisdiction.

1.04 Colleges to which the Policy Applies. The policy on academic honesty applies to all colleges within the university. However, any college may present to the Provost a code separate from this university policy. After approval by the Provost, and after such publication as the Provost shall direct, academic honesty matters over which that college has jurisdiction shall be governed by that code. Honor systems within the professional colleges are especially encouraged.

1.05 Questions Regarding Applicability of Policies. All questions regarding the applicability of college codes or university policy or special provisions of either shall be determined finally by the Provost.

ACADEMIC POLICIES

1.06 Compass of Actions Taken Against Students.

Actions taken against students are university-wide in their effect.

1.07 Faculty Responsibility. Faculty have the

responsibility of reporting incidents of alleged academic dishonesty through their department chair to their Dean.

1.08 Student Responsibility. Students shall have the

responsibility of reporting incidents of alleged academic dishonesty to the instructor involved, or to the appropriate authority if the alleged act is not associated with a specific class.

1.09 Purpose of Procedures. The purpose of these

procedures is to provide for the orderly administration of the Academic Honesty Policy consistent with the principles of due process of law. Reasonable deviations from these procedures will not invalidate a decision or proceeding unless the Provost determines, upon written appeal from the accusing and/or accused parties, that it will result in prejudice to one or more of the parties involved.

1.10 Instructor Responsibility. Instructors shall have

the responsibility of taking action with respect to incidents of alleged academic dishonesty in accord with this Academic Honesty Policy.

1.11 Definitions.

1.11.01 Class Day. Class days, for purposes of this policy, are defined as days the university is open and classes are meeting (excluding Saturdays).

1.11.02 Internal Use. Internal use defines who has access to a student's records. Records for internal use will be released only to University of Houston officials who have an educational need to know the information.

1.11.03 Permanent Record. Permanent record includes documents, forms, copies, reports, statements, tape recordings, etc. that are acquired while a student attends the University of Houston. The information is available to outside sources according to the procedures established by the Family Education Rights and Privacy Act of 1974.

1.11.04 Sanction. Sanction means the penalty assessed for a violation of the Academic Honesty Policy.

1.11.05 Instructor. Instructor refers to a faculty member, lecturer, teaching assistant, or teaching fellow in charge of the section in which an alleged violation of this Academic Honesty Policy has occurred. Such individuals will normally be the instructor of record of the course section in question. In instances where this is not the case, instances of alleged cheating should be reported to the supervisor (e.g., laboratory supervisor) of the instructor as well as the chair.

1.11.06 Chair. Chair refers either to the chair of the department responsible for the course in which an alleged violation of the academic honesty policy occurs or to his/her designated representative. If the college

responsible for the course in question does not have individual departments, Chair as used below shall refer to the individual designated by the Dean of the college to act as hearing officer in academic honesty cases.

1.11.07 Dean. Dean refers to either the Dean of

the college containing the department offering the course in which the alleged violation of the academic honesty policy occurs or to his/her designated representative (Hearing Officer).

1.11.08 Student. Student refers to any individual

who has ever registered and paid (made a complete payment or has made at least one installment payment) for a course, or courses at the University of Houston. This definition would normally include undergraduates, graduates, postbaccalaureates, professional school students and individuals auditing courses.

1.12 Notification. All required written notices shall be

addressed to the student at his/her local address as it appears on University of Houston records and deposited in the U.S. mail. A notice properly addressed and so deposited shall be presumed to have been received by the student. It is the responsibility of the student to inform the university of a change of address in a timely manner so that university records can be accurately maintained.

Article 2. Preventive Practices

2.01 Preventive Measures. Instructors can help students comply with the academic honesty policy by minimizing temptation to act dishonestly. Measures instructors should consider are:

- a. Maintaining adequate security precautions in the preparation and handling of tests;
- b. Structuring the type and sequence of examination questions so as to discourage dishonesty;
- c. Providing ample room for proper spacing of students during examinations, if room is available; and
- d. Monitoring examinations, especially in large classes and in classes where not all students are known to the instructor or the assistant;
- e. Making clear to their students, in writing, what constitutes academic dishonesty, particularly in those classes where group activities (laboratory exercises, generation of field reports, etc.) are part of the instructional process;
- f. Requiring students to show a picture ID and sign major assignments and exams;
- g. Helping raise consciousness of the issue of academic honesty by asking students to sign an honor pledge in the first week of class and to write a short pledge in their own hand on their major assignments.

Article 3. Categories of Academic Dishonesty

3.01 Application of the Academic Honesty Policy.

This policy applies only to those acts of dishonesty performed while the student is enrolled in the university.

ACADEMIC POLICIES

3.02 Academic Dishonesty Prohibited. “Academic dishonesty” means employing a method or technique or engaging in conduct in an academic endeavor that the student knows or should know is not permitted by the university or a course instructor to fulfill academic requirements. Academic dishonesty includes, but is not limited to, the following:

- a. Stealing, as theft of tests or grade books, from faculty offices or elsewhere; this includes the removal of items posted for use by the students.
- b. Using “crib notes,” as unauthorized use of notes or the like to aid in answering questions during an examination;
- c. Securing another to take a test in the student’s place; both the student taking the test for another and the student registered in the course are at fault;
- d. Representing as one’s own work the work of another without acknowledging the source (plagiarism). This would include submitting substantially identical laboratory reports or other materials in fulfillment of an assignment by two or more individuals, whether or not these used common data or other information, unless this has been specifically permitted by the instructor.
- e. Changing answers or grades on a test that has been returned to a student in an attempt to claim instructor error;
- f. Giving or receiving unauthorized aid during an examination, such as trading examinations, whispering answers, and passing notes, and using electronic devices to transmit or receive information.
- g. Openly cheating in an examination, as copying from another’s paper;
- h. Using another’s laboratory results as one’s own, whether with or without the permission of the owner;
- i. Falsifying results in laboratory experiments;
- j. Mutilating or stealing library materials; misshelving materials with the intent to reduce accessibility to other students;
- k. A student’s failing to report to the instructor or department chair an incident which the student believes to be a violation of the academic honesty policy; and
- l. Misrepresenting academic records or achievements as they pertain to course prerequisites or corequisites for the purpose of enrolling or remaining in a course for which one is not eligible.
- m. Possessing wireless electronic devices capable of transmitting and/or receiving wireless signals in an exam room or possessing all types of cameras or other devices in an exam room that are capable of recording the exam, unless expressly permitted by the instructor in writing. Students seen with such devices will be charged with academic dishonesty.
- n. Any other conduct which a reasonable person in the same or similar circumstances would recognize as dishonest or improper in an academic setting.

Article 4. Sanctions

4.01 Sanctions. The sanctions for confirmed breaches of this policy shall be commensurate with the nature of the offense and with the record of the student regarding any previous infractions. Sanctions may include, but are not limited to, a lowered grade, failure on the examination or assignment in question, failure in the course, probation, suspension from the university, expulsion from the university, or a combination of these. Students may not receive a W for courses in which they have been found guilty of a violation of the Academic Honesty Policy. If a W is received prior to a guilty finding, the student will become liable for the Academic Honesty penalty, including F grades.

4.02 Probation, Suspension, and Expulsion. The terms probation, suspension and expulsion as used herein refer to these sanctions only as they are imposed as a result of violations of this Academic Honesty Policy. All policies and procedures for the imposition and appeal of these sanctions are contained within this policy.

Article 5. Departmental Hearing

5.01 Departmental Hearing. When an instructor has reasonable grounds to believe that a student has committed an act of academic dishonesty, the instructor shall notify the chair of the concerned department, in writing, within five class days of discovery. Students who believe they have observed an act of academic dishonesty shall report the incident to the instructor, as soon as possible, who shall report the incident in writing to the chair within five class days. In case waiver of a hearing is an option as provided in Article 5.04, the chair shall, within five class days of receiving the instructor’s report, inform the accused in writing of the nature of the offense and recommended penalty, and ask the accused to select between the hearing and waiver options. If the chair has not received a response within 10 class days of the notification of these options, the chair shall, within the next five class days, schedule a departmental hearing. In case waiver of a hearing is not an option, the chair shall, within 10 class days of receiving the instructor’s report, schedule a departmental hearing. To schedule a departmental hearing, the chair shall notify the instructor, the accused, and the accusing party, if other than the instructor, of the nature of the offense and the time and date of the hearing. Normally, the accused shall be notified by certified mail. Should any of the parties fail to appear, without good cause, at the departmental hearing, the chair may render a decision in their absence.

Both sides shall have an opportunity to present their cases during the above hearing. This may include the introduction of physical evidence as well as testimony from individuals who have knowledge of the circumstances. If either side intends to have individuals appear at the hearing for such testimony or as legal counsel, the chair must be notified at least three class days before the hearing. If either side will be advised by legal counsel, the hearing

ACADEMIC POLICIES

cannot be held with such counsel in attendance unless a representative from University of Houston legal counsel is also present.

The chair shall render a decision within three class days after the hearing and forward copies of the decision to the student, instructor, and Dean of the college responsible for the course in which the alleged offense occurred. Both the accused student and the instructor have equal right of appeal if the decision of the chair is not acceptable. If a written appeal is not received by the Dean of the college within ten class days of the decision at the departmental level, the action recommended by the chair shall be implemented. A departmentally recommended penalty involving suspension or expulsion shall be reviewed in a college hearing unless such hearing is waived as provided in Article 5.05 below.

5.02 Colleges Without Departments. For colleges that do not have individual departments, the decision of the initial hearing officer designated by the Dean of the college shall constitute the equivalent of a departmental decision. Only if this decision is reviewed and upheld by the college by virtue of appeal or automatic review would a college decision be rendered. The hearing officer for the college appeal or review shall not be the initial hearing officer.

5.03 Group Violations of the Academic Honesty Policy.

In instances where two or more students are alleged to be involved in the same infraction of the academic honesty policy, at the discretion of the chair, the case against the whole group will be dealt with at a single hearing. The facts common to all cases will be presented with all students allegedly involved in attendance. Each student shall be allowed to present his/her defense to the chair separately. If requested by the presenting student, such a defense shall be presented outside the hearing of the other students.

5.04 Waiver of Departmental Hearing. When notifying the chair of the alleged infraction, the faculty member shall have the option of suggesting, to the chair, a sanction for the alleged violation of the Academic Honesty Policy that would, if acceptable to the student, instructor, and chair, preclude a departmental hearing. Such sanctions would normally include reduced or zero credit for a test assignment, a grade of "F" in a course, or other such agreed upon sanctions. Sanctions involving disciplinary probation or sanctions requiring a college level hearing cannot be used. In cases for which the instructor suggests a sanction so as to preclude the departmental hearing, the accused shall be notified, in writing, by the chair of the choice of: (1) acknowledging the alleged academic honesty violation, waiving the formal departmental hearing, and accepting the associated sanction; or (2) proceeding to a formal departmental hearing. Upon electing the waiver of a departmental hearing, the student's name will be placed on a list that is maintained, by the department, the Dean's office and the Provost's office, until graduation. Following graduation, the student can request that his/her name be removed from these lists. An agreement to settle an academic honesty infraction via a

waiver of the formal departmental hearing will not result in any record being kept that is reflected on the student's transcript or his/her permanent record. The waiver of a departmental hearing process must be agreed to by the instructor, the student and the department chair. In the event that all three cannot agree to a waiver, the case must be moved to a formal departmental hearing. A student is eligible for a waiver only if he/she has no previous violations of the Academic Honesty Policy. A formal departmental hearing will be scheduled should a student fail to respond to written notifications concerning the alleged infraction of the academic honesty policy.

5.05 Waiver of Automatic College Hearing. If a student wishes to accept a departmentally recommended sanction of suspension or expulsion, he or she may submit a written waiver form to the Dean of the college no later than 10 class days after being notified of the departmental decision. The waiver form is issued from the Dean of Students Office only after the student has met with the Dean of Students (or his/her designated representative), who will ensure that the student is aware of his/her rights in the appeal process. The Dean shall then implement the departmental decision and notify the appropriate parties of the disposition of the case within five class days of receipt of the waiver request. The sanction is considered a college level decision.

5.06 Conflict of Interest. When faculty responsible for the implementation of the Academic Honesty Policy (Deans, chairs, or designated representatives) are themselves party to a case, they shall in no way participate in the administration of the policy. Such responsibilities shall pass to faculty and administrators not directly involved in the case.

Article 6. College Hearing

6.01 College Hearing. If either the student or the instructor wishes to appeal the decision of the departmental chair, he or she must file a written request for a hearing with the Dean of the college within 10 class days of the department chair's decision. Within 10 class days of receipt of such a request the Dean will set a time, date and place for the hearing.

6.02 Duties of the Dean. It shall be the duty of the Dean to:

- a. Select a college academic honesty panel;
- b. Set and give notice of the time and place of the college hearing;

6.03 College Hearing Officer. The college hearing officer shall be appointed by the Dean. Normally the hearing officer will be appointed for a full academic year. Correspondence with the hearing officer should be addressed to the office of the Dean of the college.

6.04 Duties of the College Hearing Officer. It shall be the duty of the college hearing officer to:

- a. Conduct the hearing in an orderly manner so that both sides are given an opportunity to state their case;
- b. Rule on procedural matters;
- c. Leave the hearing room during the panel's deliberations but remain available to answer

ACADEMIC POLICIES

questions on procedural matters; and

d. Prepare and submit one copy of the decision to the Dean and one copy to the Provost. The college hearing officer shall not take part in the vote or otherwise participate in the deliberations of the panel.

6.05 Academic Honesty Panel. The college academic honesty panel shall consist of two faculty members and three students. The panel will be selected by the college hearing officer from faculty and currently enrolled students of the college. The chair of the panel shall be a student appointed by the hearing officer.

6.06 The Dean of Students. The Dean of Students, or his or her designee, shall be required to attend all college hearings to serve as a university resource person. This individual shall not have a vote at a college hearing or be present during the deliberations of the panel. This individual shall not have a voice at a college hearing unless so requested by the panel or hearing officer.

6.07 Hearing Procedure.

- a. The date of the hearing must be adhered to. Any delay must be approved by the hearing officer. Only documented, extenuating circumstances will be considered.
- b. All parties shall notify the hearing officer in writing of the name, address, and telephone number of their witness(es) and counsel, if any, at least three class days prior to the date of the hearing.
- c. The hearing shall be mechanically recorded. The parties involved may obtain a copy of the recording from the hearing officer at the expense of the requesting party.
- d. All parties shall be afforded the opportunity for reasonable oral arguments and for presentation of witnesses and pertinent documentary evidence.
- e. All parties shall have the right to advice of counsel of choice. This individual may attend the hearing but shall not directly participate in the hearing or enter into argument with the parties present. The case presented to the panel must be made by the accusing individual and the accused student. The chair to whom the accusation of a violation of the academic honesty policy was presented normally will attend the hearing and may serve as a witness. The instructor or other individuals who reported the alleged misconduct shall present the relevant evidence, including testimony by witnesses. The accused student shall then present his/her case, including testimony by witnesses. Neither party shall ask questions or solicit testimony directly from the other party or its witnesses. Where it appears that there are matters of disputed fact, the hearing officer shall request the panel to ask appropriate questions of either/or both parties and/or their respective witnesses so as to clarify the points in dispute.
- f. The panel shall have the right to question any and all witnesses and to examine documentary evidence presented.
- g. At the conclusion of the hearing, the panel shall

meet in a closed session. A finding of guilt is accomplished by a vote of four out of five of the panel, and punishment has to be agreed to by three or more. Upon reaching a decision, the panel shall inform separately through the hearing officer all parties of its judgment, including the Dean of the college and the Provost.

h. The Dean shall notify the appropriate parties of the disposition of the case within five class days of receipt of the panel's judgment.

6.08 Group Violations of the Academic Honesty Policy.

In instances where two or more students are alleged to be involved in the same infraction of the academic honesty policy, the case against the whole group will be heard by a single academic honesty panel. The facts common to all cases will be presented with all students allegedly involved in attendance. Each student shall be allowed to present his/her defense to the panel separately. If requested by the presenting student, such a defense shall be presented outside the hearing of the other students.

Article 7. Senior Vice President for Academic Affairs and Provost Appeal

7.01 Appeal of the Panel's Decision. Within five class days of the panel's decision, either party may file an appeal for review with the Provost or that officer designated by the Provost. The appeal shall be in writing and shall specifically address the issues to be reviewed.

7.02 Senior Vice President for Academic Affairs and Provost Procedural Review. The Provost shall review the appeal within 10 class days of the receipt of the appeal. If either party has requested an appearance or is requested to appear by the Provost, then both parties must be informed. Since the case was heard by a peer group (Article 6.05), the intent of the Provost's review is not to modify the penalty nor to substitute the judgment of the Provost for that of the peer panel which heard the case, or hear new or additional facts on the case. The intent of this review is to ensure that the college hearing and judgment were not arbitrary, were not capricious or discriminatory, did not violate the due process of the accused, and did not violate the concepts of fair play to both parties. The Provost shall notify all parties of the decision within three class days of the completion of the review.

7.03 Actions Which the Senior Vice President for Academic Affairs and Provost May Take.

- a. The Provost may conclude that one or more of the basic concepts involved in a fair hearing at the college level were violated and return the case to the college for another hearing with a different panel in accordance with Article 6 and resubmission for Provost procedural review; or
- b. If, in a rare case, the Provost feels that another hearing in the same college would not result in a fair hearing, the Provost may send the case to another college with the disciplinary expertise to hold a fair hearing, for a new hearing there in accordance with Article 6 and resubmission for Provost procedural review; or

ACADEMIC POLICIES

- c. If, in a rare case, the Provost independently feels that the penalty assessed in the college hearing is not commensurate with the offense, then he/she may send the case back to the college as described above; or
- d. The Provost may approve the actions and conclusions of the college academic honesty panel and see that the judgment is enforced. The Provost procedural review is the final institutional step in matters of academic integrity.

Article 8. Records

8.01 Not Guilty. If a student is found to be not guilty after the review process is completed, records concerning the matter shall not become a part of the student's permanent record.

8.02 Departmental Sanctions. If a student is found guilty in a departmental hearing and if the matter is not heard before the college academic honesty panel (i.e., is neither appealed nor automatically reviewed because of the penalty), the record of the proceedings and penalty will be maintained by the university for internal use only and will not become a part of the student's permanent record.

8.03 College Sanctions. If a student is found guilty by a college academic honesty panel or waives an automatic appeal, the disciplinary sanction becomes an irrevocable part of the student's permanent record. This record is not the same as the student's transcript (See Article 8.05 below).

8.04 Records. The Provost shall maintain a record of those students found guilty at any level, including those students who have elected a waiver of the departmental hearing (See Article 5.04).

8.05 Notations on a Student's Transcript. Action resulting in a student's suspension or probation for academic honesty policy violations will be entered on the student's transcript until the period of sanction has elapsed. When the sanction has elapsed, the student may petition the college placing the notation to remove the notation from the transcript. The request to remove the notation from the transcript is the student's responsibility.

UNDERGRADUATE GRIEVANCES

Issues of grievance regarding grades, course requirements and classroom procedures can occur. The first and best source for resolving the problem is with the professor. The university expects most issues to be resolved amicably and informally with the professor. In the event that an informal resolution is not possible, students may file a written grievance on a General Petition form, available in departmental and college offices, and online at www.uh.edu/academics/forms. These forms must be filed with the professor within 90 calendar days of the posting of the final grades for the course. Appeals may be considered at the following levels, as necessary: professor, departmental chair, college dean, senior vice president for academic affairs (or designated representatives at all levels). Faculty are required to retain all evaluated student material not previously returned for a six-month period after the end of the last class of the semester evaluated.

Because assigning a grade or evaluating a student's work performance involves the faculty's professional judgment

ACCOMMODATIONS FOR STUDENTS WHO HAVE DISABILITIES

The University of Houston is committed to providing reasonable accommodations for eligible students who have temporary or permanent health impairments, learning disabilities, psychological disorders, and/or other disabilities.

Students who have disabilities are encouraged to register with the Justin Dart, Jr. Center for Students with DisABILITIES (CSD) as early as possible in their academic careers. Specific documentation from qualified health care providers is required. Documentation requirements may be obtained through CSD or by visiting their web page at www.uh.edu/csd. A link to the Faculty Affairs "Academic Accommodations for Students with Disabilities Policy and

ACADEMIC POLICIES

Procedures" is also available through the CSD web page.

Students who have disabilities that may require accommodations, including exam accommodations, interpreters, note-taking assistance, etc., should contact CSD and discuss the process of obtaining such accommodations. Accommodations are recommended on an individual basis through a team approach involving the student, CSD, the Academic Accommodations Evaluation Committee, and at times instructors, as appropriate.

The University of Houston strives to maintain an accessible campus via ramps, curb cuts, inner-campus accessible parking, Braille signs, TTY's, etc. Attendant Care Services are available through the Student Health Center at (713) 748-8603 for students who have physical disabilities and require this type of assistance. Participating students reside at Cambridge Oaks Apartments.

Students who identify accessibility barriers should contact the Section 504/ADA Coordinator at the Office of Affirmative Action/EEO at (713) 743-8835 and/or CSD.

ATTENDANCE

Properly enrolled students are required to attend the first day of class. Failure to attend may result in the student being dropped from the class.

It is the responsibility of the individual professor to set attendance guidelines for a course. Most, but not all, professors will drop students from the class roll if the student has an excessive number of absences. Non-attendance may also result in a grade of F. Unavoidable absences should be reported to the instructor immediately after, if not before, the absence occurs.

CHANGE OF MAJOR

A change of major is a formal procedure requiring official approval and documentation. Students must submit a General Petition form requesting a change of major. This form is filed by the student in the department in which he or she wishes to major. Approval from both the department chair and the college Dean is required. Students should consult with an advisor in the department of their intended major for help with the change of major process. Students changing majors within the university shall meet the same requirements as students seeking admission to an academic unit (department, school, or college) from outside the university who have completed the same number of semester credit hours.

The university offers vocational and academic counseling and planning assistance to students having difficulty choosing a major. Counseling and Psychological Services and University Career Services offices provide resources and support to students seeking career goals. For assistance with academic plans, students may meet with academic advisors in the various departments and colleges and the UScholars.

Forms are available at the registrar's Website and may be completed and forwarded as indicated in the Website information at <http://www.uh.edu/academics/forms/>.

ACADEMIC LEVEL

Undergraduate

Academic levels are based on the total number of semester hours earned at the University of Houston and those

accepted in transfer from other colleges and universities. Credit awarded by examination and hours earned with a grade of S are counted in determining classification, but they are not counted in determining grade point average.

| Academic Levels | Semester Hours | Minimum Cumulative GPA |
|-----------------|----------------|------------------------|
| Freshman | 0-29 | 2.0 |
| Sophomore | 30-59 | 2.0 |
| Junior | 60-89 | 2.0 |
| Senior | 90 or more | 2.0 |

Law, Optometry and Pharmacy

Special law, optometry and pharmacy classifications are used for students majoring in these professional areas.

Postbaccalaureate

The postbaccalaureate classification describes students who have completed their undergraduate degrees, but are not enrolled in a formal graduate degree program. Postbaccalaureate students may also be pursuing a second undergraduate degree. Unless granted by the appropriate college or department, all courses taken as postbaccalaureate will receive undergraduate credit.

Graduate Students Graduate and professional students should consult with the specific colleges and departments or the Office of Graduate and Professional Studies for current policies regarding graduate programs, as well as consult the appropriate college section in the graduate catalog for further information www.uh.edu/grad_catalog/garr/index.html. Not all policies and procedures may be the same for all academic programs.

COURSE LOAD

The course load (academic load) refers to the number of credit hours in which a student is enrolled for a given semester. All undergraduate students registered for at least 12 credit hours during a fall or spring semester, eight credit hours during a Summer II or III summer session, or four credit hours during a Summer I or IV summer session are classified as full-time students. Summer classification status is defined differently for financial aid purposes. The maximum number of credit hours for which a student can register is determined by the college of his or her major. Consult the *Undergraduate Studies* catalog or Class Schedule Catalog for information regarding maximum course load.

DEGREE PLAN

Once a student has completed 60 credit hours, he or she should see an advisor in his or her college to file a degree plan, a blueprint of the courses required for graduation. Students are responsible for all of the requirements of the catalog under which they are graduating. It is wise to meet with an academic advisor at least once a semester. Regular consultations help students enroll in courses applicable toward their degree. Before certification for graduation can be made, copies of the degree plan must be on file in the college Dean's office and in the Office of Registration and Academic Records, 128 Welcome Center.

ACADEMIC POLICIES

DEGREE REVOCATION

Academic integrity rests with all members of the university community, and academic decisions are based upon trust between faculty and students. The university's award of academic credit and degrees is its certification of student achievement. If students acquire their academic credentials by deceit, fraud or misrepresentation, they deceive not only the university but also those who may eventually rely upon the knowledge and integrity of the university's graduates. Such misconduct may not be discovered until the student has left the university or received a degree. In such instances, the university reserves the right to revoke degrees, decertify credit and rescind any University of Houston certification that warrants that the student successfully completed course work or requirements for a degree. Decisions to take such actions will be made only after careful consideration of all the available evidence.

Procedure

1. Upon receipt of a charge that a degree recipient improperly entered the program or improperly completed or failed to complete the course work or requirements for a degree at the University of Houston, the Dean of the college in which the degree was awarded shall appoint an investigatory panel consisting of at least three faculty members. The panel shall determine if there is reasonable cause to believe the charges against the degree recipient.
 - 1.1 The degree recipient shall be notified of the investigation.
 - 1.2 The degree recipient shall be afforded 60 days from notification of the investigation to supply any material appropriate to the charge and such material shall be provided to the panel.
 - 1.3 The panel may obtain any material deemed relevant to the investigation. All university departments and offices shall cooperate with the panel.
 - 1.4 The investigation shall be conducted in a confidential manner.
 - 1.5 The panel shall file a report and recommendation to the Dean.
2. If the Dean, after reviewing the report of the investigatory panel, finds that there is reasonable cause to believe that the degree recipient improperly entered the program or improperly completed or failed to complete the course work or requirements for a degree, the Dean shall notify the office of the Senior Vice President for Academic Affairs and Provost and request that a hearing be conducted.
 - 2.1 Upon receipt of such notification from the Dean, the Senior Vice President for Academic Affairs shall convene an ad hoc hearing panel to consider the case. The panel shall be composed of seven tenured faculty members, none of whom shall be from the college from which the degree recipient received a degree. Tenured faculty who hold administrative appointments shall not be members of the panel.
 - 2.2 The panel shall be charged by the Senior Vice President for Academic Affairs to hear the case and determine whether the degree recipient improperly entered the program or improperly completed or failed to complete the course work or requirements for a degree.

- 2.3 The panel members will select a hearing officer who shall correspond with the degree recipient and direct the proceedings hearing. The panel will also entertain written requests to excuse panel members at this time.
- 2.4 The panel will set a hearing date, providing at least 60 days notice of the hearing to the degree recipient. At this time the university will also provide the degree recipient with the names of the panel members. Both the degree recipient and university shall exchange copies of all documents to be introduced at the hearing at least 30 days prior to the hearing. The panel will also entertain written requests to excuse panel members at this time.
- 2.5 The degree recipient shall have the right to have an advisor present, who may be an attorney, to participate in the hearing. In the event that the degree recipient is represented by an advisor, the university may also be represented by counsel who may also participate in the hearing.
- 2.6 The formal rules of evidence shall not apply to the proceedings. Any participant who becomes disruptive or engages in harassment may be asked to leave the hearing.
- 2.7 The panel, at its discretion, may conduct a pre-hearing conference with the degree recipient. The degree recipient may be accompanied by an advisor.
- 2.8 The Dean of the college in which the degree was awarded shall present the charge at the hearing, including the material considered by the investigatory panel.
- 2.9 The degree recipient shall be afforded an opportunity to present any and all relevant evidence, including the cross-examination of any witnesses presented by the Dean. The panel members may question the witnesses. Opening and closing statements by the Dean, the university's attorney and the degree recipient and/or the advisor will be allowed.
- 2.10 The panel will provide for the hearing to be recorded by tape recorder or stenographer. A copy of the recording shall be provided to the degree recipient or the advisor at their own cost upon request.
- 2.11 After hearing the case, the panel shall render a decision regarding the allegation. If the panel finds by the greater weight of the evidence that the degree recipient engaged in misconduct concerning the degree, certification or course work, the panel shall recommend an appropriate sanction to the senior vice president for academic affairs.
- 2.12 Sanctions may include revocation of the degree, decertification of credit and/or rescission of certification.
3. If the panel finds against the degree recipient, the degree recipient may file an appeal to the Senior Vice President for Academic Affairs and Provost within 15 days of the panel's decision.
 - 3.1 Appeals must be in writing. The Dean of the college in which the degree was awarded will be afforded an opportunity to respond to the appeal in writing. A copy of the Dean's response will be made available to the degree recipient.

ACADEMIC POLICIES

- 3.2 The only grounds for appeal are procedural error, findings of fact not supported by the greater weight of the evidence, or discovery of substantial new facts not available at the time of the hearing.
- 3.3 The Senior Vice President for Academic Affairs and Provost shall consider the appeal prior to acting upon the recommendation of the hearing panel. If no appeal is made or if the appeal is denied, the Senior Vice President for Academic Affairs shall then act upon the panel's findings and recommendation.
- 3.4 In reaching a decision, the Senior Vice President for Academic Affairs and Provost may review all or any part of the proceedings and shall then make a recommendation to the President for appropriate action.
4. If the President determines that degree revocation or any other sanction provided herein is warranted, the degree recipient's official transcript will be corrected to reflect the sanction. A corrected transcript will be forwarded to all individuals and entities who were sent an official transcript after the degree was initially posted to the transcript.
5. If at any time during the proceedings the responsible body or person finds in favor of the degree recipient, the charges will be dropped and no further record shall be made. All documents collected in reference to the charges will be placed in a sealed file in the office of the Senior Vice President for Academic Affairs and Provost.

DROPPING A COURSE

● Registration and Academic Records

128 Welcome Center

<https://my.uh.edu>

713-743-1010

As the semester progresses, a student may decide to lighten his or her academic load by dropping a course. Please see the online academic calendar for the exact date for deadlines to drop a course without receiving a grade. www.uh.edu/calendars.html. The last day to drop a course or withdraw with a grade of W, is published in the academic calendar at www.uh.edu/calendars.html. The actual procedure for dropping courses is outlined in the Undergraduate and Graduate catalogs. Certain colleges require students to process all schedule changes in the college after certain dates. Before dropping courses, international students must see an international student counselor, financial aid recipients speak with a financial aid officer, and student-athletes must see their athletics counselor to discuss eligibility implications of withdrawing. Students are responsible for verifying whether they have been dropped from a course.

All undergraduate students will be allowed a total of 6 Ws (withdrawals). Ws may be used at any time during your college career to drop a course up through the last day to drop a course or withdraw from all courses. When these 6 Ws have been used, the student must complete all subsequent courses. When a class which includes a lab (or recitation) is taken concurrently, the dropping of such a class and lab (or recitation) will count as one withdrawal if dropped simultaneously. See the *Undergraduate catalog* for more information on this policy at www.uh.edu/academics/catalog.

NOTE: Some state laws dealing with enrollment caps or maximum hours permitted are based on the number of hours in which a student is enrolled by the official reporting day for each term regardless of whether the student drops the course

afterwards. Students are responsible for ensuring their enrollment records are correct. For the UH policy on enrollment caps see the academic policy section on Undergraduate Enrollment Limits in the Undergraduate Catalog (www.uh.edu/academics/catalog) and within this student handbook.

GRADE REPORTS

● Registration and Academic Records

128 Welcome Center

<https://my.uh.edu>

713-743-1010

The University of Houston does not mail grade reports at the end of the semester. Students may verify grades through myUH at <https://my.uh.edu>. If a student requires written confirmation of earned grades, an official transcript must be requested by logging into myUH.

GRADING SYSTEM

The grade point average (GPA) is a numerical representation of a student's overall academic achievement. It is obtained by assigning point values to specific grades and multiplying these values by the number of semester hours received in that course. The total number of grade points earned for one semester or for all semesters at the University of Houston is divided by the total number of semester hours. Grades of S, U, I and W are not assigned grade point values and are not used in the computation of the grade point average. The grade point values are as follows:

| | | | |
|----|------|----|------|
| A | 4.00 | C | 2.00 |
| A- | 3.67 | C- | 1.67 |
| B+ | 3.33 | D+ | 1.33 |
| B | 3.00 | D | 1.00 |
| B- | 2.67 | D- | 0.67 |
| C+ | 2.33 | F | 0 |

INCOMPLETES (UNDERGRADUATES)

The temporary grade of "I" (incomplete) is a conditional and temporary grade given when students (a) are currently passing a course or (b) still have a reasonable chance of passing in the judgment of the instructor, but for non-academic reasons beyond their control have not completed a relatively small part of all requirements.

Students are responsible for informing the instructor immediately of the reasons for not submitting an assignment on time or not taking an examination. Students should understand that the only way to have an "I" changed to a passing grade is to fulfill course requirements in accordance with the conditions specified by the instructor. Students must contact the instructor of the course in which they receive an "I" grade to make arrangements to complete the course requirements. Students must not re-register for the courses in which their grade is currently recorded as an "I." Even when the conditions for fulfilling the course requirements include participation in all or part of the same course in another semester, the student must not re-register for the course. After the course work is completed, the instructor will submit a change of grade form to change the "I" grade to the grade earned. Both grades, the original "I" and the earned grade, will appear on the transcript.

The grade of "I" may not be changed to a grade of W, but may be changed only to another letter grade. As stated under Fulfillment of Grade Requirements for a Degree in

ACADEMIC POLICIES

the *Undergraduate Catalog*, all grades of "I" shall be computed as grades of F for purposes of calculating a student's cumulative grade point average for graduation.

Should the student not complete the course in the time allotted a maximum of one year, a grade of F will be assigned and used for purposes of calculating a student's cumulative grade point average for graduation and also for determining eligibility for graduation with honors (i.e. an "I" grade that becomes an F, even if associated with a course taken during the freshman or sophomore year, will be counted as part of the student's last 66 hours). Students should understand that an incomplete may impact their financial aid eligibility, and they should discuss this option with a financial aid advisor.

UNDERGRADUATES WITHDRAWALS

The grade of W is assigned to a course only after the last day to drop or withdraw without receiving a grade and before the final day to drop or withdraw. Students are responsible for initiating action to drop or withdraw from classes. Students who fail to do so will be retained on the class rolls even though they may be absent for the remainder of the semester. In such instances a grade of F (or U in S/U graded courses) will be awarded unless the conditions for a grade of I have been met. Please see the "Dropping a Course" section for limitation on withdrawals from courses.

If you need to drop all your classes, you must officially withdraw from the university. The procedure is the same as the one for dropping a single course. Your record with the university must be clear—that is, no overdue library books, no unpaid parking tickets, tuition and fees paid in full, etc. The procedure for medical and administrative withdrawals are outlined in the *Undergraduate catalog* (www.uh.edu/academics/catalog).

Graduate and Professional Students should refer to the most recent *Graduate Catalog* (www.uh.edu/grad_catalog) for the complete policy.

Students who receive financial aid funds should discuss the implications of withdrawing with a financial aid officer. All financial aid recipients who withdraw, unofficially or officially, are subject to a Return of Title IV Funds recalculation according to Federal Regulations, which may result in the student owing funds back to the university. Please visit [www.uh.edu\finaid](http://www.uh.edu/finaid) for more information.

RELIGIOUS HOLY DAYS

The University of Houston respects the religious observances of students even though they may conflict with university class meetings, assignments, or examinations.

The University of Houston excuses a student from classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this policy shall be treated consistently with the instructor's policies and procedures relating to other excused absences, except that no instructor's policy may deny the opportunity for make-up work and examinations, as described below.

Students are encouraged to inform instructors about upcoming religious holy days early in the semester to enable better planning and coordination of work assignments (and examinations). Instructors are encouraged to announce reasonable time periods for make-up work (and examinations) in the course syllabus and to make clear the consequences of a student's failure to meet such time requirements.

If a student and an instructor disagree about whether the absence is for the observance of a religious holy day, or if they disagree about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may appeal to the Office of Academic Program Management. All parties must abide by the decision of that office.

Eligible religions are those whose places of worship are exempt from property taxation. Copies of the state law are available in the offices of the Senior Vice President for Academic Affairs, the Dean of Students, and the A.D. Bruce Religion Center.

ACADEMIC POLICIES

STUDENT RECORDS: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Notice of Student's Rights

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

These rights are as follows:

1. Students have the right to inspect and review their education records within 45 days of the day the university receives the request.
2. Students have the right to request amendment of their education records that they believe are inaccurate or misleading. If the university denies a student requested amendment, the student has the right to a hearing regarding the requested amendment to his/her education record.
3. Students have the right to consent to disclosures of personally identifiable information in their education records, except to the extent that FERPA authorizes disclosure without consent.
4. Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. Such complaints may be sent to the Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605.

Directory Information

At its discretion, the University of Houston may provide "directory information" to the general public without student consent. "Directory information" is defined by FERPA as follows:

| | | |
|--------------------------------------|--|--|
| • Name | • Degrees, awards and honors received | • Weight and height of members of athletic teams |
| • Address | • Dates of attendance | • Enrollment status –Undergraduate or graduate students |

If a student does not want "directory information" regarding him or her to be released, the student must login to myUH at <https://my.uh.edu> to set the appropriate privacy settings during the first week of class to ensure that information is not released by the university or published in the Student Directory. Students are responsible for requesting the release of their information once a request for withholding "directory information" has been placed on record.

Disclosure of Education Records

The University of Houston will not disclose information from a student's education records without the written consent of the student, except in the following instances in which FERPA authorizes disclosure without prior student consent:

1. To school officials who have a legitimate educational or administrative interest in the records. A school official is defined as a person employed by the university in an administrative, supervisory, academic, or support staff position (including the university's police department and health care staff); a person or company with whom

the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; or a person assisting another school official in performing his or her official duties. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibilities.

2. To other schools in which the student seeks to enroll (or is enrolled) so long as the disclosure is related to enrollment or transfer.
3. To authorized representatives of the U.S. Secretary of Education, the U.S. Comptroller General, and state and local educational authorities, in connection with certain state or federally supported education programs; and the U.S. Attorney General for law enforcement purposes.

10. To appropriate parties in connection with a health or safety emergency.
11. As it relates to "directory information," unless the student restricts "directory information."
12. To an alleged victim of any crime of violence or non-forcible sex offense regarding the final results of any disciplinary proceeding conducted against the alleged perpetrator of that crime or offense with respect to that crime or offense, regardless of whether the student was found to have committed the violation.
13. To the public regarding the final results of any disciplinary proceeding in which the student was alleged to have committed a crime of violence or non-forcible sex offense and pursuant to the disciplinary proceeding the student was found to have violated a university disciplinary rule or policy.
14. To parents of a student who is under the age of 21 regarding the student's violation of federal, state, or local law, or any university rule or policy, governing the use or possession of alcohol or a controlled substance.
15. To the court where the student has initiated legal action against the university or the university has initiated legal action against the student.

Procedure to Inspect Education Records

A student has the right to inspect his or her educational records and to challenge the contents. To review records, a student must make a request in writing to the Custodian of those records. (See Custodians of Records, page 20) The written request must identify as precisely as possible the record or records he or she wishes to inspect.

Procedure to Amend Education Records

If a student believes the information in his or her education record contains information that is inaccurate, misleading,

ACADEMIC POLICIES

or in violation of the student's rights of privacy, the student should submit a written request for amendment to the appropriate custodian of the record (See the list of Custodian of Records, page 20). The written request should clearly identify the part of the record the student wants changed and specify why it is inaccurate, misleading, or in violation of the student's rights of privacy. The university will notify the student within a reasonable time regarding whether or not the record will be amended. If the university denies the student's request for amendment of his or her record, the student has the right to a hearing regarding the requested amendment.

**Note: This procedure does not govern grade appeals.

Procedures for a Hearing Under FERPA

1. To request a hearing pursuant to the university's denial of a student's request to amend information in his or her education record that the student believes is inaccurate, misleading, or in violation of the student's rights of privacy, the student should submit a written request for a hearing that clearly identifies the part of the record the student wants changed and specifying why it is inaccurate, misleading, or in violation of the student's rights of privacy to the custodian of the record that the student seeks to challenge.
2. The university will hold a hearing within a reasonable time after receiving the student's written request for a hearing.
3. The university will give the student notice of the date, time, and place of the hearing, reasonably in advance of the hearing.
4. The hearing will be conducted by an individual who does not have a direct interest in the outcome of the hearing. The hearing official will be appointed by the vice president to whom the custodian of the records in question reports.
5. The student will be provided the opportunity to present evidence supporting his or her allegation that his or her education record contains information that is inaccurate, misleading, or in violation of the student's rights of privacy. The student may, at his or her own expense, be assisted during the hearing by one individual, including legal counsel. The student must notify the hearing official no later than three (3) business days before the hearing that he or she will have legal counsel present at the hearing.
6. The custodian of the record in question and the author of that record (if appropriate) will also be provided an opportunity to respond to the student's allegations.
7. Upon hearing all of the evidence, the hearing official will render a written determination within a reasonable time after the hearing. The written determination will include a summary of the evidence and the reasons for the hearing official's determination.
8. Any information in the student's education record that is determined to be inaccurate, misleading, or a violation of the student's rights of privacy will be amended with the correct information and the student will be notified in writing of the change.
9. If it is determined that the student record is correct and does not merit amendment, the university will notify the student of his or her right to place a statement in the education record commenting on the information in the record, and/or presenting any reasons for disagreeing with the university's decision.

10. Any statement placed by the student in his or her education record shall remain a part of the record for as long as the record is maintained by the university.

Evaluations of transfer work are made in the Office of Registration and Academic Records, usually after students are admitted and complete records are on file. The application of transfer credit toward a degree at the university cannot be determined until the transcript has been evaluated and a degree plan made. Financial aid is awarded based on the number of hours completed at the time of awarding. If transfer credit is applied after awarding occurs, the student should visit with a Financial Aid officer. For specific regulations for approving transfer of credit in the undergraduate programs, consult your *Undergraduate catalog*. For more information on applying your credits toward your degree, contact the college or department of your major.

ACADEMIC POLICIES

UNDERGRADUATE ENROLLMENT LIMITS

Enrollment Cap

The undergraduate enrollment limit applies to students who are Texas state residents and are enrolled for the first time in a Texas public higher education institution in the Fall semester of 1999 or thereafter. For students first enrolling Fall 1999 through Summer 2006, the enrollment cap is 45 hours; and for students first enrolling Fall 2006 or after, the enrollment cap is 30 hours.

Such students are entitled to pay the Texas resident tuition rate for only the number of hours required to complete a degree in their approved major plus the cap allowance (45 hours or 30 hours). Students who have not chosen a major are considered, under Texas law, to have degree requirements of 120 hours. Courses attempted at any public Texas institution count toward the limit for each student. Attempted hours are calculated for courses in which a student is enrolled on the Official Reporting Day (ORD) (typically twelfth class day or 4th class day in summer), not by the courses in which a student receives a grade (passing, failing, or W). When students to whom this law applies register for courses that exceed this limit, they will be charged a premium rate of \$100 per credit hour additional to their in-state rate.

If you stop attending a class with the intent to drop, be sure you drop on or before the Official Reporting Day (ORD) or these hours will count toward your in-state-tuition limit. Please see your academic advisor for more information or if you have any questions about this policy.

For more information, please visit www.uh.edu/provost/stu/stu_enrollcapqs.html.

Course Cap

The Texas Higher Education Coordinating Board Rules (under Chapter 13) authorizes institutions to charge out-of-state tuition for students who enroll in a course for the third or more time,

Students may be charged for semester credit hours or contact hours attempted in any course, other than a non-degree-credit developmental course, containing the same content for a third or more times at their institutions since Fall Semester 2002. Attempted hours are calculated for courses in which a student is enrolled on the twelfth day (fourth class day in summer), not by the courses in which a student receives a grade (passing, failing, or W),

Semester credit hours or contact hours attempted by students for the following types of course work are exempt from the provisions of this section:

- (1) thesis and dissertation courses.
- (2) courses that may be repeated for credit because they involve different or more advanced content each time they are taken, including but not limited to, individual music lessons, Workforce Education Course Manual Special Topics courses (when the topic changes), theater practicum, music performance, ensembles, certain physical education and kinesiology courses, and studio art.
- (3) independent study courses,
- (4) special topics and seminar courses.

If you stop attending a class with the intent to drop, be sure you drop on or before the twelfth class day (fourth in summer) or these courses will count toward your two attempts. For more information, please visit www.uh.edu/provost/stu/stu_threepatqs.html.

The Cullen College of Engineering has a program focused on the recruitment and retention of students—the Program for Mastery in Engineering Studies (PROMES), pronounced “promise.”

PROMES provides academic advising, workshops, scholarships and job opportunities for engineering students. PROMES academic excellence workshops have propelled PROMES students to the top of their math classes.

PROMES students are clustered into common sections of classes and have an opportunity to participate in special skill building and problem-solving classes. Thus, PROMES creates a small college atmosphere within the larger university. Three-semester freshman retention is among the highest at UH.

PROMES works closely with student chapters of the National Society of Black Engineers (NSBE), the Society of Mexican American Engineers & Scientists (MAES), the Society of Hispanic Professional Engineers (SHPE) and the Society of Women Engineers (SWE). The leaders of these groups together with PROMES staff make up the PROMES Steering Committee.

yet selected a major and is open to students in the major interested in making their transition into university life and studies a positive and successful experience. Our program is intentionally designed to guide these students through a step by step process which gives them the skills and knowledge that will help them to pick the University of Houston degree that bests suits the student and in which the student can achieve both their academic and career goals.

Besides FTIC students, the CSP serves several other populations, such as students transferring to UH from another institution (other than high school) looking to explore our many academic options. Our transfer students are served by informative orientation sessions and targeted workshops to help them get familiar with the UH academic rigor, and to learn more about UH resources, activities, traditions, and spirit.

CSP is also committed to assisting students who may be facing some academic performance challenges. These students may be struggling with academics, time management, personal situations, be on academic warning, or have been placed on suspension. We help them to develop a plan that will get them back on track to graduation.

CSP offers students many benefits - such as a computer lab, one-on-one or group tutoring, review sessions for most of the core classes, peer mentors that are experienced and successful students, workshops, as well as scholarships. To learn more about the resources available to you as a UScholars CSP student, please visit our website.

agent for various departments. A computerized system posts library fines, parking violation fines, and other miscellaneous fee charges, as well as tuition and major fees, and room and board charges to individual accounts. This provides students with a centralized billing system. This department is also responsible for processing refunds and providing payment plans to any student who wishes to utilize this method of payment.

Questions regarding a specific charge(s) should be directed to the office that originated the charge(s). Telephone numbers for all offices that originate charges are listed at the following website: www.uh.edu/sfs. For information on your account, see your myUH self service account; then, if you need to speak with someone about your account please visit our customer service area in the Welcome Center, or contact the Enrollment Services Call Center at 713-743-1010.

TUITION AND FEE SCHEDULE

The schedule of charges reflects tuition as determined by residence status and number of hours taken. Students should be aware that this is only a minimum figure; certain miscellaneous fees, such as laboratory fees, parking decals, etc., are not included. The university reserves the right to change tuition and other charges without notice as necessitated by university or legislative action. Refer to the current class schedule for exact costs or visit the department website: www.uh.edu/sfs. Parking, locker rental, special lab or incidental fees, and cost of books and supplies are examples of additional fees other than the mandatory fees listed. All tuition and fees are subject to change by the Texas Legislature and/or the University of Houston System Board of Regents.

Law, Optometry, Pharmacy and graduate school tuition are higher than undergraduate tuition.

REFUNDS

If you drop a course or withdraw from the university, you may be entitled to a refund. The amount of the refund depends upon when you drop or withdraw. To determine if you are entitled to a refund, refer to your class schedule. All refunds must be requested online through self service. Please note that refunds due to withdrawal are determined by state law. Refunds are based on the amount billed not what has been paid. If you are a financial aid recipient, visit with a financial aid office prior to dropping a course, as your eligibility may be negatively impacted and/or your awards cancelled or reduced.

BILLING/PAY PLANS/COLLECTIONS

124 Welcome Center

Billing: Enrolled students statement of account will **only** be posted electronically in the Student Self Service online at website: <http://myuh.uh.edu>. Payment due dates and billing processes are explained in each semester's Class Schedule. All bills are issued through the Student Financial Services Department and reflect charges posted to the centralized billing system by the various service providing departments across campus. The Student Financial Services Department will not reinstate a student into course(s) or remove late fees from a student's account in cases where a student claims not to have seen a statement as all bills are available online 24/7/365. Payment due dates are published in a variety of campus publications and it is each student's responsibility to

make himself/herself aware of those dates. **It is the student's responsibility to know the due dates for all payments.**

Payment Plans: Beginning with the fall semester of 2008, the university, pursuant to Texas state law, is requiring that all students must complete their arrangement to pay for the semester prior to the first day of classes. This means the student must either pay 100% of all tuition and fees due, or sign an Installment Pay Plan, or select either an Emergency Loan or Short Term Tuition Loan. Any student who fails to select one of these payment plan arrangements by the due date for billing may be disenrolled from all classes and, should they choose to reenroll (late registration) will be charged a \$20 Late Registration Fee, which must be paid prior to being allowed to reenroll. A brief explanation of the different Pay Plans follows; for more detailed information, please contact the Customer Service area of Student Financial Services located in the University Welcome Center:

- A. Pay 100% of all tuition, fees, and/or housing/board;
- B. If prepared to pay at least 25% of all current semester charges and signs an installment agreement to pay the remaining charges in accordance with state law governing the **Installment Pay Plan**.
- C. Select an **Emergency Loan** wherein all tuition and mandatory fees are deferred for payment until the 90th calendar of the semester. (Interest calculated on 5% APR)
- D. Select a **Short Term Tuition Loan**, which defers the payment of tuition, fees, room and board until the 45th calendar day of the semester. (Interest calculated on a 12% APR)
- E. Accepted financial aid funds that appear as 'Pending Financial Aid' in your account summary that cover 100% of your tuition and fees. If so, your Total Due should be zero. In no case will any of the above plans cover prior semester charges. Any prior charges must be paid in full.

Students who enter into a Pay Plan agreement and find that more charges are added to their account afterward will have the additional charges billed in total along with the bills for the second/third installment.

For more detailed information, either visit the following website: www.uh.edu/sfs and read Payment Plans; or, visit the University Welcome Center and speak with a representative.

Students who believe they have been charged fees erroneously should first verify with the department responsible for those charges their accuracy. Following that, the student must submit, in writing, their request and reasons for removal of the charge in question.

Students who provide checks for payment (whether electronic or paper) that are returned by the bank will have 10 calendar days or **by the 20th class day, whichever comes first**, from notification to provide payment by cash or certified check.

Failure to legitimize payment within the time allotted may result in financial disenrollment, loss of check writing privileges and/or referral for prosecution.

NOTE: A convenience fee of 1.85% will be assessed on all credit and debit card payments for tuition, fees and other charges initiated through the Self Services Online website. The university only accepts Mastercard, American Express and Discover Cards. VISA debit, credit, or check cards are no longer accepted as payment options. There is no charge for using E Check as a means of payment.

FINANCIAL INFORMATION

Students who have a balance of \$10 or more after a due date will have a financial stop/service indicator placed on their student record. This stop will prohibit the student from registering and requesting transcripts. Failure of a student to respond to courtesy notices of a past-due balance by the deadline indicated will result in the loss of university services. **At the end of the semester, any student with a balance of \$300 or more will be assessed a \$50 severance of service fee.** A financial stop will be placed on the account, which will result in the denial of further university services. Services that may be denied include: release of transcript, room and board services, and future enrollment. **Collections:** Non-payment by the end of the semester will result in transfer of the student's account from the Student Financial Services Department to the Student Financial Service's Collections Office, or to a contracted collection agency, and assessment of a collection fee of at least 25% of the outstanding balance. University collections may also choose to litigate an account on advice of university legal counsel. Should an account be litigated, the student will be responsible for all litigation expenses including attorney's fees and court costs. Accounts that are referred to a contracted collection agency may also be reported to credit bureaus.

SCHOLARSHIPS AND FINANCIAL AID

120 Welcome Center

713-743-1010

www.uh.edu/finaid

Planning ahead is essential when applying for financial aid. The entire financial aid process can take up to eight weeks. It is important for you to get started as soon as possible after January 1 to ensure you receive your award in time to pay tuition and fees. We know that the financial aid process can be confusing. The Office of Scholarships and Financial Aid is available to help answer your questions on a walk-in basis or by appointment.

How to Apply

To apply for federal, state, or university funding, you must complete a Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov. The University of Houston Federal School Code is 003652. Awards may range from scholarships and grants to work-study jobs and student loans. Most, but not all, programs require a student to demonstrate financial need. You must have your FAFSA and all required documents submitted to the Office of Scholarships and Financial Aid by the priority deadline of April 1, to receive the maximum consideration for limited financial aid resources. Please visit our website at www.uh.edu/finaid for the Six Steps to Financial Aid and for more details on all the financial aid programs available at the University of Houston.

Disbursement of Aid

Each semester, financial aid disbursement begins no earlier than the first day of classes. If you have satisfied all application and disbursement requirements and met the conditions of the award, your financial aid will be automatically credited to your UH student account as payment. If you have financial aid remaining after your tuition is fully paid, you will receive a refund that will be processed by the office of student financial services.

Revisions and Cancellation of Aid

The university reserves the right to review, revise, or cancel all financial aid at any time due to changes in your financial and/or academic status or failure to comply with federal or state laws and regulations, including financial verification, audit procedures, and university policies. In addition, all financial aid is subject to revision based on the funds received by the university from the federal or state government and any changes to federal or state laws, regulations, or policies.

Aid Revisions After Drop/Add Period

If your financial aid is disbursed at the beginning of the semester and you reduce your number of enrolled hours within the drop/add period, your aid will be adjusted to reflect your semester registration. If your reduced enrollment results in less eligibility for aid, you will be charged for the overpayment of financial aid – creating a balance due on your UH student account.

Maintaining Financial Aid Eligibility

The various federal and state regulations governing student financial assistance programs require that an institution develop a standard to measure students' reasonable progress towards a degree objective – Satisfactory Academic Progress. Academic progress is reviewed at the conclusion of each academic year. Failure to maintain satisfactory academic progress will result in the denial or cancellation of your financial aid. The Office of Scholarships and Financial Aid may adminis-

UNIVERSITY SERVICES

tratively grant one probationary year of assistance for students whose academic progress does not meet the minimum standards at the conclusion of their first academic year of enrollment at UH. The following qualitative and quantitative standards must be met to remain eligible for financial aid at the University of Houston. Certain programs, including Texas Competitiveness Grant, National SMART Grant and B-On-Time Loan, may have higher standards than those listed below.

Qualitative Measure of Academic Progress

The qualitative measure of academic progress is a grading scale of 0.00 to 4.00, based on a student's enrollment classification.

| Classification | GPA Minimum Requirement |
|--------------------|-------------------------|
| Undergraduate | 2.00 |
| Post-baccalaureate | 2.00 |
| Graduate | 3.00 |
| Optometry | 2.00 |
| Law | 2.50 |

Quantitative Measure of Academic Progress

Students cannot receive financial aid beyond a specified total of attempted credit hours, and they must complete a certain percentage of the credit hours for which they are enrolled.

| Classification | Maximum Attempted hours (including Transfer hours) | Ratio of Completed vs. Attempted hours |
|---------------------------|--|--|
| Undergraduate | 190 credit hours | 75% |
| Post-baccalaureate | 100 hours beyond bachelor's | 75% |
| Graduate and Professional | 100 hours beyond bachelor's | 75% |

- Provide outreach activities

Learning:

Learning assistance programs are composed of tutoring services, learning strategies counseling, wellness and parenting education, cultural enrichment activities, computer-aided instructional resources, and workshops on academic learning strategies and personal development. The division also offers three academic courses in social health and learning strategies. LAS supports graduate and professional education with research services and consultation for data collection, survey design, coordination of focus groups, introduction to Statistical Package for Social Sciences (SPSS), learning strategies counseling, and workshops on topics such as American Psychological Association writing style, scholarly writing, presentations, learning styles, and time management.

Assessment:

Learning and Assessment Services provides comprehensive Assessment services to the UH community and local public and private organizations.

Assessment services include program evaluation via focus groups, faculty course evaluation, and institutional research, including administration of staff needs assessment, student satisfaction, and student needs assessment. Additional assessment activities include administration of psychological and vocational batteries, course placement tests, credit by examination, college admission tests, licensure/certification examinations, and scoring of departmental and course examinations. LAS also provides consultation for outcomes assessment.

Outreach:

Outreach activities are offered on and off campus. Community based programs are: (1) Families CAN Program and (2) Family Based Alternatives Project – both for families of children with disabilities and (3) Relatives As Parents Program for grandparents and other relatives raising kin children. On campus, UH Wellness offers a variety of events, programs as well as workshops on personal development, healthy choices and decision making, academic success, and coordination of the Houston/Galveston Consortium on Wellness.

Training:

Learning and Assessment Services (LAS) offers many opportunities for multi-disciplinary training, including internships and practicum opportunities. Students from psychology, counseling psychology, social work, or health education may apply for placement at LAS.

The guiding principle for training at LAS is to apply psychological, sociological, counseling, and learning theories to training opportunities.

Some of the possible training activities include:

- Research and outcome assessment
- Test administration and interpretation
- Program planning and evaluation
- Training and supervision of peer educators and peer tutors

Email: lcc@uh.edu, www.lcc.uh.edu

Established in 1975, the Language and Culture Center provides intensive English as a Second Language (ESL) instruction and cross-cultural communication training to international students who want to pursue undergraduate or graduate degrees at universities in the United States or who desire to improve their English to meet personal and/or professional goals.

Some courses provide students with English language skills (e.g., English pronunciation, and standardized test preparation) necessary to successfully begin or complete degree programs. Another course, LCC 6034-English for International Teaching Assistants and Faculty, helps graduate students qualify for UH employment in an instructional role. This course focuses on language skills (English pronunciation, including individual sounds, stress, intonation, fluency and overall comprehensibility), cross cultural communication skills (including an orientation to U.S. academic culture), and teaching skills (including non-verbal communication, explaining, presenting, fielding questions, and leading a discussion).

UH students register for LCC classes in the LCC office.

LIBRARIES

The University of Houston Libraries offer a variety of services to students attending classes on campus and those studying off campus through the University's distance education programs. The Libraries consist of the M.D. Anderson Library (the central library), the O'Quinn Law Library, and the Conrad N. Hilton Library. The M.D. Anderson Library has three branch libraries: the Music Library, the Weston A. Pettey Optometry Library,

and the William R. Jenkins Architecture and Art Library. Our online library catalog provides information about the collections of the University of Houston Libraries and the UH-Downtown and the UH-Clear Lake libraries. The catalog is available on workstations located throughout the Libraries or through any computer with Internet access.

A network of online databases provides access to a vast array of information including indexes to journal article citations and abstracts, full-text articles, full-text books,

and Internet resources. These databases are available to anyone inside the Libraries; current students, faculty, and staff can also access these databases from their home or office through the Library website: <http://info.lib.uh.edu>.

The newest addition to the Libraries collections is the Digital Library which showcases digital collections of materials documenting the history of the University of Houston, City of Houston, and State of Texas, as well as other historically and culturally significant materials related to the University's teaching and research mission.

In addition to our electronic resources, the Libraries' collections include books, journals, U.S. and State of Texas government publications, and newspapers from around

the world. Our Special Collections, located on the second floor of the M.D. Anderson Library, include rare books, valuable literary manuscripts, historical documents, materials relating to the history of the University of Houston, and the Women's Archives Research Center.

The Learning Commons, located in the M.D. Anderson Library, offers library users flexible and inviting spaces for both collaborative and individual work, resources for developing presentation projects, enhanced access to sophisticated computing technology and advanced applications, improved options for reserving equipment, and greater responsiveness to technical questions.

Librarians are available to help all users with their research and information needs. For more information, please visit or call any of the UH Libraries or use the Library website.

The "Spirit of Houston" Cougar Marching Band

The "Spirit of Houston" Cougar Marching Band is the largest spirit organization on campus. The Cougar Band is known for its die-hard support of the Cougars on and off the field. The band can be seen at all home football games and several other events across campus and around the country. The "Spirit of Houston" is the center of gameday enthusiasm at Robertson Stadium.

Marching band rehearsals are scheduled to allow all interested students to participate without conflicting with many classes. Rehearsals are scheduled on Mondays and Wednesdays from 5:00 to 7:30 p.m. and Fridays from 5:00 to 8:00 p.m. A standard week's rehearsals has the brass and percussion members rehearsing on Monday, the woodwinds, color guard, and dance team rehearsing on Wednesday, and the full band rehearsing on Friday and on Saturday (when there is a home football game). The band performs a wide variety of musical styles and energetic shows. A full calendar of the band's rehearsal and performance schedule is provided at the beginning of the fall semester.

In addition to the instrumentalists, the Cougar Marching Band has other components: the Cougar Dancers, Cougar Color Guard, the Feature Twirler(s) and the University of Houston Cougar Cheer Teams.

Membership in the "Spirit of Houston" is open to any university student, regardless of major, with high school band experience. Auditions are held on the first day of summer rehearsals in the weeks before the first day of classes. Scholarships and grants are available through the Band Department.

The Cougar Dolls

The Cougar Dolls perform at scheduled campus athletics events and many events in the community. The Cougar Dolls are a visual component of the Cougar Marching Band, performing on the field during half-time shows, and featured at scheduled home basketball games. They also compete in regional and national dance competitions as seen on television. Auditions for the highly selective squad are held in the spring semester. All applicants should have previous dance experience and be prepared to compete at a national level.

Cougar Brass

Cougar Brass is the university's nationally recognized basketball pep band. In addition to appearing at all men's and women's home basketball games, Cougar Brass also performs at many functions on campus and around the city of Houston as the university's musical ambassadors. The group is made up of music majors and non-music majors. Auditions are held in October and rehearsals begin soon after for the upcoming basketball season.

Cougar Cheer Teams

Steeped in tradition, the University of Houston Cheerleaders consist of two squads: one co-ed, and one all female. Auditions for both squads are held in the spring for the following year and are open to all university students, including transfer students and high school seniors who have been accepted to

CAMPUS LIFE

the University. The cheer teams represent the University of Houston at scheduled athletics events including home football and basketball games. Also, the cheerleaders compete at regional and national cheer competitions as seen on television.

Other University Bands

In addition to the "Spirit of Houston" and Cougar Brass, the Moores School of Music has four performing concert bands: the Moores School Wind Ensemble, Moores School Symphonic Winds, Moores School Symphonic Band, and University Concert Band. The Wind Ensemble and Symphonic Winds are primarily composed of music majors and admission is solely by audition at the beginning of each semester. The Symphonic Band is composed of a mixture of non-music majors and music majors who audition for placement at the beginning of the spring semester. The Concert Band is primarily composed of non-music majors and meets in the spring semester. Consult the class schedule for rehearsal times.

For more information on The Cougar Dancers, Cougar Brass, Cougar Cheer Teams or other University bands, contact the Office of University Bands.

UNIVERSITY POLICIES

STUDENT LIFE POLICIES

Like many urban universities, the University of Houston is growing disproportionately faster than its city setting. The University of Houston continues to strive for a spirit of community, an atmosphere that is essential for intellectual growth and achievement. This spirit of community has not been the particular concern of any one person or of any single group. It has gradually evolved from the deepening loyalties of faculty, students, and organizations in the city and throughout the state.

With the spirit of community, the university has nurtured a climate of academic freedom and of freedom of inquiry. Insofar as possible, this climate should enable the University of Houston to solve its own problems, to the extent that they are peculiar to the nature of a university, in an atmosphere of considered deliberation in which all interested parties can participate by means of legitimate representation. This is the purpose of the Student Life Policies. In these policies are found-as clearly defined as possible-the distribution of authority, the identification of rights and responsibilities, the determination for accountability, the application of sanctions, and the mechanisms and guidelines for conflict resolution. These policies are intended to stimulate intellectual excellence in an atmosphere of freedom and to protect the integrity of the university community.

Members of the university community share the same responsibilities of citizenship as other members of the broader community. Students, faculty, and staff members are all subject to the same laws and ordinances. The university does not stand between national, state, or local law enforcement agencies and persons who break the law. Persons who break the law on the campus are subject to action by these agencies and, when appropriate, to the university's internal discipline procedures.

There will be no retroactive application of any changes in the Student Life Policies. However, future change may supersede policies published herein. Alterations to the policies are published on the Dean of Students' Website at www.uh.edu/DOS.

Policies included herein apply to the University of Houston.

AMENDMENT OF STUDENT LIFE POLICIES

Student Life Policies may be established, deleted, or amended by the approval of a university bill in accordance with the Constitution and laws of the Student Government Association. In addition to the provisions of the Constitution and laws of the Student Government Association, the following shall apply to the process for considering Student Life Policy bills:

1. The Senate may take action on the bill only after adequate notice has been given to the university community by the following means:
 - a. The speaker shall, within two class days of the introduction of the bill, post a copy of the bill in a visible location outside the offices of the Student Government Association.
 - b. The speaker shall, within five class days of the introduction of the bill, place a notice in *The Daily Cougar* announcing the introduction of the bill and other pertinent information concerning the bill and its consideration by the Senate.

c. The speaker shall, within two class days of the introduction of the bill, provide the Faculty Senate and the Staff Council with copies of the bill. The Faculty Senate and Staff Council, or their designated committees, shall have a period of no less than 20 class days from the time of the bill's introduction to provide the Student Senate with its recommendations regarding the bill.

2. If approved by the Student Government Association, the bill shall be sent to the President for approval via the Dean of Students and the Vice President for Student Affairs, with copies sent to the Chairs of the Faculty Senate and Faculty Senate Campus Life Committee.

ALLEGED VIOLATIONS OF BOTH PUBLIC LAW AND STUDENT LIFE POLICY: UNIVERSITY ACTION TO BE TAKEN

In all cases involving public law, statutes, ordinances, student life policies, or university regulations, university action may be taken.

ENFORCEMENT OF UNIVERSITY POLICY JURISDICTION

All alleged violations of Student Life Policies contained herein, unless otherwise specified in this section, shall be under the jurisdiction of the Dean of Students Office and the University Hearing Board.

The UH Police Department shall coordinate its investigation with other law enforcement agencies, as necessary, for processing through the criminal court system. However, the University reserves the right to investigate and prosecute any alleged violations of the Student Life Policies and when appropriate enforce sanctions.

Violations of the Organizations Policy shall be under the jurisdiction of the University Hearing Board.

University of Houston traffic citations will be evaluated and resolved by Parking and Transportation. Students may appeal parking and traffic citations to the Student Traffic Court.

Violations occurring within the residence halls may be resolved by the appropriate residence halls staff and/or referred to the Dean of Students Office.

Be Informed

Familiarize yourself with the course and instructor expectations. Read the course syllabus.

Be Honest and Fair

Grades should reflect individual work, unless group work is authorized. Maintain the code of academic honesty.

Be Attentive

Mentally prepare yourself for listening. Resist distractions, emotional reactions, or boredom.

Be Punctual

Attend classes regularly and on time. Instead of closing your notebook early, listen carefully to information given near the end of class; summary statements and instructions may be important. Moreover, leaving class early distracts from a lecture.

Prepare for class by completing readings and assignments. Avoid procrastinating and set realistic goals.

Be Participatory/Curious

ONLINE SOCIAL NETWORKS POINTS OF CAUTION

Using commonly used online social networks can be a great way to make new friends and keep track of the old. Commonly used online networks are targeted to high school and college students and are accessible to anyone with an .edu e-mail address. The ease of acquiring access to these networks may mean that the information you post may be available to more people than you may think.

We at the University of Houston want you to have a full and rewarding university experience in and out of the classroom. To educate students against identity theft, harassment, stalking, and other potentially dangerous or criminal activity, we are offering the following points of caution about online social networks.

CAUTION: You may have limited control online.

Your privacy settings may block some access to your profile, but it does not mean your postings are one hundred percent secure. Because some sites may not use secure encryption to protect your information, there is a chance unauthorized individuals may gain access to information in your profile through the use of malicious software and use such information for harm.

CAUTION: Deleting may not be enough.

Deleting potentially incriminating or personal information about yourself does not always mean you have removed it from cyberspace. If you shared it with other people who have printed or saved your profile or pictures, your information may still be accessible to others. Additionally, many internet service providers and servers back up or duplicate the information, retaining it indefinitely.

CAUTION: Employers use online social networks.

Reportedly, many employers have begun looking at online profiles of potential candidates before granting interviews or extending job offers. Some images may be available for view by simply "googling" a name and not necessarily registering for a site.

CAUTION: Police use online social network sites.

Police departments are increasingly using online social network sites as tools to identify potential suspects in crimes. In some circumstances, an investigation has been started solely on the basis of information obtained on the Internet. If your site contains language or images that indicate you have engaged in a violation of law, appropriate action may be taken against you.

CAUTION: Predators may be lurking.

Be aware that posting personal information online may make it available to people who may not have the best intentions. There have been instances of stalking and harassment that have originated from online websites. Protect your personal information by not posting it.

CAUTION: Responsibility rests with you.

Just as you are responsible for the content of your résumé and your public image, you are ultimately responsible for your profile. You may have some control over who sees your online information and you can take action to influence how others perceive you. Many sites allow you to restrict the availability of your profile to certain individuals. While these settings provide no guarantees, they can be a useful tool in gaining some control of your private information, including photos.

CAUTION: You are who your profile says you are.

Your online profile may be the only impression someone has of you. Make sure the image you are projecting online is one that accurately represents you.

UNIVERSITY POLICIES

FREEDOM OF EXPRESSION POLICY

The University of Houston is committed to fostering a learning environment where free inquiry and expression are encouraged. The University expects that persons engaging in expressive activities will demonstrate civility, concern for the safety of persons and property, respect for University activities, respect for those who may disagree with their message, and compliance with University policies and applicable local, state, and federal laws. The University of Houston maintains its right to place reasonable time, place, and manner restrictions on expressive activities. Additionally, any activities that are unlawful or disruptive to the normal operations of the University including classes and University business activities will not be tolerated. The purpose of the University of Houston Freedom of Expression Policy (MAPP 13.01.01) is to provide for organized expressive activities to be conducted on the grounds of the University in a manner consistent with these principles. Groups or individuals engaging in disruptive activities or failing to comply with University policies and applicable local, state, and federal laws may face immediate removal from the campus and other appropriate actions by University officials and University police.

The Freedom of Expression Policy is applicable to University of Houston students, faculty and staff, who wish to engage in extracurricular, organized expressive activities (as defined in MAPP 13.01.01) including public speaking, literature distribution, poster displays, sign displays, any other type of graphic exhibitions, expressive performances, petitioning, or similar noncommercial activities at locations on University property. This policy does not apply to official University activities. University grounds and buildings are reserved for use by University of Houston students, faculty, and staff, except as otherwise permitted by policies of the University. Expressive activities permitted under this policy do not imply official endorsement by the University. Groups or individuals engaged in expressive activities are responsible for the content of the expression.

A copy of the University of Houston Freedom of Expression Policy may be obtained in the Dean of Students Office, Room 252, University Center and is available on the University of Houston Manual of Administrative Policies and Procedures Web Pages at www.uh.edu/mapp/.

STUDENT DISCIPLINARY POLICIES AND PROCEDURES

Preamble

The University of Houston, as an educational institution, has a special set of interests and purposes essential to its effective functioning. These include (a) the opportunity for students to attain their educational objectives, (b) the creation and maintenance of an intellectual and educational atmosphere throughout the University, and (c) the protection of the health, safety, welfare, property, and human rights of all members of the University, and the property of the university itself. The University has a clear responsibility in the area of student conduct to protect and promote the pursuit of its goals. The Student Disciplinary Policies and Procedures emphasize the University's obligation to promote the personal freedom, maturity, and responsibility of students.

The Student Disciplinary Policies and Procedures set forth those acts that constitute unacceptable conduct for students of the University. All alleged violations of the Student Disciplinary Policies and Procedures may result in referral to the assistant Dean of Students.

The University does, in addition, reserve the right, for educational purposes, to review any action taken by civil authorities regarding students. It also has the obligation to introduce counseling and/or disciplinary action if the student's conduct has interfered with the University's exercise of its educational objectives or responsibilities to its members. Disciplinary action taken on this basis shall conform to the terms of the Student Disciplinary Policies and Procedures.

The University of Houston supports the concept of educational discipline. When a student is not a danger to the university community, or when a repetition of misconduct is unlikely, the University will make an effort to educate the student through a sanction; but should the student demonstrate unwillingness to obey the rules governing conduct, he will be treated in the same manner as one who has failed academically. Students are expected to adhere, and will be held accountable for adhering, to all federal, state, and local laws in addition to all university policies and regulations not mentioned herein.

A student admitted to the University of Houston accepts the responsibility to conform to all University of Houston rules and regulations. Proven failure to meet this obligation will justify appropriate disciplinary actions including, but not limited to, expulsion, suspension, disciplinary probation, or reprimand. Although the University will make every reasonable effort to make the rules and regulations available, students are responsible for becoming familiar with them.

The University of Houston Judicial System is the responsibility of the Dean of Students Office in conjunction with the Student Government Association. The assistant Dean will advise, under the direction of the Dean of Students, the operational judicial procedures.

calendar year following its effective date. The Assistant Dean will determine the effective date.

10.4 The hearing shall be conducted according to the procedures set forth in Section 8.

10.5 The student may appeal the decision as provided for in Section 15.

10.6 If the decision is to suspend or expel the student, the sanction takes effect from the onset of the vice president's interim suspension.

10.7 In the event a lesser sanction is imposed, the interim suspension will not become part of the permanent record.

11. Counseling Referrals

The Assistant Dean may refer any student who exhibits behavior that interferes with the student's normal functioning to Counseling and Psychological Services (CAPS) or the University Health Center.

Counseling and Psychological Services (CAPS) or the University Health Center may, with written permission of the student, discuss the results of the referral with the Assistant Dean.

See procedures set forth in Section 10.

- A student may be disciplined for a violation under the Student Disciplinary Code even if the organization of which the student is a member is penalized under these procedures for the same violation.

16.2. Disciplinary Sanctions: The Assistant Dean may impose one or more of the following sanctions on the organization for violation of a Disciplinary Code or University Policy. Failure to meet the conditions of the sanction imposed may be considered an additional violation:

UNIVERSITY POLICIES

ALCOHOL POLICY

As an institution interested in the intellectual, physical, and psychological well-being of the campus community, the University of Houston deems it important to curtail the abusive or illegal use of alcoholic beverages. All members of the University of Houston community and guests are required to comply with federal, state, and local laws regarding the distribution, possession, and consumption of alcoholic beverages. Such laws include the following:

- a. An individual under 21 years old commits an offense if he purchases, consumes, or possesses alcohol.
- b. A person commits an offense if he purchases, gives, or knowingly makes alcohol available to an individual under 21 years.
- c. A person under 21 years commits an offense if he falsely states that he is 21 years of age or older or presents any document that indicates that he is 21 years of age or older to a person selling or serving alcoholic beverages.
- d. A person commits an offense if he appears in public under the influence of alcohol to the degree that the person may endanger himself or another.
- e. A person commits an offense if he is intoxicated while driving or operating a motor vehicle in public.
- f. The sale of any type of alcoholic beverage is prohibited unless the seller possesses a valid license or permit. Selling includes, but is not limited to, including the price of alcoholic beverages in the admission price, and/or giving away the alcoholic beverage but charging for the food.
- g. Civil liability may attach to a social host serving alcohol to an intoxicated individual who later injures himself or another.

(For a detailed compilation of relevant laws, contact the Dean of Students Office.)

It is university policy that the possession, consumption, and/or distribution of any alcoholic or intoxicating beverage in an open receptacle or a container which has been opened is prohibited in any public area of the University of Houston campus except at:

1. Events for students (including events planned by staff or faculty for students and events sponsored by students or student organizations) authorized by the Dean of Students Office in accordance with the Alcohol Distribution Policy in the official UH Student Handbook;
2. Faculty/staff events authorized by the President, Vice Presidents, Associate or Assistant Vice Presidents, Deans or Academic Department Chairs; and
3. The Hilton University of Houston Hotel and on-campus restaurant or food service areas where alcohol is legally distributed or sold.

The term public area is defined as campus parking lots, campus grounds or any outside enclosed area or portion thereof, to which the public is invited or given general unrestricted access, as well as the inside classrooms, lobbies, lounges, corridors and restrooms of the campus buildings.

An individual or group which sponsors an event at which alcoholic beverages are made available is responsible for adherence to the applicable laws and applicable university policies.

DISTRIBUTION OF ALCOHOLIC BEVERAGES

Recognizing an educational responsibility, the University has developed these and other regulations to promote students'

responsible decision-making and behavior relative to the use of alcoholic beverages. Distribution procedures must be followed for on-campus events by student organizations and others sponsoring the events for students. The Dean of Students is responsible for interpreting these procedures and for developing guidelines for its implementation. Registering to distribute alcoholic beverages on the campus of the University of Houston is a privilege granted to registered student groups and departments. Failure to adhere to university procedures may result in the denial of future registration and disciplinary action.

Procedures for Distribution of Alcoholic Beverages at Student Events

1. Departments or registered campus organizations desiring to serve or consume any type of alcoholic beverage on campus must register their event in advance by means of the Registration of Alcoholic Beverage Distribution Form. Forms may be obtained from the Dean of Students Office and must be completed and filed in the Dean of Students Office at least 15 business days in advance of the event in order to permit time to clarify issues and to distribute copies of the registration to other university officials. Registration forms must be reviewed by the Dean of Students or designate. A signature from the Dean of Students or designate must be received prior to advertising the event. Individuals within the department or organization must identify themselves as responsible for compliance with the University of Houston's policies on the distribution of alcoholic beverages as well as federal, state and local laws. A copy of the signed registration form for alcoholic beverage distribution must be available at the event as proof that registration was made.
2. Alcoholic beverages may be distributed in areas approved for programming within designated hours. Space and facilities for the event must be reserved through the appropriate university channels. Alcoholic beverages may be dispensed at campus events between 5 p.m. and 12 a.m. on Monday through Friday and between noon and 12 a.m. on Saturday and Sunday. For special campus-wide events, the Dean of Students or designate may permit earlier distribution.
3. Any event at which alcoholic beverages are to be consumed pursuant to this policy may not have that consumption be the main focus of the event. Any publicity for the event may refer to such beverages only as incidental to the event. Advertising will not portray drinking as a solution to personal or academic problems. Also, it may not promote gimmicks or games (i.e., "one charge for all you can drink," "chugging contests," "drink and drown contests," etc.), which enhance irresponsible drinking.
4. Persons responsible for distributing alcoholic beverages must:
 - a. Be 21 years of age or older.
 - b. Check a valid driver's license or Texas ID for proof of age and identify legal age drinkers by the use of a hand stamp or a wristband.
 - c. Post a sign at the point of distribution indicating "No alcoholic beverages may be consumed by anyone under age 21."
 - d. Have nonalcoholic beverages available and displayed throughout the event as prominently as the alcoholic beverages. If the alcoholic beverages are being distributed free, a nonalcoholic beverage other than water must be available at no charge.

UNIVERSITY POLICIES

- e. Stop serving alcoholic beverages one hour before the event's scheduled conclusion or at 12 a.m., whichever is the earlier time.
- f. Cease serving alcoholic beverages to any person who appears to be under the influence of alcohol or any other intoxicating substance, to the degree that he or she may endanger himself or another.
- g. Take other appropriate steps they may identify to encourage the responsible use of alcoholic beverages at their event.
- h. Post a sign announcing their willingness to call a cab for those under the influence of alcohol or any other intoxicating substance.
- i. Provide food items in sufficient amounts for the number of persons attending the function.

5. Students shall not:

- a. Use false identification cards in order to receive alcoholic beverages;
- b. Provide alcoholic beverages to a minor;
- c. Consume alcoholic beverages on campus except in approved food establishments, at events where such beverages are being distributed legally and in approved areas in the residence halls;
- d. Bring alcoholic beverages into or out of an event where such beverages are being distributed legally.

Students will be held responsible for their guests' compliance with university regulations.

The Executive Director of Residential Life and the Executive Director of the University Center and Associated Facilities may impose additional regulations in the residence halls and in the University Center and UC Satellite respectively.

For additional information, including a summary of state law, resources for assistance, and educational guidelines or programming, contact the Department of Campus Activities, the Health Center, the UC Conference and Reservation Services (CARS) Office, Counseling and Psychological Services (CAPS) or the Dean of Students Office.

The Distribution of Alcoholic Beverages Policy for Calhoun Lofts residence facility is currently under review and does not currently apply to events and/or activities held in Calhoun Lofts. Residents of Calhoun Lofts should contact the Calhoun Lofts manager's office for policies concerning the consumption and distribution of alcoholic beverages.

The Distribution of Alcoholic Beverages Policy does not apply to football game tailgating activities. Football tailgates are governed by the General Rules for Tailgating administered by the Athletics Department. Tailgate sponsors should register with and secure the General Rules for Tailgating from the Athletics Department.

DISTRIBUTION OF FOOD ON CAMPUS

Food and beverage may be sold or distributed on campus only through registered student organizations and university departments. The sponsoring group must secure a Temporary Food Dealer's Permit from the Department of Public Safety Fire Marshal's Office, UH Police Department building, 3869 Wheeler, Room 107, 713-743-1635.

This approved permit must then be submitted to the UC Conference and Reservation Services (CARS) Office prior to receiving confirmation for an event. An organization may conduct a food or beverage sale no more than twice a month.

FINANCIAL RESPONSIBILITY

Students incur charges for a variety of services provided by the University. It is an expectation, as well as a condition of enrollment at the University of Houston, that students satisfy their financial responsibilities in a timely fashion. Individuals who fail to do so will incur the sanctions outlined in this section.

Students who illegally enroll at the University of Houston by:

- a. failing to pay past due balances at any other University of Houston System campus,
- b. providing the Office of Scholarships and Financial Aid with false information for purposes of obtaining financial assistance, or

c. submitting a check (whether electronic or paper) for enrollment expenses that is returned by the University's bank will have 10 calendar days (or, in the event this is the first installment, until the 20th class day, whichever comes first) to legitimize their enrollment. The 10 days will begin on the date the University provides notification to the student specifying what action the student must take to correct existing deficiencies. Failure of a student to respond within the 10-day period to a notice of a returned check for the initial fee payment will result in the student being financially disenrolled from the University.

Students who write two bad checks (unless due to bank error) to the University for tuition and fees or for any other university obligation forfeit check-writing privileges for one year and must petition for future eligibility.

In addition, a student who has tendered to the University a check returned unpaid by the bank will be assessed a \$20 service charge. In the event an e-check is returned unpaid the student will also be assessed a \$20 service charge. Students who fail to make their first payment by the due date as stated in their online bill will be financially disenrolled, and their records will reflect no enrollment. Anytime payment is not made by the due date indicated, a late fee will be assessed.

Students who fail to make subsequent payments by the final payment deadline provided will be subject to the following sanctions:

- A \$50 severance of service fee will be assessed.
- Financial stops/service indicators will be placed preventing further enrollment until cleared by the Student Financial Services Department.
- No degree will be conferred to a student or former student until financial obligations have been satisfied.
- University housing may be denied.
- Transcripts or statements regarding courses or prior credits will not be provided to or on behalf of a student who is in default on any payment to the University.
- Non-payment by the end of the semester, defined as the last day of scheduled classes prior to the beginning of finals, will result in transfer of the student's account to the Collections Office and assessment of a collection fee of at least 25 percent of the outstanding balance and the loss of any future enrollment.

Grade changes as a result of non-payment, dropping courses or withdrawing from the University will not relieve the student of unmet financial obligations to the University.

Appeal of any of these actions may be made in writing to

UNIVERSITY POLICIES

the Student Financial Services Department. The department is required to consider all information relevant to the appeal before making a final decision.

(Editor's note: Students should read the section on Financial Information on page 26 of this publication.)

IDENTIFICATION

Students are required to obtain and show proof of a valid "Cougar 1Card" and present it upon request of a university official.

HAZING

UH Philosophy Regarding Hazing

- The University of Houston believes that true human development can best occur in an atmosphere of social and ethical responsibility.
- The university views responsible pre-initiation activity as a positive educational approach to preparation for student organization membership.
- The university views hazing activities as not contributing to the positive development or welfare of the individual.
- Therefore, the University of Houston recognizes acts of hazing as irresponsible, intolerable and inconsistent with the principles of higher education and basic human development and may be illegal.

UH Hazing Policy

I. Hazing Defined

Hazing is defined as any action taken or situation created which, regardless of intent or consent of the participants:

- a. Produces or is reasonably likely to produce, bodily harm or danger, mental or physical discomfort, embarrassment, harassment, fright, humiliation or ridicule, or otherwise compromises the dignity of an individual;
- b. Compels an individual to participate in any activity which is unlawful and/or contrary to the rules, policies and regulations of the University;
- c. Will, unreasonably or unusually, impair an individual's academic efforts, and/or
- d. Occurs on or off campus.

All students are strictly prohibited from engaging in any hazing activity.

II. Examples of actions and activities which are explicitly prohibited include but are not limited to the following:

- a. Compelling individuals to consume alcohol or drugs.
- b. Paddling in any form, shoving or otherwise striking individuals.

- e. Depriving individuals of the opportunity for sufficient sleep, decent edible meals or access to means of bodily cleanliness.
- f. Activities which impair an individual's academic efforts by causing exhaustion, loss of sleep or reasonable study time, or by preventing an individual from attending class.
- g. The creation of excessive fatigue by participation in physically demanding activities (calisthenics, runs, etc.).

- h. Compelling individuals to eat or drink unusual substances or compelling the consumption of undue amounts or odd preparations of food.
- i. Having substances thrown at, poured on or otherwise applied to the bodies of individuals.
- j. Morally degrading or humiliating games or any other activities which make an individual the object of amusement, ridicule or intimidation.
- k. Transporting individuals against their will, abandoning individuals at distant locations, or conducting any "kid-nap," "ditch" or "road trip" that may in any way endanger or compromise the health, safety or comfort of any individual.
- l. Causing an individual to be indecently exposed or exposed to the elements.
- m. Requiring an individual to remain in a fixed position for a long period of time.
- n. Compelling an individual to be branded or tattooed.
- o. "Line-ups" involving intense shouting of obscenities or insults.

- q. Tests of courage, bravery, stamina or sexuality.
- r. Intentionally deceiving members, prior to initiation, to make them believe they will not be initiated.

- t. Excluding an individual from social contact for prolonged periods of time.
- u. Compelling an individual to engage in acts of personal servitude.

III. Consent Is No Defense

Any of the activities described above upon which the initiation or admission into, or affiliation with, or continued membership in an organization is directly conditioned, shall be presumed to be "compelled activities," the willingness of an individual to participate notwithstanding.

IV. Burden of Acceptability

The burden to ensure that student organization activities are acceptable under this policy rests with the student organization. This is a preliminary test for hazing: If you are not sure whether an activity is hazing, it probably is. Therefore, the activity should be dropped or discussed with the appropriate university official. Questions regarding the acceptability of a proposed student organization activity should be discussed with an activities advisor in the Department of Campus Activities.

It is recommended that organization officers refer to the list of examples of acceptable actions and activities located in the Student Organizations Handbook available in the Department of Campus Activities.

V. Applicability of Community Standards

The terms and concepts (e.g., humiliating, degrading, unusual, uncomfortable, embarrassing, demeaning, etc.) cited in this policy shall be interpreted by university officials in relation to acceptable and applicable community standards.

UNIVERSITY POLICIES

VI. Enforcement

- a. The president or Chair of each registered student organization is responsible for informing the members (pledges, associate members, initiated members, affiliates, etc.) of the organization of the UH policy regarding hazing. Summary of the Texas Legislative Act Regarding Hazing

(Effective September 1, 1987)

I. Definition of Hazing

Hazing means any intentional, knowing or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in or maintaining membership in any organization whose members are or included students at an educational institution.

The term includes but is not limited to: any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body or similar activity; any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics or other activity that subjects the student to an unreasonable risk or harm or that adversely affects the mental or physical health or safety of the student; any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug or other substance which subjects the student to an unreasonable risk or harm or which adversely affects the mental or physical health or safety of the student; any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subsection; any activity that induces, causes or requires the student to perform a duty or task which involves a violation of the Penal Code.

II. Personal Hazing Offense

A person commits an offense if he or she engages in hazing; solicits, encourages, directs, aids or attempts to aid another in engaging in hazing; recklessly permits hazing to occur; or has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report said knowledge in writing to the Dean of Students Office or other appropriate

official/office of the institution.

Penalties

1. Failure to report hazing - fine up to \$2,000; jail up to 180 days; or both.
2. Hazing without serious bodily injury - fine up to \$2,000; jail up to 180 days; or both.
3. Hazing with serious bodily injury-fine up to \$4,000; jail up to one year; or both.
4. Hazing resulting in death—fine up to \$10,000; jail not less than 180 days nor more than two years; or both.

*In cases which do not result in death, community service may be imposed in lieu of a jail sentence.

III. Organization Hazing Offense

An organization commits a hazing offense if the organization condones or encourages hazing or if an officer or any combination of members, pledges or alumni of the organization commits or assists in the commission of hazing.

Penalties

1. Hazing that does not result in personal injury, property damage or loss: fine of not less than \$5,000 nor more than \$10,000.
2. Hazing that results in personal injury, property damage or loss: fine of not less than \$5,000 nor more than double the amount lost or expenses incurred because of such injury, damage or loss.

IV. Consent Not A Defense

It is not a defense to prosecution of an offense that the person against whom the hazing was directed consented to or acquiesced in the hazing activity.

V. Immunity From Prosecution

The court may grant immunity from prosecution to each person who is subpoenaed and does testify for the prosecution. Any person reporting a specific hazing incident to the Dean of Students Office or other appropriate official/office and/or participates in any judicial proceeding as a result of the report is immune from liability, civil or criminal. Medical practitioners reporting treatment of students who have been subjected to hazing activities shall be immune from civil or other liability. Persons reporting in bad faith or with malice are not protected.

VI. Offenses In Addition To Other Penal Provisions

The educational institution may enforce its own penalties against hazing.

ORGANIZATIONS POLICY

1. General Statement of Purpose

The University recognizes:

1. the importance of organized student activities as an integral part of the total educational program of the University;
2. that college learning experiences are enriched by student organizational activity; and
3. that organizations provide a framework for students within which they may develop their own special talents and interests.

Inherent in the relationship between the University and organized student groups is the understanding that the purposes and activities of such groups should be consistent with the main objectives of the University.

UNIVERSITY POLICIES

All student organizations must register annually with the Department of Campus Activities and must then comply with the procedures and policies regarding registration as set forth.

The Dean of Students Office recognizes the role of Greek Coordinating Councils in establishing and upholding policies for member groups. However, membership in said councils does not exempt fraternities and sororities from judicial referrals to the Dean of Students Office for violations of Student Life Policies, including Organizations Policies.

The University Hearing Board, with the approval of the Dean of Students, delegates to Greek coordinating councils general supervision over those chapters of social sororities and fraternities which choose to be members of these councils.

The term "general supervision" shall include all the duties, powers and responsibilities exercised by the Greek coordinating council prior to the adoption of this policy, with the provision that membership in the Greek coordinating councils is optional with the local chapter.

It is understood that the Greek coordinating councils and their member groups will operate under the provisions of the Student Life Policies, including the Organizations Policy.

2. Procedure for Registration of New Organizations

2.1 Permanent Organizations

- a. The group will file its name, statement of purpose, constitution or statement regarding its method of operation, faculty/staff advisor (if applicable), and the names of its officers or contact persons with the Department of Campus Activities.
- b. In cases where a potential faculty/staff advisor is unknown to the group, the Campus Activities staff will assist in identifying a university faculty or staff member who may wish to serve as an advisor. Organizations are encouraged to have a faculty/staff advisor.
- c. Should the group not have elected its officers or completed other work connected with its formation at the time they initially see the Campus Activities staff, the Campus Activities staff shall make arrangements for them to use university facilities for organizational purposes on a meeting-to-meeting basis until the organizational process is completed and the required information can be filed.
- d. At the time of filing, three officers or contact persons for the organization will sign a statement indicating that they are familiar with and will abide by the aforementioned responsibilities of student organizations. They will also sign the standard hazing and discrimination disclaimer required of all student organizations.
- e. Having ascertained that the group's purpose is lawful and within university regulations and that the group has filed the required forms and disclaimers, the Director of Campus Activities, or designate, will sign the application. Appropriate university personnel are notified by Campus Activities that the group is then eligible for all of the rights of student organizations.
- f. Should the staff feel that the organization does not meet the requirements for registration, a written copy of the decision and reasons will be furnished to the applying organization. The group may appeal the decision to the Dean of Students.
- g. The Campus Activities staff shall make arrangements for the group to use university facilities on a meeting- to-

meeting basis until the appeals process is completed.

h. Decisions of the University Hearing Board may be appealed to the Dean of Students.

2.2 Registration for a Limited Purpose: Temporary Status

In some cases, groups will organize with some short-term (one which can be accomplished in less than one academic year) goal in mind such as the passage of some particular piece of legislation or the holding of some particular event. The organization's structure will expire on the date indicated on the registration form. Requests for extension of Temporary Status may be made to the Director of Campus Activities.

2.3 Membership Regulations

- a. Registered student organizations have freedom of choice in the selection of members, provided that there is no discrimination on the basis of race, color, religion, national origin, sex, age, disability, veteran status, or sexual orientation.
- b. Membership in registered student organizations is restricted to currently enrolled University of Houston students, faculty, staff and alumni.
- c. Hazing-type activities of any kind are prohibited.

2.4 Officers Regulations

- a. Student organizations are free to set qualifications and procedures for election and holding office, with the following provisions:
 1. All officers must be regular members of the organization.
 2. There is no discrimination on the basis of race, color, religion, national origin, sex, age, disability, veteran status, or sexual orientation except where such discrimination is allowed by law.
 3. Religious student organizations may limit officers to those members who subscribe to the religious tenets of the organization where the organization's activities center on a set of core beliefs.
- b. Persons not currently enrolled at the University of Houston may not hold office or direct organizational activities.

2.5 Records

All registered student organizations must maintain the following records in the Campus Activities Office:

- a. An organizational information form listing the current officers and faculty/staff advisor (if applicable) is due at the beginning of each school year. Any changes during the year, other than membership, are to be recorded within 10 days with the Department of Campus Activities.
- b. A copy of the organization's current constitution, or statement of purpose and statement regarding its method of operation, is to be filed with the Department of Campus Activities.

3. Rights and Responsibilities of Registered Student Organizations

Registered student organizations exist on the university campus on the assumption that their activities and programs contribute to the educational, civic, and social development of the students involved. Registration of a campus organization does not imply university sanction of the organization or its activities. Registration is simply a charter to exist on the university campus and may be withdrawn by the University Hearing Board if the organization is found in violation of any federal, state or local laws, or university regulation or policy.

UNIVERSITY POLICIES

3.1 Use of the University's Name-Organizations may not use the name of the University of Houston or an abbreviation of the name of the University of Houston as part of its name, except to designate location or chapter, nor advertise or promote events in a manner which suggests that the function is sponsored or sanctioned by the University unless the event is formally cosponsored with an administrative or academic unit of the University.

3.2 Rights-Registered Student Organizations may:

- a. Use university facilities (subject to pertinent regulations, proper scheduling procedures, and prior needs of the University itself);

4. Conduct of Student Organizations

Student groups and organizations may be charged with alleged violations of local, state, and federal laws and/or university policies. A student group or organization and its officers may be held collectively and/or individually responsible when alleged violations occur either during an event sponsored by the organization or by an individual representing or associated with that organization or group. See Section 16 of the Disciplinary Code on page 69.

5. Changes in Organizations Policy

The Organizations Policy is an official policy of the University of Houston dealing with student organizations and their relationship to the university community.

The University Hearing Board is responsible for the implementation and administration of the Organizations Policy. The board's composition and specific powers, duties and responsibilities are described elsewhere in the policy.

- 5.1 Proposals for changes in the Organizations Policy shall be initiated and considered by the University Hearing Board.
- 5.2 After approval by the University Hearing Board, the proposed change(s) in the Organizations Policy must be approved by the Student Government Association Senate. Unless otherwise stated in the change, it shall take effect immediately upon approval by the Student Government Association Senate, the Dean of Students, and the Vice President for Student Affairs.

- 5.5 All parts of the Organizations Policy and all procedures and operations of the University Hearing Board must be in compliance with the Student Life Policies and all other university regulations.

PARKING AND TRAFFIC REGULATIONS

Students who operate vehicles on the university campus must abide by the parking and traffic regulations posted on the Parking and Transportation Services (PTS) website (www.uh.edu/parking). Students who use parking facilities on campus must display a valid UH parking permit issued by PTS. This permit is assigned to the student and not to a vehicle. The student is responsible for all parking violations and subsequent citations written against that permit.

Citations issued to vehicles not displaying a valid permit will be the responsibility of the vehicle's registered owner. PTS will verify registration information with the Texas DMV and try to associate the vehicle with a student through last name and address. In cases where an association can be made, the citation(s) will be assigned to the student. Students have the right to appeal parking citations within 14 days of issuance. Appeals can be entered online from the PTS website. In instances of driving violations, student drivers may be issued university tickets or county tickets. University tickets issued through the UH Police Department may be appealed to the Appeals Board.

RELATED UNIVERSITY POLICIES

AIDS

Purpose

The purpose of the policy on Acquired Immune Deficiency Syndrome (AIDS) is to address the issue of AIDS and to establish guidelines for responding to AIDS within the campus community. The University acknowledges its responsibility to promote a safe, healthy, and supportive campus community. AIDS has become a global health issue; the University addresses related campus issues in this policy statement.

Background

AIDS is a chronic progressive condition that compromises the immune system of the body leaving it susceptible to certain opportunistic infections and cancers that rarely threaten the healthy immune system. AIDS is generally a fatal disease. Since its onset in the United States, AIDS has become a public health priority. The number of AIDS-related cases has increased dramatically over the past few years. In addition, officials report that many others have been infected with the Human Immunodeficiency Virus (HIV). These HIV-positive people can transmit the virus, although they appear healthy and may be unaware of their infection.

General Policy

1. A University Committee on AIDS has been established. The committee represents the campus community and addresses relevant medical, psychosocial, legal/ethical, and administrative issues.
2. The University endorses the position of the American College Health Association that the primary responses of colleges and universities to AIDS should be educational. These services are coordinated with established mental/health personal/community health programs sponsored by the University Health Center, Counseling and Psychological Services (CAPS), Residence Halls, Human Resources, Center for Students with DisABILITIES, and other organizations.
3. Any student, faculty, staff, or administrator with a transmissible disease, including those testing HIV-positive, has an obligation to protect the welfare of others and to attempt to prevent the spread of the infection.
4. The University's commitment to nondiscrimination applies to students, faculty, staff, and administrators identified as HIV-positive or as having an AIDS diagnosis.
5. As specific AIDS-related medical problems arise, they will be addressed on a case-by-case basis following current guidelines of the American College Health Association, the Centers for Disease Control, and the laws of the state of Texas. The University is committed to fulfilling the letter and spirit of the law as stated in the Human Immunodeficiency Virus Services Act, Senate Bill 959.
6. Information concerning AIDS-related issues relative to any member of the campus community will be handled in a sensitive manner to protect confidentiality and to prevent the misuse of such information.
7. Any person who, in the conduct of University-related business, handles blood, body fluids, and/or body tissues will follow the guidelines set forth in The Policy and

UNIVERSITY POLICIES

Procedure for Safely Handling Blood, Body Fluids and Body Tissues.

Guidelines

1. AIDS educational literature is available at various locations including the University Health Center, Counseling and Testing Service and Human Resources. These materials are distributed at student orientation. All references mentioned in this document will be made available in the reserve section of the M.D. Anderson Library.
2. A copy of the American College Health Association report, AIDS on the College Campus, will be made available in the reference section of the M.D. Anderson Library.
3. The University will not require HIV testing of either employees or students. Voluntary testing for HIV is performed following the guidelines of the American College Health Association.
4. If an employee or student has HIV-related concerns, that individual may consult the University Health Center, Counseling and Psychological Services (CAPS), or any other knowledgeable counselor, physician or administrator for appropriate referral or intervention. Educational programs and counseling programs will be provided on campus and/or appropriate referrals will be made to community agencies as necessary.

COMPUTING FACILITIES USER GUIDELINES

The following is a summary excerpt from the Computing Facilities User Guidelines. Complete copies of the policy can be obtained online at www.uh.edu/infotech/policies.

Introduction

The University of Houston computing facilities exist to provide computing services to the university community in support of instructional, research, and university business activities. These guidelines are intended to improve the computing services offered and provide these services in a cost-effective manner. University computing facilities are a public resource and may not be used for personal or corporate profit.

The university computing facilities service a large number of students, faculty, and staff. All users have the responsibility to use the university computing systems in an effective, efficient, ethical, and lawful manner. The ethical and legal standards that are to be maintained are derived directly from standards of common sense and common decency that apply to the use of any public resource.

Conditions of Use

As a condition of use of any computing facility, the user agrees:

1. To respect the privacy of other users; for example, users shall not intentionally seek or reveal information on, obtain copies of, or modify files, tapes, or passwords belonging to other users, or misrepresent others, unless explicitly authorized to do so by those users.
2. To respect the legal protection provided by copyright and license to programs and data; for example, users shall not make copies of a licensed computer program to avoid paying additional license fees or to share with other users.
3. To respect the intended usage for which access to computing resources was granted; for example, users shall

use computing resources authorized for their use by the individuals responsible for these resources only for the purpose specified by that individual. Examples of inappropriate use may include the use of computing resources for purely recreational purposes, the production of output that is unrelated to the objectives of the project, and, in general, the use of computers simply to use computing resources.

4. To respect the integrity of computing systems; for example, users shall not intentionally develop or use programs that harass other users or infiltrate a computer or computing system and/or damage or alter the software components of a computer or computing system. Any defects discovered in system accounting or system security should be reported to the appropriate system administrator so that steps can be taken to investigate and solve the problem.
5. To respect the financial structure of a computing system; for example, users shall not intentionally develop or use any unauthorized mechanisms to alter or avoid charges levied by the University for computing services.
6. To respect the shared nature of the computing resources; for example, users shall not engage in deliberately wasteful practices such as printing large amounts of unnecessary listings, performing endless unnecessary computations, simultaneously queuing numerous batch jobs, or unnecessarily holding public workstations, magnetic tape drives, or dial-up telephone lines for long periods of time when other users are waiting for these devices.
7. To respect the rights of other users; for example, users shall not engage in private or public behavior that creates an unlawfully intimidating, hostile, or offensive environment for other users.

In addition to the above, each facility may have additional guidelines for the use of particular types of accounts (e.g., student instructional accounts), and it is the user's responsibility to read and adhere to these additional guidelines.

Violations of Conditions of Use

In accordance with established university practices, allegations or unauthorized use of the computing facilities may also result in being charged with violations of the student disciplinary code, which could lead to expulsion from the University, termination of employment and/or legal action.

COPYRIGHTS AND COPYRIGHT INFRINGEMENT LAWS

The U.S. Copyright Law (Title 17 U.S. Code) governs copyright infringement, which is the act of reproducing or distributing a copyrighted work, without permission or legal authority of the copyright owner. Illegal downloading or uploading of music, movies, software or any substantial part of a copyrighted work without authority constitutes an infringement.

Anyone found liable for copyright infringement may be ordered to pay civil and criminal penalties. In civil court, either actual damages or "statutory" damages no less than \$750 and no more than \$30,000 per copyrighted work. For "willful" infringement, a court may award up to \$150,000 per copyrighted work. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For details,

UNIVERSITY POLICIES

see Title 17, United States Code, Sections 504, 505. In accordance with established university policy, the University of Houston will follow U.S. Copyright Law (Title 17 U.S. Code) in dealing with allegations or violations of copyright infringement. These actions may also result in being charged with violations of the student disciplinary code, which could lead to expulsion from the University, termination of employment and/or legal action by the University of Houston.

DRUG AND ALCOHOL ABUSE PREVENTION POLICY

It is the policy of the University that illicit drug use, including their manufacture, sale, distribution, dispensation, possession, or use is prohibited in the workplace, on the campus, or as part of any university activities. Sanctions imposed for violation of this policy are indicated below.

The Dangers of Drug or Alcohol Abuse in the Workplace and on the Campus

There are many employed individuals whose job performance and productivity are adversely affected by their progressive dependence on drugs or alcohol. Much of this cost is in lost wages, health care expenses, and workers compensation. Additionally, the impact of drug use and high risk alcohol consumption for the college student can not be overlooked in terms of its cost to the individual student and the institution. For specific information related to alcohol and other drug consumption and consequences, go to the Higher Education Center website at www.higheredcenter.org.

2. Philosophy

The unlawful use of drugs or abuse of other drugs and alcohol is inconsistent with the behavior expected of members of the university community. The University is committed to the development and maintenance of a drug-free environment on the campus as well as an environment that prohibits the abuse of other drugs and alcohol and has a drug and alcohol abuse prevention system in operation, accessible to all members of the university community. The University is committed to the further expansion of that program and the dissemination of drug awareness information to the members of the university community. In addition, the University is committed to enforcing the provisions of the Drug Free Workplace Act of 1989 and believes that these acts and their implementation regulations provide a proper framework for the drug and alcohol abuse policies of the University.

3. Health Risks

Outlined below is a listing of drugs of abuse and their health risks taken from the U.S. Drug Enforcement Administration website. A more complete and detailed accounting may be found at their website at www.usdoj.gov/dea/pubs/abuse/chart.htm

Alcohol

Alcohol (beer, wine, or liquor) has a high potential for physical and psychological dependence as well as resulting in increased tolerance. Possible effects include impaired memory, slurred speech, drunken behavior, slow onset, vitamin deficiency, and

UNIVERSITY POLICIES

organ damage. Overdose may result in vomiting, respiratory depression, loss of consciousness, and possible death. Withdrawal may include trembling, anxiety, insomnia, vitamin deficiency, confusion, hallucinations, and convulsions. Females who drink alcohol during pregnancy may give birth to infants with Fetal Alcohol Syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics. Alcohol use is often related to acquaintance rape and failure to protect oneself from sexually transmitted diseases (STDs). Additionally, alcohol-related accidents are the number one cause of death in the 16- to 24-year-old age group.

Narcotics

Narcotics (including heroin, morphine, hydrocodone, oxycodone, codeine, and others) have a high potential for both physical and psychological dependence as well as resulting in increased tolerance. The possible effects of using narcotics include euphoria, drowsiness, respiratory depression, constricted pupils, and nausea. Overdose may result in shallow breathing, clammy skin, convulsions, coma, and death. Withdrawal may include irritability, tremors, panic, nausea, chills, and sweating.

Other Depressants

Other depressants (including GHB or liquid ecstasy, valium, xanax, ambien, and barbituates) have a potential for both physical and psychological dependence as well as resulting in increased tolerance. The possible side effects include slurred speech, disorientation, appearance of intoxication, and impaired memory. Overdose may result in shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma and possible death. Withdrawal may include anxiety, insomnia, tremors, delirium, convulsions, and possible death.

Stimulants

Stimulants (including cocaine, methamphetamine, and methylphenidate) have a possible risk of physical dependence and high risk for psychological dependence. Tolerance can develop in all stimulants. The possible side effects include increased alertness, excitation, euphoria, increased pulse rate and blood pressure, insomnia, and decreased appetite. Overdose may result in agitation, increased body temperature, hallucinations, convulsions, and possible death. Withdrawal may result in apathy, long periods of sleep, irritability, depression, and disorientation.

Hallucinogens

Hallucinogens (including MDMA, LSD, Phencyclidine, and others) are less likely to result in physical dependence, with the exception of phencyclidines and analogs, and vary in terms of psychological dependence, ranging from none to moderate (MDMA) to high (phencyclidine and analogs). Tolerance can develop. Possible effects include heightened senses, teeth grinding, and dehydration (MDMA and analogs) and hallucinations, altered perception of time and distance in others. Overdose may result in increased body temperature and cardiac arrest for MDMA and more intense episodes for LSD. Some hallucinogens may result in muscle aches and depression when in withdrawal (MDMA) or may result in drug seeking behavior.

Cannabis

Cannabis includes marijuana, tetrahydrocannabinol (THC), and hashish or hashish oil. All may result in moderate psychological dependence with THC resulting in physical dependence. Tolerance can develop in all forms. Possible effects

include euphoria, relaxed inhibitions, increased appetite, and disorientation. Overdose may result in fatigue, paranoia, and possible psychosis. Withdrawal may occasionally result in insomnia, hyperactivity, and decreased appetite.

Anabolic Steroids

Anabolic Steroids (including testosterone, and others) may result in psychological dependence. Less is known as to their potential for physical dependence and increased tolerance levels. Possible effects may include virilization, edema, testicular atrophy, gynecomastia, acne, and aggressive behavior. Effects of overdose are unknown. Withdrawal may possibly include depression.

Inhalants

Inhalants (including amyl and butyl nitrite, nitrous oxide, and others) vary in their level of psychological dependence, with less known about their potential for physical dependence and tolerance. Possible effects may include flushing, hypotension, and headache, impaired memory, slurred speech, drunken behavior, slow onset, vitamin deficiency, and organ damage. Overdose may result in methemoglobinemia, vomiting, respiratory depression, loss of consciousness, and possible death. Withdrawal may result in agitation, trembling, anxiety, insomnia, vitamin deficiency, confusion, hallucinations, and convulsions.

Penalties for Violation of the Policy

The university policy prohibiting the unlawful possession, use, or distribution of illicit drugs and/or alcohol on the campus and at university-sponsored events held off campus protects and supports the employees and students of the University of Houston.

Any employee admitting to or convicted of the unlawful possession, use, or distribution of illicit drugs and alcohol on the campus or at university sponsored events held off campus, will be subject to disciplinary action (up to and including termination), may be referred for prosecution, and may be required to satisfactorily participate in a drug and alcohol assistance or rehabilitation program, as agreed upon between the employee and the Department of Human Resources. Further information concerning employee penalties is available from the Department of Human Resources at 713-743-5770.

Any student admitting to or proven to have violated the University of Houston's Student Disciplinary Policies and Procedures regarding the unlawful possession, use or distribution of illicit drugs and alcohol on campus or at university sponsored events (see Student Disciplinary Policies and Procedures Section) will be subject to disciplinary action (up to and including expulsion), may be referred for prosecution, and may be requested to satisfactorily participate in a drug and alcohol assistance or rehabilitation program. Further information concerning student penalties is available from the Dean of Students Office at 713-743-5470.

In addition, there are penalties under Texas and federal law. For more information on the range of penalties, refer to the Dean of Students website at www.uh.edu/dos/publications/fliers.php.

1. Information and Referral-All members of the university community are eligible to consult with the professional staff of Counseling and Psychological Services (CAPS)

UNIVERSITY POLICIES

regarding the availability of drug abuse assistance programs. Drug and alcohol abuse counseling and rehabilitation program referrals are routinely made to mutual help organizations, private hospitals, public treatment programs, and private drug treatment practitioners. CAPS also maintains a collection of resource materials pertinent to issues of drug abuse. In addition, UH Wellness, the campus wide education and prevention program, provides education and prevention on alcohol/drug abuse and related concerns for the campus community and maintains a library of materials on substance use and abuse.

2. Individual Counseling-individuals are seen on a short-term basis for assistance with drug-related problems. However, it is likely CAPS will make a referral for alcohol and drug addiction. This service is available to students at no charge. Faculty and staff are able to receive short-term evaluation and referral for such services.
3. Group Counseling-there is an Alcoholics Anonymous (AA) chapter which meets on campus periodically. When unavailable on campus, referrals can be made to local AA or NA chapter meetings with the Greater Houston Community. This service is free to University of Houston students, faculty, and staff. You can also call AA Intergroup at 713-686-6300 to get a referral to an AA group meeting near you.
4. Psycho-Educational Programs-On a periodic basis, group programs focusing on the development of strengths and skills related to the effective management of drug related problem areas are offered by the Counseling and testing Service and UH Wellness. These programs are open to University of Houston students, faculty and staff at no charge. UH Wellness offers an evidence based alcohol education intervention to student groups every semester. Additionally, a computer interactive program entitled Alcohol 101 is available through UH Wellness. UH Wellness conducts exit interviews for students who complete the Marijuana 101 online workshop as a result of a disciplinary referral from the Dean of Students Office. UH Wellness also offers an approved Alcohol Education Course for Minors in Possession available to students who receive a court ordered citation or referrals from the Dean of Students Office or other campus departments.
5. The University of Houston offers an Employee Assistance Program through UT Employee Assistance Programs (UTEAP) which will assist in mental health concerns including alcohol and other drug issues. The service can be accessed by calling 713-500-3327 or 1-800-346-3549.
6. Mutual Health Groups-individuals can be assisted in forming groups like Alcoholics Anonymous and Alanon and information concerning these groups is maintained for dissemination to interested persons.
7. Houston Council on Alcoholism and Drug Abuse-Offers short-term counseling for anyone affected in any way by alcohol or other drug abuse. Trained alcohol and drug abuse counselors can help select a 12-step program (AA, Alanon, NA, CA, etc.) and/or appropriate treatment. Their address is 3333 Eastside, 713-520-5502. Further information regarding these referrals may be secured from University of Houston

Counseling and Psychological Services located in Room 226 of the Student Service Center, 713-743-5454.

1. Has established a drug-free and alcohol abuse awareness program to inform its faculty, staff, and students about the dangers of drug and alcohol abuse in the workplace, the University's policy of maintaining a drug free workplace and a workplace which prohibits the illicit use of alcohol, available drug and alcohol counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug and alcohol abuse violations.
2. Will provide each student and employee a copy of this policy. in addition, all faculty, staff, and students will be notified of this policy through appropriate publications.
3. Will notify each university employee and each student that, as a condition of employment on a federal grant or contract, the person, once so employed, must abide by the terms of the policy, and must notify his/her supervisor and the Department of Human Resources of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction.
4. Will notify the appropriate federal agency within 10 days after receiving notice of criminal drug statute conviction of any university employee engaged in performance of the grant or contract.
5. Will impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program, by any employee so convicted. Sanctions imposed on employees for violation of this policy may include suspension, suspension without pay and termination.
6. Will make a good faith effort to continue to maintain an environment that complies with the Drug-Free Workplace Act 1988 and the Drug-Free Schools and Communities Act Amendments of 1989.
7. Will conduct a biennial review of its programs to assess their effectiveness, what changes need to be made, and to ensure the uniform application of sanctions to employees and students.

Implementation

Implementation of this policy is a joint responsibility of the Department of Human Resources, the Division of Research, the Police Department, the Office of Financial Aid and the Division of Student Affairs. Notification of the program, including information about health risks and sanctions for violation of the policy, will be provided annually to students and employees. INTERIM SEXUAL ASSAULT POLICY

Interim Sexual Assault Complaint Procedure

Sexual assault is a non-consensual sexual act involving force, manipulation, or coercion; it is an act of aggression, violence and power. The perpetrator can be a stranger, relative, acquaintance, or date. The University of Houston is committed to providing a working and learning environment free from sexual assault. A sexual assault is an illegal criminal act which can devastate victims physically, violate their sense of safety and trust, and interfere with personal and educational goals; as such, it can damage the educational atmosphere for the entire university community. Sexual assault is a serious and flagrant violation of the university rules of conduct for faculty, staff and students and will not be tolerated. The University will vigorously investigate all allegations of sexual assault; it will treat victims with respect, make their legal rights and options clear, and fully cooperate with them in their exercising of those rights. The University will continue to sponsor programs to educate faculty, staff, and students about sexual assault: myths, prevention, treatment services, legal remedies, date rape, and other forms of sexual misconduct. Procedures protecting the rights of sexual assault victims and those accused of sexual assault have been established, are readily available, and will be enforced rigorously.

Definition

A stranger or acquaintance commits sexual assault through forcible sodomy, forcible sexual penetration, however slight, of another person's mouth, anal or genital opening with any object. These acts must be committed without the victim's consent either by force, threat of force or violence, intimidation or through the use of the victim's mental or physical helplessness of which the accused was aware or should have been aware. Sexual assault also includes the touching of an unwilling person's intimate parts (defined as genitalia, groin, breast or breasts, or buttocks or clothing covering them) or forcing an unwilling person to touch another's intimate parts. These acts must be committed either by force, threat, intimidation or through the use of the victim's mental or physical helplessness of which the accused was aware or should have been aware.

Rape is a form of sexual assault involving sexual intercourse without the victim's consent. It includes being coerced through force or threats of force, or having sexual intercourse with someone who is unconscious or incapable of giving consent.

Comments and Statutory References

Sexual assault is non-consensual acts involving psychological manipulation, physical force, or coercion. It is an act of aggression and violence, and a crime punishable under the laws of the State of Texas by fines and incarceration up to 20 years of confinement. The UH definition of sexual assault captures the essence of the Texas criminal definition, found in Section 22.011 of the Texas Penal Code.

The perpetrator can be a stranger, relative, acquaintance, or a date. Sexual assault is not limited to non-consensual sexual intercourse, but involves touching of various body parts without consent. Under the definition sexual assault has occurred if there is not consent. Accompanying another to a dorm or bedroom is not affirmative consent, nor is voluntary hugging or kissing affirmative consent to sexual intercourse. Voluntary undressing could indicate consent, but even such consent does not deprive the person of the right to change his or her mind and halt the activity; failure to acquiesce to the expressed desire to stop would constitute a sexual assault.

Sexual misconduct without physical contacts as defined

UNIVERSITY POLICIES

above is not deemed sexual assault but may violate university regulations and state criminal laws. Similarly, sexual misconduct which is lewd, exhibitionistic, voyeuristic, or similar such conduct which does not involve physical contact may violate university student life policies or state and university prohibitions against sexual harassment.

If you are Sexually Assaulted

- **GET TO A SAFE PLACE AS SOON AS POSSIBLE.**
- **TRY TO PRESERVE ALL PHYSICAL EVIDENCE.**
- **SEEK MEDICAL ATTENTION** as soon as possible through the Student Health Center 713-743-5151. It is important to seek immediate and follow-up medical attention for several reasons:
 - a. to assess and treat any physical injuries you may have sustained;
 - b. to determine the risk of sexually transmitted diseases, HIV, Hepatitis B or pregnancy and to take appropriate medical measures; and
 - c. to gather evidence which would aid criminal prosecution. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of evidence may be diminished.
- **SEEK COUNSELING** by calling Counseling and Psychological Services (CAPS) at 713-743-5454, the Rape Crisis Center at 713-528-RAPE, 528-7373 or the Houston Area Women's Center at 713-528-6798. Whenever the campus counseling center is closed, a counselor on-call can be reached through the university police dispatcher at 713-743-0600. Counselors will maintain confidentiality, help explain your options, give information, and provide emotional support.
- **CONTACT THE OFFICE OF AFFIRMATIVE ACTION/EEO** at 713-743-8835. This office has staff specially trained in how to advise victims of sexual misconduct.
- **CONTACT SOMEONE YOU TRUST** to be with you for support.

Counseling and Emotional Support

Counseling and Psychological Services (CAPS) has counselors on-call at all times during working hours. Call 713-743-5454. A back-up counselor is on call after working hours who can be accessed through the UH Police Department dispatcher at 713-743-0600. Sexual assault can have a significant psychological and emotional impact on a victim. Campus counselors can assist in a crisis.

Campus Academic and Residential Accommodations

Due to the trauma associated with sexual assault the student victims may need to cease or alter campus employment, withdraw from courses, change their on-campus living arrangements, and/or leave college altogether. Such changes may require exceptions to university academic and financial policies. Staff and faculty who are victims may have the same need for a leave of absence or changes in their work environment. To enhance the feeling of safety for victims, the University will try to accommodate all reasonable requests. Requests of this nature should be directed to the Office of Affirmative Action/EEO at 713-743-8835 which will assist the victims ensuring approval from the appropriate university official. Student victims may also contact the Dean of Students Office at 713-743-5470.

If you are Accused of Sexual Assault Consider the Following Options

- **CONTACT AN ATTORNEY.** Accusations of sexual assault can invoke criminal and administrative processes which can lead to criminal confinement, fine and administrative sanctions including expulsion from college. Thus, a person accused of sexual assault should contact his or her attorney. If the accused has no attorney, referrals can be received from the UH student Legal Advisor at 713-743-5450, or 713-743-5470, the UH Law Center clinic at 713-743-2094 or the Houston Bar Association Lawyer Referral Service at 713-237-9429.
- **DO NOT TALK TO UNIVERSITY STAFF ABOUT THE FACTS SURROUNDING THE ALLEGATIONS** until you have fully considered the fact that those staff persons can all be forced to testify as to what you said should there be a criminal prosecution.
- **DO LEARN ABOUT THE UNIVERSITY PROCEDURES** for handling allegations of sexual assault on campus through campus disciplinary procedures. This information can be acquired from several offices, in particular, the Office of Affirmative Action/EEO at 713-743-8835.

Sexual Assault Complaint Procedures

The University of Houston provides procedures by which victims may file a complaint and seek administrative sanctions against an accused perpetrator. These procedures apply where the accused is a UH student, faculty or staff member.

Sexual assault complaints directed to the Office of Affirmative Action/EEO (OAA/EEO) will be addressed utilizing the sexual harassment procedures. The sexual harassment procedures are outlined below. Allegations of student-to-student sexual assault should be directed to the Dean of Students Office. Student-to-student sexual assault complaints will be adjudicated via the Student Disciplinary Policies and Procedures outlined on page 61. The Dean of Students Office

SEXUAL HARASSMENT POLICY

The President of the University of Houston has authorized an interim sexual harassment policy and procedures subject to change based on review by the Faculty Senate, Staff Council, the Student Government Association and other appropriate officials. The policy is summarized as follows:

Policy

The University of Houston is committed to providing a professional working and learning environment free from sexual harassment. Sexual harassment is a form of sex discrimination and is illegal. Sexual harassment on a university campus most often exploits a relationship between individuals of unequal power and authority (as, for example, between an employee and supervisor or between a student and teacher), but may also occur between student peers or employees of equal rank. At a university, sexual harassment also constitutes unprofessional conduct which compromises the University's commitment to the integrity of the learning process.

As such, the University of Houston will not tolerate any form of sexual harassment. Failure to investigate allegations of sexual harassment or failure to take timely corrective action is considered a violation of the University's sexual harassment policy and may also violate federal and state laws.

Definition

Sexual harassment consists of the following:

1. unwelcome sexual advances,
2. requests for sexual favors,
3. verbal and written comments of a sexual nature, and/or
4. physical conduct of a sexual nature;

when such conduct:

- a. Is made, either explicitly or implicitly, a term or condition of instruction, employment, or participation in a university activity;
- b. Is used to be a basis for evaluation in making academic or personnel decisions affecting an individual; or
- c. Has the effect of creating an intimidating, hostile, or offensive university environment; or has the purpose or effect of substantially interfering with an individual's employment or learning.

In relation to the foregoing statements, sexually harassing behavior may include, but is not limited to, the following:

1. unwelcome sexual flirtations, advances, propositions, or leering; favoritism based on a sexual relationship (or adverse impact on other members of a group);
2. verbal remarks of a sexual nature whether directed to an individual or a group, or in the guise of humor, including sexually explicit derogatory remarks, suggestive comments, demands, or jokes found to be offensive or objectionable to the recipient;
3. use of sexually oriented photos, posters, cartoons, materials, or themes unrelated to instruction and/or the pursuit of knowledge;
4. graphic or degrading verbal, written, or electronic comments of a sexual nature about an individual or the individual's appearance;

5. any suggestive or unwelcome physical contact; any aggressiveness such as touching, pinching, or patting; or
6. actual or threatened physical assault.

Sexual harassment, it must be understood, is not limited by gender of either party, nor by superior-subordinate relationships. The fact that the parties may have had a previous consensual sexual relationship is not a defense against a complaint based on subsequent unwelcome sexually harassing behavior.

The University of Houston's Sexual Harassment Policy does not proscribe all conduct of a sexual nature on the campus; thus, it is important to clearly define sexual harassment: only unwelcome sexual conduct constitutes a violation. Conduct is unwelcome if the recipient did not solicit or incite it and regarded the conduct as undesirable or offensive. In other words, it is not the intent behind the sexual behavior that controls rather, it is the impact on the recipient, i.e., the unwelcomeness of the behavior that matters.

Reporting Sexual Harassment

If a student believes that he/she or someone else is a victim of sexual harassment, that student should inform an academic office and/or the Office of Affirmative Action/EEO immediately. The Office of Affirmative Action/EEO is located in Student Service Building II, Suite 154, 713-743-8835.

University Action

The University is prepared to take preventive and corrective action in cases of sexual harassment; individuals who engage in such misconduct and/or retaliation are subject to appropriate disciplinary action, up to and including termination of employment, removal of tenure and/or expulsion from the University.

Responsibility of University Employees

University policy commits the institution to preventing and eliminating sexual harassment in the university community. University supervisors, administrators, and faculty have the responsibility of preventing and eliminating sexual harassment within the areas they oversee. In addition, the University may be legally liable if a person with supervisory responsibility knows or should have known about the alleged sexual harassment and fails to take any action to stop it. University procedures do not require a grievant to file a formal complaint in order to trigger the University's responsibility to take some kind of action.

University supervisors, administrators, and faculty must report immediately any and all incidents or complaints of sexual harassment to an administrative officer or to the Office of Affirmative Action/EEO, even if such complaints or incidents have been resolved within the department.

University employees are encouraged to report immediately any and all incidents of sexual harassment to an administrative officer or to the Office of Affirmative Action/EEO.

References

Harassment on the basis of sex may be discrimination in violation of Title VII of the Civil Rights Act of 1964, 42 U.S.C. Sec. 2000e, and Title IX of the Educational Amendments of 1972, 20 U.S.C. Sec. 1681. In addition, sexual harassment by a public servant may be a criminal offense under Texas Penal Code Sec. 39.02, and sexual harassment by any individual may constitute assault, sexual assault, public lewdness, or indecent exposure under Chapters 21 and 22 of the Texas Penal Code or sexual assault under the University

TITLE IX GRIEVANCES AND OTHER DISCRIMINATION COMPLAINTS

The University of Houston prohibits discrimination on the basis of race, color, religion, national origin, sex, age, disability, veteran status, or sexual orientation except where such distinction is allowed by law. The University of Houston's *Title IX Grievances and Other Discrimination Complaints* is the process by which students may file discrimination grievances on the basis mentioned above. The procedure does not replace the Interim Sexual Harassment Policy, which shall be utilized for all sexual harassment complaints.

For the complete *Title IX Grievances and Other Discrimination Complaints Policy*, please visit the Office of Affirmative Action/EEO's website at www.uh.edu/ogc/oaa/aaeoo-policies.html or call 713-743-8835.

In case of an emergency, the University of Houston wants to reach all students through as many communication outlets as possible. The default system contacts students' e-mail at the uh.edu address. By updating personal contact information through the student PeopleSoft site, the university can notify you of school closings or other emergencies on your home phone, by cell phone, by text message, and at any additional e-mail addresses. This requires you to add this information to your personal information on PeopleSoft.

To update and add phone numbers and e-mail addresses to your personal contact file, log in to PeopleSoft Self-Service at <https://my.uh.edu>.

- If you don't have a password or have forgotten it, click "*Request a New Password*" on the login page and enter your ID number and date of birth. We will automatically send a new password to your UH e-mail. **If you don't have a current e-mail destination on file for your UH e-mail AND have forgotten your password, call the UH IT Help Desk at 713-743-1411.**
- Once you have your new password, go back to the login page at <http://www.uh.edu/myPeopleSoft> and select "*UH Self-Service*".

- You're now in the PeopleSoft Self Service site. The left-hand column offers navigation links including **Campus Personal Information**, or you can select Campus Personal Information from the links on the right side of the page.
- Clicking either link gives you two options including **Phone Numbers and E-mail Addresses**. Click each of these to make your additions for home phones, cell phones, home e-mail addresses, and especially your "*Destination*" address for your UH e-mail address.
- **Special note:** Please make sure there is an e-mail address listed in the "*Destination*" box (ex., suesmith@myEmail.com). A "*Destination Address*" is required for your UH e-mail to work correctly.
- Be sure to click the **Save** button after each addition to your personal contact information.
- Once you log out, your information will be available for use in case of an emergency.
